Baseball 14 Leafs at Petersburg

Boxing Morris Won From Fulton

THE LEAFS' INFELD IS NOW COMPLETE

Dawson Graham Arrives in Petersburg in Good Condition—Starts Work Today.

Petersburg, April 4.—Dawson Graham arrived today and the infield worry is over. He has been working out at his home in Nashville for three weeks and is in excellent shape. Allen is making good and may have a job in the outfield. He is the property of the Petersburg club, but a deal can be arranged if he suits Manager Lajoie. The pitching staff needs bolstering, and at once.

Word has been received that Fred Herbert has retired from baseball, and Cliff Markle says that he wants none of the summer game. The Braves and the Yankees play here tomorrow, and Ross and Tipton will likely be left with the Leafs. This will help. Another pitcher and an outfielder have been promised from a big league club, and the names will be available before the week is out. This should round out the club. Graham will be out to practice tomorrow. The squad, which now numbers fourteen, had a great workout today. The weather was real warm and the season long.

Irvine Trout has been showing some nice work at the infield practice field and can be called upon at any time to fill in. He is in better shape than a year ago.

The new pitcher added to the staff, Dan Wagner, has size if nothing else to recommend him. He will be given a thorough trial by the far-seeing Larry. He was with the St. Louis Cardinals for a short while last fall. Thompson is not carrying an extra pound and it will take careful work just to keep him from weakening himself. He has already started to bend them and he is counted upon to pitch the opener at Baltimore. Lyons and Martin, the kid heaters, are getting a careful drilling and may grab steady jobs.

Benny Meyer is about the most advanced player left in the club. He had close to a month's work in Hot Springs and finds no trouble in chasing the long runners in the outfield. Trout will likely be one of his partners in the outer works on opening day. It remains to be seen who can be secured to fill the other gap. In the catching department the Leafs have two men. One is the former St. Louis catcher, Bill Kelly. The latter is much lighter than a year ago and seems earnest in his efforts to make first-class shape. With Kelly going like his first year with the Leafs, it would seem the anxiety, Williams, the former Rochester backstop, is on his way to the camp. It will be a three-cornered fight for the job of first backstop.

The catching and infield departments look to be O.K. Pitching staff, experience and at least one hard-hitting outfielder, are what is needed to make the team respected by the other clubs. Larry is bound that he is going to have a club that will be in the fight and he is going to get the men needed. Larry has been looking over the American Association and expects to find what they are looking for.

The Leafs will have a tough battle on their hands in the inter-league series opens, and the big Frenchman wants at least a few more in the League club that will not be disgraced.

Giants and Tigers They Talk and Fight

The Giants and Tigers are leaving a trail of shattered nerves behind them as they rack their brains to win the country, the cause of this being the ninth-innings finishes which McGraw's men persist in putting on every day. Monday the valiant stand of the Big Town hurlers in the final frame of the game in Wichita Falls availed them nothing, as the Tigers held too big a lead to overcome, but it demoralized the team which will fight to the last ditch for every game it plays. The defeat of the Giants was due solely to the inefficiency of Rube Benton.

McGraw McGraw had the better of the argument with Ty Cobb in the light argument. Ty Cobb says: "I quit because the game is not being conducted properly. The Giants singled me out for roughing, and they certainly did hand it to me. Herzog started the fight when I slid into him, and the umpire permitted him to remain in the game after expelling me. From other angles it looks as if McGraw is running the series and the umpire."

"I am not a fighter, either by nature or ability. If I must fight my way through baseball, I'll quit the game. I want to be in shape to do my team justice and earn my salary when the American League season opens. That's why I don't care to take a chance on getting hurt in these games."

T. J. McGraw says: "The plain truth of the matter is that Ty Cobb is a sore loser. He ran out because his bluff was called, and called promptly. Because we will not permit him to jump into players with his spikes, he has taken his bat and mitt and gone away in a huff. I thought he was a game player, but he's yellow. I hate a quitter. In my days I've taken many a wallop, but nobody ever said I ran away. Cobb has been telling everybody that he won't play because the umpire has no power to protect him, that the Giants are laying for him, that I have singled him out for abuse, and that an influencing Bill Bremmen to shade some decisions in our favor. He gave these reasons yesterday as his alibi. They are all lies."

TED LEWIS BOXES TOM LORE TONIGHT

The Lieut.-Governor, Mayor Church and Marquis of Queensberry Will Attend.

The lieutenant-governor, Mayor Church and the Marquis of Queensberry are among the invited guests to the military boxing tournament at the Arena tonight, when Ted (Kid) Lewis of England, champion welterweight of the world, will box Tommy Lore of New York six rounds at 142 pounds. Lewis left New York last night with his manager, Jimmy Johnson, and will arrive in Toronto this afternoon. He will be the guest of the Sportsman's Patriotic Association while in the city. Lewis is giving his services free of all charge, and his generosity appeals to all good sportsmen. Lewis and Lore will furnish the wind-up.

Hamilton is sending a big contingent down to see Battling Johnson of Syracuse go up against Johnny Burns of Rochester in a ten-round bout at 125 lbs. Johnson has won two of his last three bouts by the knockout route, and the Hamilton fans claim him as their own. Burns is a fighter with a kick in either hand, and it should furnish ten rounds of the fastest milling ever seen in Toronto. Pete Scott, the Hamilton Indian, will have to be at his best to stay the route.

An inter-city ten-round bout of great interest is that between Sgt. Jack McCracken of Hamilton and Scotty Lerner of Toronto. McCracken has developed into a corking good fighter, and Lerner will have to be at his best to stay the route.

There will be eight military bouts for the district championships in all classes, with prizes of \$100. The first bout will be between Sgt. McCracken and Scotty Lerner.

Wounded soldiers have been invited to occupy the boxes, and the ring has been placed close to "Millionaires' Row," so that the bleachers will have a good view of the proceedings. The first bout is carded to start at 8.15 o'clock.

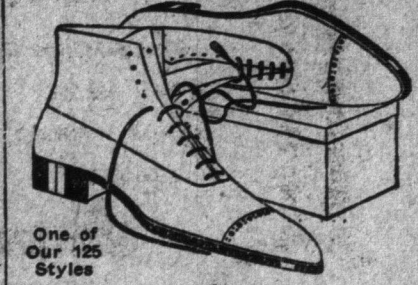

O.F.A. Semi-Annual To Be Lively Session

The semi-annual meeting of the Ontario Football Association, which will be held in Hamilton, on Saturday, promises to be one of the liveliest sessions in the history of that body. The Toronto and District officers are going up in full force to strenuously oppose the affiliation of the new Province League, which is composed of clubs in Toronto and Hamilton with promises of teams from St. Catharines and Brantford.

The referees have also applied for affiliation to the A. F. A. and probably the officials of the T. & D. will also object to their admission, as the referees have up to the present always affiliated direct with the Toronto and District. Several other important items are down for discussion.

KARL KEFFER LOST TO GEORGE CUMMING

Open Golf Champion Here on Last Visit Before Going Overseas, but Loses Match

This golf season was ushered in very quietly this year for the obvious reason that this popular sport has developed itself into a means of exercise during wartime, but yesterday an impromptu match was staged at the Toronto Golf Club, and it was probably the first of the season. Karl Keffer, open golf champion of Canada, arrived in the city from Ottawa to pay his respects to his family and the members of the profession in Toronto before he leaves for overseas, and Geo. Cumming immediately challenged him to a match and defeated him by three up after eighteen holes of strenuous play. The game was played on the winter greens, which are still in use, but, despite the handicap, two fine cards were turned in.

Keffer was in good form, but Cumming was forcing the battle going out and secured an early lead, which stood him in good stead on the return journey. The Toronto pro. took the first five holes, lost the sixth and eighth, but captured the seventh and ninth, leaving him five up at the turn. Coming home the struggle was terrific, and every hole to the thirteenth was battled, giving the struggle to Cumming by five up and four. The sixteenth went to Keffer, the seventeenth was halved and Keffer took the eighteenth, leaving Cumming three up on the game. The cards read as follows: Cumming—4 4 4 4 4 3 4 5—36 Out—4 4 4 5 4 3 3 4—37 Keffer—5 5 5 4 5 3 4 3—40 Out—5 5 5 4 5 3 3 3—39

Sapper Karl Keffer, as he is now, having enlisted for overseas in the Canadian Engineers at Ottawa, has been one of the most successful golf professionals in the country, and to club the Royal Ottawa Golf Club is a credit to his status as a pro. Keffer learned the game at the old Toronto Golf Club and graduated from the shop of George Cumming, so that Cumming's victory was all the more pleasing to him, as he defeated his first and best pupil. Keffer's mother and Aunt Sam also live in Toronto, and he is now visiting them, and will return to Ottawa on Sunday night. His unit is soon to be sent overseas and he will take with him the best wishes of the Canadian golfing world, where he is a prime favorite. Cumming at one time was a star hockey player, and in the Toronto city leagues over ten years ago starred on the forward line of several east end teams.
