DRYGOODS PRICES LIKELY TO RISE

Says A. R. Auld, Retiring Chairman Drygoods Section, Board of Trade.

Wholesale drygoods section members of the board of trade met yesterday to elect their officers for 1920. A. R. Auld, the retiring chairman, made the following address, in which he pointed out that prices, far from receding, were likely to increase all along the line.

"The drygoods trade of Toronto and province should not let the year pass without expressing appreciation of the work done by the Canadian manufacturers of textiles. No branch of business has done more in the way of production and to stabilize trade than they, and, moreover, where they have been able to manufacture their goods from the raw materials (that is, not having to buy their yarns) they have placed their goods on the market at a lower price than have the manufacturers of any other country in the world. They have also succeeded in distributing their goods fairly, giving preference possibly to those jobs who gave them the preference prior to these difficult times.

"The past year was satisfactory and the present year to date is equally so. The market for dry goods today than twelve months ago. Largo stocks manufactured (and in \$200,000 worth of goods) for the armies have been converted and consumed by the civilian trade. Prices still higher. "Authorities twelve months ago suggested the possibility of lower prices after March and in assuming this possibility it was thought that the 1918 high prices would hold during the first six months of 1919, and that we might then look for reductions. Unfortunately for these authorities, the reverse has been the case. Prices receded somewhat in all lines except linens the first months of 1919. Since May there have been increases all along the line, and the end does not seem yet. This applies more intensely to the finer lines in woolsens, silks, cottons and linens. There has never been anything like a receding in price at any time and today the market is perhaps more bare of these goods than any other textile. This, with other factors, has tended to create a greater demand for the supply, and the corresponding increased advance in price.

"With regard to silk in its various forms, prices have advanced recently in a greater ratio than perhaps even woolsens or cottons, but in the face of this the demand for such articles has been so great there is said to be large quantities of raw material held in Japan that might fetch prices in the market. "Much has been said about the export trade, and there is no doubt that the Canadian manufacturer's goods in foreign markets where they might have been in competition with higher prices."

BNAI BRITH LODGE HEARS JOHN A. TORY

Sun Life Insurance Official Gives Talk on Canadian Citizenship. At the first bi-weekly luncheon of the Bnai Brith Lodge, held at the Prince George Hotel Tuesday, John A. Tory of the Sun Life Insurance Company gave a most inspiring talk on "Canadian Citizenship." He showed the great diversity in religion, race and nationality of the Canadians, and urged the necessity of the elimination of all class distinction for the greater good of a greater Canada. Canada, with an area of 100,000 square miles greater than that of the United States and Alaska combined—comparatively sparsely settled, with less than nine million people and with natural resources scarcely touched, has before her an era of tremendous development, which requires the unified action of all peoples cemented by Canadian citizenship into one solid unit. By that method alone can Canada develop as it should and achieve the place among nations that it justly deserves. This was the first of a series of bi-weekly luncheons to be held by Toronto Bnai Brith. The attendance was large and enthusiastic, and the affair was acclaimed a big success.

WILL OPPOSE RED ARMY; DENKINE AS LEADER Novor Ossisk, Caucasus, Feb. 17.—A special council representing the Don, Danubian and Terek sections with a population of 3,800,000, agreed at a meeting at Ekaterinodar to oppose the Bolsheviks under the leadership of Gen. Denkine. The desire for a more democratic government was expressed, however, a minority of the council favored fighting only in Cossack territory. The council desires to make laws until a constituent assembly is possible. The ministers appointed will be held responsible to the council, except the ministers of war, railways and supplies, who will be responsible to Gen. Denkine, the council being willing to grant Denkine the power to veto. The newspapers are untrammelled in the territory Denkine is holding and apparently are generally demanding a more democratic government.

The clerk was directed to take thirty cases which have been on the list for some time and place them on the preliminary list for Thursday. Unless good cause for retaining them on the list is shown they will be struck from the list at the opening of court.

LIBERTY LEAGUE MEETS IN CAMERA

Press of Business Prevents Statement on Raney Fight. The delegates to the Citizens' Liberty League convention were in private meeting all day yesterday. A statement of the results arrived at on the various matters under discussion was due for issue to the press last evening, but owing to the stress of work placed upon the shoulders of the league officials, they were unable to draw up any detailed statement for publication until today. When five o'clock The World was able to gather the informal statement of the delegates had come to no definite decision in regard to placing a candidate in the field to fight against Mr. Raney in East Wellington. It was understood the matter is held over for further consideration. If the league's officials can spare sufficient time from their duties today to prepare an official statement of the business transacted, the public will know on Thursday the decision the delegates arrived at on Tuesday.

WORLD STAFF MOURNS MISS ELEANOR MILLOY

After a very brief illness of influenza followed by pneumonia, Miss Eleanor Milloy died early Monday morning and was buried yesterday afternoon from the home of her parents, Mr. and Mrs. A. E. Milloy, 13 Montague street. A sister, Mrs. P. Moffatt, her parents and a host of sorrowing friends mourn the loss, not the least of these being her associates on The World staff. The late Miss Milloy, who was only 19 years of age, was a gifted vocalist, with an exceptionally sweet contralto voice, and was at times soloist and a member of St. James' Square Presbyterian Church choir. The pastor, Rev. D. N. Morden, conducted services at the home and at Prospect Cemetery. Many floral tributes were laid on the coffin by her friends and associates, among them being a wreath from The World staff, which was represented at the funeral by Mr. F. Richards, Mr. A. N. Bastedo and Mr. Charles Meek.

ICE-BOUND STEAMER IN PORT AT LAST

St. Johns, Nfld., Feb. 17.—The steamship Prospero, after being for eight weeks jammed in the northern ice flow, with 60 passengers on board, and 15 members of the crew, reached Twillingate last night. The coastal steamer Prospero has been eight weeks ripped in a heavy northeast of Pogo. An in-shore wind, it was feared, would have the effect of forcing the ship on the rocks last week, but westerly winds loosened the ice. For the past three weeks the sixty passengers and the ship's crew of fifteen have been short of raw meat and supplies had to be taken to the ship by landmen over the ice on sleds hauled by men.

Rev. and Mrs. Robert Hall Celebrate Golden Wedding

A large number of friends met at the home of Rev. and Mrs. Robert Hall last evening to congratulate them on the fiftieth anniversary of their marriage. Amongst these were Rev. John Neil, D.D., president of the City Mission; Mr. Charles McD. Hay, chairman of the executive; Mr. Harry L. Stark, treasurer, and Mr. W. D. Steele, also a member of the executive, and a number of other friends. Many letters of congratulation were also received. The president in a short address spoke very highly of the splendid services rendered by Mr. and Mrs. Hall in their work among the poor of the city during these 55 years. He then called on Mr. Stark, who in a few fitting words of appreciation, presented Mr. and Mrs. Hall with a purse of gold. This was followed by Missionary Orsborn, who, representing the other missionaries and volunteer workers, also in a very few words of appreciation of Mr. and Mrs. Hall's services and fellowship, presented them with a small basket of gold. Mr. Hall in replying spoke with evident feeling and more eloquent testimony of the hefulness of Mrs. Hall, without which he could not have borne the responsibilities nor attained the success which had attended the work during these years.
