WE INVITE EVERY MAN AND WOMAN HERE

Every person in this city and vicinity who is run down, worn out, tired all the time, without appetite, or suffering from catarrh, head noises or deafness caused by

catarrh, to try the wonderful English formula

PARMINT

(Double Strength)

What it has done for others it will do for you

This is an invitation no man or woman can afford to ignore. We will tell you why. We are going to give you a wonderful discovery that users have had done for them. We have found in building them up, driving out the poisons from the system, relieving head noises caused by catarrh, revitalizing the entire system and putting the old ambition and pep into your body, we have obtained from England, a wonderful formula for enriching and purifying the blood, for putting the system in shape so that it can perform its proper functions, a scientific combination that does just one thing but does it remarkably well.

Men who were constantly hawking and spitting, with foul breath, dull, watery eyes, tired, worn out feeling, have, by their own testimony, been able to enjoy the pleasures of living, have been bettered to fight life's battle, as never before, through this wonderful English formula.

If you want to get up in the morning feeling fit, no dark brown taste, no dull headaches, full of ambition and fire, with feet light and active instead of weighing a ton, get a bottle of Parmint, double strength and mix it with a little sugar and water as directed. Take a spoonful four times a day. By the time half a bottle is gone you will be a new man. This treatment has been tried on over 200,000 men and women in many instances in so short a time the sufferer has been amazed. This new treatment that has proved such a boon to worn out, run down, overworked, catarrhal men and women is called PARMINT. Don't forget the name, P-A-R-M-I-N-T. Nothing so good has been discovered before.

No appetite, tired and discouraged and you will receive a bottle by return of the post in a plain sealed package. There is nothing better.

CAUTION—Parmint is a blood corrector and tonic. It is not a specific for blood poisoning. If you have a deep seated systemic disease Parmint is not recommended for you.

FARMERS ARE TOLD BY BORDEN PROTEST WILL AVOID NAUGHT

Premier Tells Big Deputation Necessity For Reinforcements Is More Pressing Than the Need For Increased Production.

OTTAWA, May 3.—[Special and Canadian Press.] With great deliberation Sir Robert Borden told about three hundred farmers at the House of Commons today that after giving serious consideration to the question of drafting farmers between the ages of twenty and twenty-two (inclusive) for service overseas, the Government had decided that the necessity for reinforcements was more pressing than the need for increased production.

The farmers from all sections of Ontario were headed by C. J. Thornton, ex-member of parliament for Durham, and after a long and heated discussion, morning waited upon the premier, Mr. Borden, Major-General McEwen, Hon. T. A. Cresser and Hon. Hugh Guthrie. Five of their number presented arguments against the conscription of young farmers, stating that their appeal was prompted in no sense by disloyalty, but rather by their desire to serve the country and the men at the front in what they considered the best way.

Forces to gather May 14. If the United Farmers of Ontario, which are to gather in force at Ottawa on May 14, to make representations to the Government regarding the new regulations under the military service act, are no more successful than were the 200-odd farmers who gathered here today, they might just as well remain at home. Today's deputation was composed of hard-headed agriculturists, most of whom had spent the winter of 1917-18 in the country for the past six months, most of whom had extended their area of cultivable land, and had increased their herds, confident in the assurance that the labor which they had not been taken away from them, provided that labor remained on the farm. They had been promised this by the Government seeking re-election.

M.P.'s Strong Advice. Rural members of parliament, representing the various constituencies from part in the organization meeting in the morning, and gave some good advice to the delegates. They begged, one after another, to be excused from having anything to do with the presentation of the Government in the afternoon.

A former member, J. A. McMillan, of Glenora, hinted indirectly that most of these members had voted against the Molloy amendment, which called for the exemption of farmers, and that it would be inconsistent to take an opposite view now that the order had been passed. Mr. McMillan's view was concurred in (by the members), but there was no enthusiasm visible in the faces of the delegates at having the whole burden of the task placed on their shoulders.

John Thornton was chosen to introduce the gathering. The man who moved that he do the job stated that he had formerly represented Durham, the seat now held by Hon. W. Rowell, and gave away which Mr. Rowell runs. "And he should still hold that seat," shouted a big voice from the audience.

Mr. How's Protest. But in the morning there were impassioned speeches from the rural members (while there was no ministerial answer). An Opposition member during the last election had given voice to the sentiments given voice to this morning by these Unionist members he "backed" and disloyal elements of the country. That is not to say that the speeches were devoid of common-sense. Not at all. In fact, many of them were very similar to those given by the Opposition candidates during the campaign.

But they were of no avail. Both the prime minister and the minister of militia and the president of the privy council declared flat-footed that there was nothing they could do for the farmers beyond advancing the commanding officers of the depot battalions to use their discretion and grant a couple of weeks' leave of absence to men who were required to finish the seeding.

The Government Order Stands. The premier told them firmly that reinforcements must be obtained. The Government had decided upon the only plan possible under the circumstances. He appreciated and called attention to the fact that the hardships suffered by the people of Canada were not shared by people in Great Britain and France. Sir Robert appealed to them to reflect on the onerous duties which devolved on the Government and to facilitate in every way the drafting of the farmers called out under the order-in-council. In conclusion he referred to the man and woman power, stating that industries would be given all possible assistance.

"Leave" For All Farmers. The minister of militia said that he had issued instructions to commanding officers to grant leave of absence to all farmers consistently following their occupation.

The delegation arrived here this morning and after organizing was received this afternoon by Hon. Messrs. Rowell, McEwen, Cresser and Guthrie. Mr. Rowell explained the situation before the House of Commons to the House of Commons to address the delegation before the House of Commons.

C. J. Thornton spoke for the delegation. He stated that last fall, and particularly during the election campaign, the farmers had been given special consideration, because they were in a position to contribute to the success of the Allies by furnishing food. As a result of this assurance the farmers had strained every nerve to increase their production, and in many instances had done things they would not otherwise have done.

In order to increase the stock of bacon they had loaded themselves up with breeding sows. They had bought in order to increase their acreage.

Mr. Thornton referred to the manpower of the country, declaring that

PAYING \$7,500 TO MAKE MOVIE STAR OF WHITE IS RAW, SAYS KENNEDY

[Special to the Advertiser.] Ottawa, May 3.—W. C. Kennedy, Liberal member for the riding of Ontario, has discovered that the people of Canada have a fine taste for movies. The only trouble about the whole matter is that they do not know as much about it as they should have.

In the expenses of the Ontario campaign in the picture of Sir Thomas White minister of finance, this amount was paid to pay in these days of stress, to perpetuate the fine figure and the smiling countenance of Canada's finance minister.

Of course, the country appreciates Tom White's picture as a movie hero, as shown in the act of paying some shekels to a beautiful maid for a Victoria home.

Sir Thomas is clad in the great and the near-ly with him. If the act of paying some shekels to a beautiful maid for a Victoria home is one as very good, except that it strikes the eye of the young man in the United States Government had to pay to put on the movie star of White in the picture of Sir Thomas.

Mr. Kennedy pointed out to the Advertiser that the American Government had paid \$7,500 in Detroit, and in words he said the man on the street, "Can you beat it?"

Rowell's Constituents Thank Hon. Mr. Murphy For Exposing Minister

OTTAWA, May 3.—Today a delegation composed of Durham County farmers, headed by Messrs. J. Dunbar, P. Dickinson, F. Haskell, C. Dickinson, and others, waited upon the Hon. Charles Murphy and formally thanked him for his exposure of the high record and methods of their member, Hon. W. Rowell.

The delegation in question formed part of a larger delegation of Ontario farmers who were in Ottawa to interview the Government on the subject of the new military regulations.

SENATOR GIVES THIRD READING TO WOMAN FRANCHISE MEASURE

Several Amendments Are Defeated in Short Order.

DISCUSSION RANGES FAR

Senator Cloran Suggests Following the German Plan to Stimulate Birth-Rate.

OTTAWA, May 3.—The bill giving votes to women secured third reading in the Senate today after provincial amendment Senator Cloran had defeated and after Senator Cloran had urged that Canada follow the example of Germany and stimulate the birth rate for the purpose of producing the population required by Canada.

The amendment to the salaries act was attacked by Senator Powers, who held that increase in the number of Government portfolios was an unnecessary extravagance.

Sir James Loughheed offered a measure to continue the disfranchisement of the Indians after the war.

Senator Dastwick offered his amendment to the woman's franchise bill when that measure was called for third reading. It was in the form of a resolution providing that the act should not take effect in any province until the province had conferred the franchise upon its own franchisees. In support of this he said it was only proper that each province should have the control of its own franchise.

VERDUN HEROES SAY VPRES S GREATER FIGHT

French Veterans Declare the Bombardment Most Titanic in Their Experience.

BIG HARVEST FOR '75'S'

French Artillery Tore Whole Battalions of Enemy To Pieces.

With the British Army in France, May 3.—Veterans of the defence of Verdun, predominated among the French soldiers who so gallantly defended the fortress against the Germans. Many of them had fought at Fleury, and they knew what had happened there. They declared that Verdun was child's play compared to the conflict in Flanders received by the British.

The bombardment at Verdun had not been a high concentration of guns of all calibres, but, say those who were there, it was nothing compared to the attack on Verdun. The French artillery tore whole battalions of enemy to pieces.

At times the French 75's got into heavy concentrations of infantry and literally tore them to pieces. The German losses in many instances are placed as high as 40 per cent.

The work of French gunners with machine-guns was noteworthy. They refused to rest, and kept at their task. The rationing of one famous regiment which fought at Verdun was a great feat. It had always been noted for its high morale and its fighting spirit. Part of the time the rationing was great quantities of gas through the air. French had only twelve casualties from the gas, according to the latest reports, which speaks eloquently of the efficiency of the French gas masks.

GOT WET FEET, TOOK AWFUL COLD COULD NOT SLEEP FOR COUGH.

A bad cold accompanied by a distressing cough that keeps you awake at night is most aggravating, and unless it is attended to at once may develop into something very serious.

Dr. Wood's Norway Pine is the remedy you should take. It heats the mucous surface, relieves oppression and tightens the chest, removes the accumulation of phlegm, quiets the most obstinate and distressing coughs, and secures rest, and sleep at night, not only to the sufferer, but to others whose rest would be otherwise broken.

Mrs. Elizabeth Acker, Lake Pleasant, N. S., writes: "I got wet feet and took an awful cold, could not sleep at night, and would do nothing but cough. My husband got me a bottle of medicine, but it was not worth bringing home. I was going to call the doctor in when my friend asked me to try Dr. Wood's Norway Pine Syrup. I told her I had a little faith in it, but she urged me to get a bottle. I did, and I must say that of all the medicine I ever took, it is the best, and relieved me the quickest of anything I ever saw."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark; price 50c and \$1.00; manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

TORONTO CHILD KILLED ON STREET BY AUTO

Toronto, May 3.—Four-year-old Rose Filton was killed and killed this afternoon by an automobile on Simcoe street, near the corner of Nelson. James Renne, who was driving the car, rushed the child to the general hospital, where she was pronounced dead.

SOLDIER'S EYESIGHT RESTORED BY SURGEON

Washington, May 3.—Blinded by a shell explosion at the battle of Gallipoli, a Canadian soldier, Thomas Skelly, an Anzac private, had his sight restored here today by a simple operation on the vertebrae of his neck. Examination of Skelly, who has been recovering in the hospital at the University of Toronto, showed a vertebrae at the head of the spine displaced out of position, and a correction easily was made, with the result that the boy's eyesight was restored. Physicians explain that the displaced vertebrae had impaired functions of nerves indispensable to sight.

CARDINAL BEGINS ASKS PUBLIC PEACE PRAYERS

Quebec, May 4.—In a circular letter addressed to all the clergy of his diocese His Eminence Cardinal Beaudry has requested that public prayers be offered up for peace in all the churches during the months of May and June.

He has also requested that the clergy of his diocese should be the first to turn their thoughts towards God to offer generous reparations for the sins of the world and to obtain through His mercy the termination of the calamities which are spreading desolation in this earth.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet so I was all run down and so weak I could not do my household work, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.
