# LITTLE VIOLET HARLOCK

MEETS INSTANT DEATH

Mimice Girl Touched Live Wire-Playmate Who Ran to Help is Severely Shocked.

MIMICO, May 1.—(Special.)—Little 6-year-old Violet Harlock was killed, and her playmate, Cecil Johnston, 13 years of age, just escaped a similar fate by coming in contact with a live wire on Church-street, in Mimico,

Saturday afternoon.
Several children were plyaing in the neighborhood of the fallen wire, all unconscious of their terrible danger, when the screams of their little play-Little Violet, in passing under the wire, had grasped it in her little hand so as to remove It from her path. Immediately she fell to the ground, and the other children rushed up to see what was

the matter with her. Cecil Johnston, aged 13, realizing her danger, went to her assistance, and tried to separate her from the wire. He, too, was thrown to the ground and the shock he received al-

most ended his life.
Immediately Drs. Godfrey and Serson were called, and arrived on the scene shortly after. Drs. Forbes Godfrey, the town coroner, stated that the death of the little girl had been in-stantaneous, and that the boy had had

a narrow escape.
Several citizens of Mimico say that the wire had fallen on Friday night, and that the Interurban Power Co., who own it, had been notified several times, but had done nothing to ensure

the safety of the public.

Dr. Godfrey will hold an inquest in Wednesday night. James Harlock, the father of the unfortunate child, is employed as foreman in the G.T.R. yards at Mimico, and Alex. Johnston, father of the in-

jured boy, is a Mimico milk dealer.

LABORITES AND SOCIALISTS Celebration of May-Day Brings Them Together at Labor Temple.

Yesterday was May Day and its significance was the universal celebratio as Labor Day by the socialist party. In Toronto, big meetings were held afternoon and evening in Labor

Temple with large attendances. The chair was occupied by Fred Bancroft, who is an ardent socialist and a member of the District Trades and Labor Council, and, as pointed out by him in his address, the fact that the council was represented was assurance that yesterday had no doubt seen the beginning of a more united movement between the labor and the socialist parties.

"It is quite clear," he said, "that the young men in the labor movement are recognizing the principles of so-HOW RAILWAYS PLAY THE GAME

Convocation of Canterbury Also Pass on Resolution Favorable to

Mild Sunday Recreation. LONDON, May 1.-The convocaion of Canterbury, which is to the Church of England what parliament is to the country, has been in session the past week. The proceedings have not ben deemed of sufficient intrat to rport in the newspapers except the discussions of the diverce law and

Sunday recreation.

The debates on the proposed changes in the divorse law showed strong feeling against increasing the facilities for obtaining divorce. The Bishop of Southampton said the rich could afford to pay the cost of divorce procedure and the poor were unable to pay. Therefore the question was whether they desired to make divorc asir for th poor, or should they not rather wish to make it more difficult for the rich. Another point discussed was the proposal to abolish the existing inequality in sexes under the divorce law. The Archdeacon of Birmingham opposed the proposal, saying women should have to prove cruelty as well as adultery. If adultery alone sufficed for a divorce divorces would greatly increase. The change would tend to enhourage sin. The proposal, however,
