RAWLINSON SCHOOL OFFICIALLY OPENED

Trustee Leads Two Youngest Pupils Into New \$200,000 Building.

WYCHWOOD.

Among the out-of-the-usual features which were witnessed at the official opening of Rawlinson School, Glenholme avenue, yesterday were when Trustee M. Rawlinson, after whom the building is named, led into the school the two youngest pupils, Victoria Critchell and Kenna H. Edwards, the former holding an apple in her hand and the latter his penny bankbook, and later, when the pupils marched from the six portables, hither to in use, around to the front of their new quarters, where they lined up on the steps and platform with the trustees and officials in the background. Here the party was frequently photographed, a special picture being taken of Trustee Rawlinson and the two young children above named.

Chairman McClelland asked the children to take as good care of the new educational home as if it were their own domestic home. After the children had repeated the third Psalm a prayer of dedication was offered by Trustee Rev. H. A. Berla. He prayed that the King of kings might always be honored in the building. The children then joined with him in repeating the Lord's prayer.

Trustee Rawlinson, for the past fifteen years a member of the board, said he was sure the pupils would do credit to themselves and that the reputation of the school would always do honor to the name of Rawlinson.

Miss Annie Eubank is the principal of the school and she has a staff of seven teachers to begin with in the new building. Among those present at this morning's ceremony were: Chairman McClelland, Trustee Mrs. J. W. Edwards, Edmunds, Rawlinson, Bell, Laxton, Berla, Chief Inspector Cowley, Administrator W. W. Pearce and C. J. Doughty, superintendent of maintenance.

The school is estimated to have cost approximately \$200,000. It has eight class rooms in addition to the usual administrative offices and kindergarten. It is quite different in appearance from all the other public schools, and its yellow stucco exterior looks, as one remarked, more like a country club than a school.

Disappointment was expressed yesterday by the large number of deputations, under Thomas Jones, J.P., president, Wychwood Branch of the Ratepayers' Association, at the lack of support given to them by the city council in their request for a park to be located on Tyrrell avenue, Wychwood. According to A. W. Hoffman, a member of the deputation, Ald. Blackburn's support was sadly lacking, when it was most needed. "Commissioner Chambers," he said, "did his level best, and even explained to the council how beneficial the park would be to the district. Besides, being a play place, it would be a beautiful spot, located in the heart of the district."

Residents in favor of the park site are of the opinion that the opposing deputations were formed for a misunderstanding, and that they thought the park would not be a quiet, respectable place. Mr. Jones, who had the interests of the park at heart, informed The World that there was no place whatever for athletic teams to practice or meet, and the children of the district had only the streets for a playground.

The piece of land offered to the deputation as a compromise, was entirely out of the question, Mr. Jones contended, as being located on the top of a hill, it would not be as convenient for all the residents as the Tyrrell avenue property.

Prospect Park Seniors Hear Epworth Lecture

Last night's meeting of the Prospect Park Senior Epworth League was both instructive and enjoyable. The feature of the evening was an address by Thomas Dale, who gave an outline of Epworth League activities, pointing out the importance and vastness of missionary work. During the meeting a much-appreciated musical program was presented, in which the following artists took part: Miss Vera Martin, pianist; Miss Lila Osborne, reading; Miss Mann, solo.

All arrangements were supervised by Miss Hazel Oke. E. Jenkins was chairman.

York Township Roads Are in Bad Condition

The condition of the roads thru the township of York are a matter of comment. In Mount Dennis, The World was informed, nobody dare drive on the side streets with a car. In Silverthorn the description was: "You can't get out of the rut." "Weston streets and roads," declared one official, "are in a deplorable condition. I know, but they are no worse than any other town within a hundred miles of Toronto."

VOICE GRIEVANCE AT TRAIN SERVICE

Eastern Residents Want Better Traveling Facilities at York and Riverdale.

DANFORTH

Residents in the eastern section of Toronto are up in arms regarding the unsatisfactory suburban train service at present existing at stations east of the River Don, and a resolution was unanimously adopted at a recent meeting of the Eastern Residents' Association, as follows: "That, owing to the great inconvenience caused to the traveling public in general and the commercial travelers in particular of the eastern section of Toronto by the unsatisfactory service shown them by the Canadian National Railways system having all their express trains stop at the stations at York and Riverdale and not granting the same privilege to those using the stations at Riverdale and York, the Canadian National Railways management be requested to give the matter prompt attention."

The question will be discussed at the next meeting of the Eastern Residents' Association, and also at other organization meetings thruout the east end.

Good progress is being made in connection with the Riverdale ratepayers' proposed lawn bowling club, which is being organized under the supervision of the special committee appointed by the association.

The report of the traffic census takers appointed at the Riverdale station G.T.R. crossing, East Queen street, by the city authorities has been concluded. The report, which is a lengthy and comprehensive document, makes interesting reading and will be discussed at the next meeting of the Riverdale Ratepayers' Association, which body requested the city council to have a traffic census taken.

Among other interesting facts, the report states that traffic during one week was held up for sixteen and a half hours by the railway.

Objections are being raised by the residents of Browning avenue to the erection of a large ice storage warehouse within 100 feet of the city limits in York township. The building, which is at present under construction, will be between 60 and 70 feet high, and it is stated, will be a menace to the neighborhood.

The matter will be discussed by the North Riverdale Ratepayers' Association at their next meeting.

A destructive fire, which destroyed 74000 pounds of dressed lumber, occurred at Joseph Russell's brick yards, 40 Blake street, yesterday afternoon. The cause of the fire is unknown, but it is thought that the cause was children playing with matches in the lumber shed.

Vienna, March 21.—It is becoming more and more evident that the London relief plan is going to meet with strong opposition in parliament. Doubt already has been expressed as to the ability of Chancellor Mayer to secure the sanction of parliament for the plan.

ADVISE CARE OVER SECESSION PROBLEM

Reeve Miller Says Borrowing Powers Will Be Curtailed After Split.

YORK COUNTY

"If the township secession bill goes thru the house, a vote will be taken in that part that is going over, and I would advise you men to be very careful," said Reeve F. H. Miller to a deputation from Riverdon Park, who appeared at yesterday's meeting of York Township Council.

"It means that the less area you have the less power you have when you try to get money. You have schools running up, and you will find that out when you try to sell censures."

Mr. Miller contended that there had been more improvement made in the last ten years than in the previous thirty-five, when men from the south part of the township had been in the council. Before that time the township had 35 or 36 years behind the times. "I hope the people in the north will consider very carefully the advice," he added, "for it is only a short time when a great portion of the township will become part of the city. In the south part we can get along well enough. In the north you have wealthy farmers who are trying to get away from helping the working and struggling people who helped them to make their wealth."

Geo. Whitlock was spokesman for the inquirers.

DEFER CONSIDERING TOWNSHIP DIVISION

By reason of the announcement that the legislature is to adjourn on Wednesday the meeting of the private bills committee to take up the division of York Township will be postponed a week hence. CALL TO COLORS MEANS OFFENSIVE AGAINST TURKS

London, March 21.—The calling by King Constantine of Greece of three classes to the national colors, announced at Athens Sunday, in all probability portends a Greek offensive against the Turkish National front, in the opinion of Demetrios Gounaris, the Greek minister of war, expressed in an interview here today.

M. Gounaris, who came to London early this month to attend at sessions of the supreme council, thought the offensive move was probable "as obviously," he said, "we cannot wait the completion of the Turkish concentration."

London, March 21.—Abandonment of the summer grand opera season, which has been a part of London social life for a hundred years, appears certain this year in view of the excessive cost and the difficulty of obtaining good singers. Adverse conditions in Europe, due largely to the war, says The Chronicle, have resulted in the migration of continental songsters to north and South America, where they find plenty of engagements and high fees. It is practically impossible, the newspaper adds, to make grand opera pay because persons who formerly supported the opera now refuse to buy tickets at the prices necessary to charge if the venture is to be financially successful.
