

MRS. EDDY WRITES A LETTER TO THE JUDGE

Says That the Suit Was Brought on Without Her Knowledge and Will Harm Herself and Students.

CONCORD, N. H., May 19.—A letter from Mrs. Mary Baker G. Eddy to Judge Robert N. Chamberlain, who is to preside at the trial of the suit of Eddy v. Frye entered, has been filed in the superior court.

It says in part: "An increasing demand upon my time, labors and thought, and a yearning for more peace and to have my property and affairs carefully taken care of for the persons and purposes I have designated by my last will, influenced me, to select a board of trustees to take charge of my property, namely: Hon. Henry M. Baker, Archibald McLellan and Mr. Josiah E. Fernald.

"I had contemplated doing this before present proceedings were brought, or I knew about them, and I had consulted Lawyer Streeter about the method.

"No person influenced me to make this selection. I find myself able to select the trustees I need without the help of others.

"This suit was brought without my knowledge, and is being carried on contrary to my wishes. I feel that it is not for my benefit in any way, and for my injury, and I know it was not needed to protect my person or property.

"The present proceedings, lost my trust in Divine love. My personal reputation is assailed, and some of my students and trusted personal friends are cruelly, unjustly and wrongfully accused."

TRAINMEN ELECT OFFICERS.

R. H. Morrissey Chosen President—Gompers Makes Address.

ATLANTA, Ga., May 19.—Grand Master R. H. Morrissey of the Brotherhood of Railway Trainmen was re-elected to head the organization for two years, having already filled the office for 12 years.

The other grand officers elected were: W. G. Lee, assistant grand master; D. R. Dodge, vice president; Newman and James Murdoch, vice-grand masters; A. F. Whitney of Eagle Grove, Iowa, was elected fifth vice-grand master, which office was created at the present convention. A. E. King was re-elected grand secretary-treasurer, and D. J. ORCHARD INTERVIEWED ONLY TO GET NEWS

Prosecuting Attorney Completes investigation—Another Venire of Jurymen May Be Needed.

BOISE, Idaho, May 19.—Prosecuting Attorney Koelsch yesterday completed his investigation of the circumstances under which Harry Orchard, the principal witness for the state in the Steunenberg murder case, was interviewed, and presented to the district court a report exonerating from the charge of improper motives all persons connected with the incident.

He found that the only motive the newspaper men had in interviewing Orchard was to obtain news of him. In announcing the report, Judge Wood said that it called for no action, and directed that it be filed.

Progress toward the completion of a jury is being made by expending the peremptory challenges allotted by law to state and defence, if by no other means. Up to adjournment the state had used five of its ten challenges, and the defence four of its ten, so that there remain unexpended only 11 peremptory challenges.

The special venire of 100 talesmen that reported in court last Monday was, at the close of Saturday's session, reduced to 26 men, and it is predicted that another special venire must be called about Tuesday in order to complete the jury.

The proceedings showed a sharpening of the contest between opposing counsel. Differences will be fought out and left to the court for decision.

22 PUBLIC 22 AMUSEMENTS

The popular play of the day depends to a great extent on the portrayal of the characters which are of a local nature. Thus "Shore Acres" deals with the inhabitants of the coast of Maine, "The Old Homestead" with the natives of New Hampshire, "Arizona" with the denizens of the far western state of that name, and "Human Hearts," which is to be seen at the Majestic Theatre this week, with a matinee every day, with the peaceful lives of those who live in the picturesque Arkansas hills.

"When Knighthood Was in Flower," the attraction at the Grand this week, might safely be named "Mary, Mary, Quite Contrary," for Grace Morley, the Mary Tudor of the play, who is at once imperious and loving, impetuous and deliberate, reasonable and inconsistent, kind and cruel, is off the stage one finds one's self awaiting only her return, so clearly does the piece centre about her wilful, madcap career. Up to adjournment on Wednesday and Saturday matinees a special holiday matinee will be given on Friday, Victoria Day.

At the Princess Theatre to-night James K. Hackett returns after a long absence, presenting for the first time here Alfred Sutro's stirring drama "The Mystery." This play has had enormous success both in London and in New York. Mr. Hackett has given "The Walls of Jericho" an elaborate equipment in a scenic way, and provided a strong supporting company. The Wednesday matinee will be omitted this week, but in its place a special holiday matinee will be given on Friday, Victoria Day. The Saturday matinee will be given as usual.

The bill at Shea's will be headed by Miss Charlotte Perry, in her sketch, "The Comstock Mystery." She plays seven character parts, making wonderful changes. The great Kingston family, eight in number, are the work of most marvelous costuming. Thomas and Carleton are called the up-to-date American talkers. The three Keatons have one of the best scenic comedy acts. The World's Comedy Four are one of the best singing organizations in vaudeville. Mr. and Mrs. Harry Thorne have a laughing hit, "An Up-Town Flat." Paul Barnes has a clever new monologue, and the kinetograph has reasonable pictures.

The Alcazar Beauties Company, with its bevy of beautifully-formed women, will double prove a great drawing card at the Star, where it will be the attraction this week. James P. Leonard and Clara Whitman, singing and dialect act; Billy Hart and Anna Vale, comedy sketch; McDevitt and Kelly, dancing experts; James and Davis, the Dixie minstrels; the Great Crane and company, in a musical act, and Bita Victoria, "the beautiful Venus."

Manufacturers DOMINION TOBACCO COMPANY MONTREAL

No. 28

It is probable that a special meeting of the city council will be held this week to prepare a plan for new street railway lines, now that the Ontario Railway Board has decided that the company should construct 15 miles of additional track.

Manager Fleming of the street railway said on Saturday that he did not think the judgment of the board meant that the company would be compelled to lay down 15 miles of new tracks. He thought that the railway would have the alternative, as provided in the agreement, of allowing some other company to construct the tracks. He remarked that he couldn't see just where 15 miles of new track could be laid down.

The manager's estimate of what lines might be advantageously constructed covered only four miles of single track, or eight miles of double track. The lines he proposes are:

Front to Bloor, via Bay, University and Queen's Park, 1.2 miles.

Lines on Victoria, Richmond and Slater-streets, three-fourths of a mile.

Lines on York, Church and Wellington, three-fourths of a mile.

Roncesvalles-avenue, one mile.

The order that passengers enter by the rear door and go out by the front, satisfactory to the railway. Mr. Fleming believes that the number of claims for damages against the company will be materially lessened, as he thinks that half of the serious accidents that occur are a direct result of attempts on the part of citizens to board cars by the front door.

BUFFALOES FOR THE WEST.

Herd Purchased by Canadian Government Will Be Shipped Soon.

CALGARY, May 19.—A train load of the buffaloes, which the Dominion government have purchased from Montana, will pass thru Calgary within the next week. There will be eighteen cars in the train and about 200 head of the old prairie kings on board.

The second train will leave some time in August, and will take more animals than the one coming thru this week. It is expected that there are nearly 500 head in the entire herd, which is being shipped to Canada.

The buffaloes will be shipped to Edmonton on the Canadian Northern, near which place their range will be.
