Junction Men Have Close Call-Old Man Wanders Away -General News Briefs.

TORONTO JUNCTION, July 30.-In police court to-day Mrs. Cook of York Township charged her husband, Henry Cook, with non-support of herself and child. Mrs. Cook asked that she be allowed to bring up the child, and that her husband allow her a regular weekly amount for their support. Police Magistrate Ellis granted her

request.

James Knight and Harry Gilmore, two of the boys who stole articles from C.P.R. freight cars, were dismissed. Wm. Cuddahee was sentence ed to the Broadview Boys' Institute. Reginald Miller's body was conveyed to Streetsville this afternoon, accompanied by friends and pall-bearers. The pall-bearers were the same as those who officiated at the funeral service yesterday, with the exception of two who were unable to be present. The funeral procession to the station started from Miller's late home and consisted of the hearse and four

mourning coaches. Wm. Kitley, aged 15, of 121 Queenstreet, Toronto Junction, had his foot crushed while playing in the railway yards. He was taken to Grace Hos-

Joe La Rocque and Wm. Green-shields, two C.P.R. employes, narrowly escaped death while in the dis-charge of their duties to-night. La Rocque, who is employed as a checker, and is a brother of the late Gordon La Rocque, were going west on a hand car when just before reaching the intersection of the C.P.R. main line, and the northern division, they were nearly run down by the Muskoka express, due in the Junction at 4.11. The express was traveling at a high speed and La Rocque and Green-shields jumped for their life and escaped uninjured, save for a slight shaking up, while the hand car was smashed to atoms. Bystanders who saw the affair declare that the escape was marvelous

HOUSANDS of Canadians in all parts of the Dominion are at this moment well pleased ex-members of our former Housefurnishing Clubs. Each and every one, without exception in shape, substance or degree, so far as we honestly know and believe, is ready to whole-heartedly endorse this plan of furnishing homes, from their own personal satisfaction and experience. It has proven the most liberal convenience ever offered to home members in this country.

The plan is simplicity itself. The benefit is mutual. There is absolutely no extra charge, and there are all the advantages that the membership necessarily entails. First, let us briefly go over the points of the plan itself, points which are, perhaps, already known to you from our former exposition of them.

First-It is a Housefurnishing Club-which means and includes Carpets, Curtains, Furniture and all the interior fittings of a home. We offer to admit 500 members to this Club and its privileges, charging not one cent of fee or interest. These are the said privileges in ten words:

A charge account at Simpson's—cash prices for the goods. There are no conditions, absolutely, other than an honest promise to abide

But, mind you, we limit the membership to house owners. We'll take only

500 accounts. The Secretary will be at your service to-morrow in the Housefurnishing Club Office, in the Curtain Department. Talk it over with him in person, if you can. Write, if more convenient. Join now. Take all the advantage, which is yours if you but choose to say the word.

bought to sell at 2-3 of regular price. Few, indeed, are the opportunities to make special terms with furniture makers this year. Prosperity has taxed their utmost output. We have, consequently, made the more strenuous efforts to secure such advantages for you. We have succeeded beyond even our expectations, and thousands and thousands of dollars' worth of new furniture is awaiting your inspection at practically the same figures that manufacturers at other times would charge you if you bought like we do, in carload lots. The goods are here, new, fresh, attractive, perfect and cheap. The question is-do you want furniture?
