ROYAL BANK WILL OPEN BRANCH IN LONDON, ENG.

Leading Official of the Bank of Scotland Has Accepted the Position of British Manager.

MONTREAL, June 29.—(Special.)—The report to the effect that another Canadian bank, following in the wake of the Bank of Montreal and the Canadian Bank of Commerce, would open a branch in London, Eng., was fully confirmed today.

Mr. Torrance expressed the greatest possible satisfaction at the latest turn of affairs, as the new London office would place the Royal bank in a more favorable position as compared with the other Canadian banks in dealing in exchange and the flotation of municipal and other securities.

While in the office of the Royal your correspondent asked if it were true that the bank had made a great deal of money out of the Nova Scotia deal, and Mr. Torrance replied that they had got their money with interest, although the bank had never been any trouble about the debt, as the value of the Dickie limits increased a great deal more rapidly than the interest accrued.

The Royal people still decline to talk about the alleged merger with the Union of Halifax.

KINGSTON GETS CONTRACT

For Building New Steamer for the Quarantine Service.

KINGSTON, June 29.—(Special.)—The government has awarded the contract for building a steamer for quarantine service at Green Island, to the Kingston Shipbuilding Co. She will have a total length over all of 118 feet 8 inches, and the length between perpendiculars will be 73 feet 3 inches.

A new light has been cast on the mysterious disappearance of the will of the late Joseph George. In an affidavit the Abbie says that George told him that he burned the will. The affidavit of another man, however, is that two nights after George died, he was in the kitchen and saw the will in a box which he supposed contained the will. Two others make affidavits denying this. The widow states her husband never told her he had a will.

Wm. D. Derry, aged 66, a mason, fell from a ladder thirty feet and had a serious escape. No bones were broken.

As the result of an agitation of the merchants for paving the principal streets, the board of works will take up the matter.

FAMOUS MAN A SUICIDE

Notable Musical Conductor Kills Singer and Himself.

STUTTGART, Germany, June 29.—Dr. Aloys Obst, the famous musical conductor, and Anne Sutter, a court singer, were found dead together today. Both had been shot. Appearances indicated that one had been murdered and that the other had committed suicide.

Obst was born at San Remo, Italy, in 1867. He conducted the royal opera here in 1907 and 1908. He was of Swiss-Scottish descent. His mother came from the north of Scotland, while his father's family have been engaged either in the government service or in agriculture in the vicinity of Zurich for 600 years.

Dr. Obst had made Weimar his home since 1875, and for many years had occupied the Villa Alisa. He was a director of the Liszt Museum and was appointed a royal conductor by the King of Wurtemberg. He was the author of several contributions to musical literature, upon the subject of which he was regarded as an authority.

Baron is a Spy. ST. PETERSBURG, June 29.—Baron Sternburg, who was placed under arrest a few days ago by the secret police, after a search of his apartments, has been formally charged with communicating to Austria a report of a secret sitting of the Duma dealing with the new distribution of the Russian army.

Bobs in Defence. LONDON, June 29.—Lord Roberts presiding at the National Service League to-day, said they must persevere in educating public opinion to the fact that they could not hope to guard the empire unless the defence of the country is to depend upon the whole people being drilled in the use of peace to defend hearth and home of the country when attacked.

Wrong Address. John McPherson, arrested on a charge of stealing a bicycle, did not live at 158 Sumach-street, as reported.

THE DOMINION PERMANENT LOAN COMPANY

12 King Street West

Notice is hereby given that a dividend of three per cent. (3 per cent.) for the six months ending June 30, 1910, BEING AT THE RATE OF SIX PER CENT. PER ANNUM, has been declared on the Permanent Stock of the Company, and is due and payable at the office of the Company, 12 King Street West, Toronto, on and after the 2nd day of July, 1910.

Notice is further given that the Transfer Books of the Company will be closed from the 15th to the 30th inst., both dates inclusive.

F. M. HOLLAND, General Manager.

Realty and Building

The Dominion Bank has bought from Armstrong and Cook, real estate dealers, the southeast corner of St. Clair-avenue and Dufferin-street. This prominent corner on two leading thoroughfares is at present the centre of a rapidly increasing population, to whom banking facilities will prove a great convenience. The bank will be near the Oakwood Collegiate Institute now under construction on St. Clair-avenue, and on the northwest corner of Northcliffe.

SOME WESTERN DISTRICTS SAY HEAT'S KILLING CROPS

WINNIPEG, June 29.—(Special.)—It is somewhat cooler in Saskatchewan and Alberta, and considerable rain has fallen in Moosejaw district, relieving the situation here, but so far as Manitoba is concerned conditions have not changed in the past 24 hours. The heavy thunder showers promised have not materialized so far, and temperatures of over the hundred mark were recorded at several points yesterday and will be again to-day.

High parching winds continue. Apparently there is great discrepancy regarding estimates of the present crop condition, some experts holding that with cooler weather and good rains in July wheat will pick up again, while others think the damage already done is irreparable. There is a suspicion that many farmers are exaggerating conditions to boost prices.

BRANDON, June 29.—The drought continues with no indication of rain and unfavorable reports are coming from all districts. On light land wheat is brown and farmers say no amount of moisture can save grain on such land.

MELITA, Man., June 29.—Conditions of crops in this district have changed owing to hot, dry winds. About 30 per cent. of wheat crop has withered and brown if rain does not come in a day or two the crop will be a total failure here.

OSAGE, Sask., June 29.—The ground is quite moist, but is suffering from the intense heat. The yield will be considerably reduced, and a continuation of the heat will be disastrous.

ARCOLA, Sask., June 29.—The intense heat here was broken by a wintry electric storm with heavy rain, greatly relieving the crop situation.

PRINCE ALBERT, Sask., June 29.—Crops in this district have not suffered to any great extent from lack of rain. A heavy shower passed over the district last night.

RARE ACCESSION TO LIBRARY

Share of Carroll D. Wright's Labor Books Secured.

The public library has been successful in getting a share in the bequest of the famous "Labor Library" of the late Carroll D. Wright, who from 1885 to 1902 was the commissioner of the National Bureau of Labor of the United States.

While the public library has added during the past year a particularly large number of books on economics, politics, trade relations, and the problems of labor and capital, this may be regarded as the greatest single accession on matters of current interest that the library has ever had. It fills nine large cases.

An interesting single item is an autograph in getting a share in the bequest of the famous "Labor Library" of the late Carroll D. Wright, who from 1885 to 1902 was the commissioner of the National Bureau of Labor of the United States.

BIG RATE REDUCTIONS

U. S. Railways in the West Must Cheapen Freight Charges.

WASHINGTON, June 29.—Decisions were handed down to-day by the interstate commerce commission—counting electric street cars, heavy freight rates, both class and commodity—on all transcontinental lines operating between the Atlantic and Pacific oceans.

In every instance reductions in the existing rates complained of were made and in some instances they amounted to nearly fifty per cent.

No Royal Salute. Possibly, for the first time since confederation, there will be no royal salute fired in Toronto on Dominion Day. It has been the custom in the past to have a salute fired by the 9th battery C. F. A.

This year, however, their guns were left at Petawawa for the use of other batteries, and the old 9-pounders from the old fort, which would have been naturally used under the present conditions, have been dismantled.

Fined for Abduction. A wedding was one result of the charge of conspiring to abduct brought home to George Dearlove and Bella Godeherm in police court yesterday, with a fine of \$50 for the man and \$25 for the woman. Finding themselves named together in a summons, they further joined their names Tuesday night on a license and a certificate. They had been engaged. Of the fines, \$50 goes to the parents of May McIntyre, the abducted, for recompense for the money spent in recovering custody of the child.

IT IS SO EASY TO OWN A HOME

Every young man, middle-aged man or old man, earning wages should not lose a day in making a start to own his own home for the sake of himself, his family and his children. We have placed on Home Owning on a basis as easy as buying a piece of furniture. We sell a building lot at a low price, and give possession on a small payment down. The purchaser can then start building at once, and by living in a tent or temporary shelter while he is building a house, the owner can practically pay his way with the money formerly paid out in rent. Lots in the

HUMANE SOCIETY AFFAIRS

Will Have a Tent at the Next Exhibition.

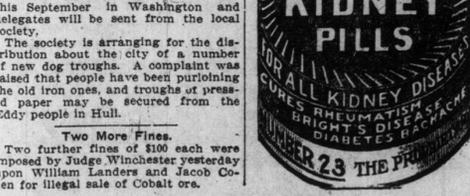

The various reports read yesterday afternoon at the regular monthly meeting of the Humane Society all showed progress in the different branches of the work. The treasurer's report showed a balance of \$683. Announcement was made of the receipt of a cheque for \$400 from the lady friends who promoted the tent room at the horse show.

It was decided to run a tent at the annual exhibition this year for the purpose of advertising the work of the society. During the past month, Staff Inspector Kennedy reported that 50 cases came before his notice resulting in 19 prosecutions.

Special stress was laid on the first International Convention, along the line of humane society work, ever held in America. The convention will be held this September in Washington and delegates will be sent from the local society.

The society is arranging for the distribution about the city of a number of new dog troughs. A complaint was raised that people have been purloining the old iron ones, and troughs of pressed paper may be secured from the Eddy people in Hull.

Two More Fines. Two further fines of \$100 each were imposed by Judge Winchester yesterday upon William Landers and Jacob Cohen for illegal sale of Cobalt ore.

constructed to make it easy to flag the jurors, and this case is a good example. The jury was packed from the start.

"One juror was the king-pin of them all. It is strange that men who have been hanging about the court room day after day, almost minute after minute, should have been detected in a building across the street from the jury room, and should walk off arm in arm with the jurors who stood for acquittal."

Notwithstanding the statement of several jurors that they stood eight to ten for conviction through Mr. Wayman declared that the jury at one time stood 11 to 1 for conviction. The jury were out over 100 hours. The jury took 24 ballots.
