THAT IS NATURE'S WARNING CRY.

It is sure indication of vital weakness and drain of vi-

tality. It at once tells you there is something wrong-sure

indication of sexual weakness or nervous trouble, failing

powers or diseases of the kidney and pelvic region. A

woman's backache tells of that weakness which makes it a la-

bor and agony to live. Weak back and its numerous causes can positively be cured at home by the patient applying to the aching spot a safe and successful method of electric treat-

ment, which gently and soothingly dispels the pain and saturates the whole body with renewed vigor, making life

worth living. Thousands have come to me, some of them

almost given up in despair as a last resort. Those are the people who to-day are shouting its praises and telling the world at large what Dr. McLaughlin's Electric Belt has done for them. My Belt is constructed as a remedy for certain diseases which it completely cures, even when all other known remedies have failed. The experience of those who have tried it and have been restored in the experience of

those who have tried it and have been restored is the evidence of its curative power. The following extracts have been given out of gratitude and you are at perfect liberty

Cures That Speak for Themselves:

I have worn your Belt. I was troubled with indigestion. I now feel like a new man without a pain or an ache and have gained eight pounds. Chas. Temple, Masonville Ont.

I am well pleased with the Belt I got from you. It has cured my back. The pain is all gone now, and I cannot praise your Belt too highly. Fred. Cattle, Wyccombo,

Your Belt has cured my back, and my health is much better. Ed. Robson, Hon-

Received your Belt over a month ago. The losses are entirely stopped and my general health is wonderfully improved. Clark Elliott, Sussex, N. B.

I have never begrudged the money that I spent in one of your Belts. I am glad now that I heard tell of the Belt. I have had so much benefit from it. lease Game, Grimeby Contre, Ont.

I am well satisfied with the Belt I got from you. It has strengthened my nervous system greatly. Geo. Overton, Chatham, Ont.

I am a well man, entirely cured by your Electric Belt. I am satisfied there is no better remedy when used according to your advice. John Mobio, jun., Hanover,

is the weak man's friend. I offer my Belts on terms that should prove satisfactory to the most skeptical people in the world. When I tell you "I will cure you before you pay me," that denotes confidence. I have that confidence, for my years of experience has taught me the proper way to apply electricity. You can use the Belt entirely at my risk, and if it does not cure you it costs you nothing. All I ask is that you give me evidence of your honesty by offering me reasonable security; you may then use the Belt at my risk and

PAY WHEN CURED.

CAUTION.—People write to me that they have used electric belts and received no benefit. I will explain why. They have been purchased from firms who have practically no more knowledge of electricity and the manner in which it should be applied than the black-

Dr. McLaughlin's Electric Belt is the only electric appliance that is sold where the patient is under the care of a physician until he is cured. The success of my electric appliance depends upon its intelligent application.

I have a nicely illustrated book which every man should read. I will send it, closely sealed, free. DR. M. O. McLAUGHLIN, 130 Yonge St., Toronto, Ont.

At the Grand. That fascinating and inspiring ronance, "Rupert of Hentzau," is the attraction at the Grand next week. INSURES LOVE AND A HAPPY HOME. This play has attracted more atten lon and drawn larger audiences than

during the last decade, and it is in compliance with repeated requests from managers who played the attraction last season that it has been decided to present it on tour for the coming year. The secret of its success lies in the fact that, while it is modern

The surprise is, that not only are they lowest on all the tenders calling for California asphalt, but once which specifies that Trinidad 21th called they under hid the local men. The contracts were awarded as follows:

the subsequent falling in love of the Pickwickians with half of the school. Then is shown the thwarting of Jingle's schemes by Sam Weller and his father. Then comes the visit of the club at Mr. Wardle's home, the various plans of entertainment, their numerous adore entertainment. of entertainment, their numerous adventures while there, the stealing of the lunch by the school girls and Polly, owing to the fat boy's irrestible inclination to sleep, the arrival of Mrs. Bardell, her nieces and lawyers, and finally showing how Winkle falls in love with Arabella, how Jingle carries off Mrs. Bardell, and how Pickwick is taken off home in a hay waron.

In "A Desperate Chance," the at-action at the Toronto Opera House ext week, the author has taken for next week, the author has taken for his theme an entirely new and novel idea, showing the great hypnotic power the famous Biddle Bros. had over the gentler sex. The play abounds with intense situations, holding the interest of its audience from the beginning to the end. Mr. Kremer has given his personal attention to the selection of the cast, and has, therefore, furnished us with an exceptionally strong company, embracing some of the best actors of the present day.

The Yoscarys Coming. As one of the head liners for next week Mr. Shea has secured the Yos-carys, three of the best acrobats ever seen in this country. They come on the stage in full street attire, and withut removing their overcoats execute he most difficult and marvelous acro-atic tricks. Everything they do is ntirely different from other acrobats, entirely different from other acrobats, and each new move astounds the audience. There is just enough comedy in the act to keep everybody in a happy frame of mind. O'Brien and Havel will be seen in a new skit entitled "Clicks and Tricks." The scene is laid in a broker's office, and the time early in the morning before the arrival of the proprietors. Nora Bayes, a very pretty woman, with a remarkable contralto voice, is a new comer in vaudeville. Last season she was with Roger Bros., singing their waterwith Roger Bros., singing their wate melon song with a chorus.

During the past ten days, there have een many burlesque and specialty or-anizations put upon the road, but few ganizations put upon the road, but few of them have kept pace with the times, like Rice and Barton's "Rose Hill English Folly Company," which has always been recognized among the leaders in its class. This band of clever comedians and handsome burlesquers has been kept in the front rank by the wideawake management of these hustling showmen, and each season has seen a stronger and better equipped company than its predecessor, while up-to-date ideas have always marked its performances. This season the comts performances. This season the com-nany has few superiors in its line of medeavor, and those who like only that which is brightest and best in ght extravaganza and clever vaude-lle, will find a treat in store for them the Star Theatre next week, begin-ing with the usual Monday matinee.

Lord Roberts entered Johannesburg, has returned here from the United States, where he declares he had an important interview with President Roosevelt. Mr. Dieptink's object was to see if it was feasible for burghers to settle in America. He says that thruout the interview President Roosevelt was entirely in sympathy with him and approved of his idea, and that he promised, if Mr. Dieptink could get a sufficient number of burghers, to grant them farms on the Indian reservations. Mr. Dieprink is now acting on these assurances, but it is doubtful if he can get recruits to go to the United States, as the burghers are showing no used in many places both for furnaces and ranges, and which we
