

and two fluid ounces of water shall be used. The cyanide of potassium shall be placed in an earthenware vessel, the water poured over the said cyanide of potassium, afterwards adding sulphuric acid, and the tent or box to be immediately closed tightly and allowed to remain closed for not less than forty minutes. Treatment for disinfection shall continue until all insect pests or their larvae are destroyed.

Remedies.

[Here follows a lengthy enumeration of remedies as section 10.]

Summer spraying.

SEC. 11. Where pests or fungus diseases are found to exist during the growing season, while the trees are in leaf, spraying must be done and such remedies applied as shall be recommended by or under authority of the board from time to time, so that the insects or diseases can at least be held in check until the stronger washes of the dormant season can be safely applied.

Destruction of packages.

SEC. 12. All boxes, crates, or other packages or wrappings which have contained infected nursery stock shall be destroyed by fire immediately after the removal of the contents thereof.

Hop fields.

SEC. 13. Where hop fields are infested with the hop louse, spraying must be done as the board from time to time shall recommend.

Penalties.

SEC. 14. Every person violating the provisions of the "Horticultural board act, 1894," or the rules and regulations adopted by the provincial board of horticulture is liable, upon summary conviction before a justice or the peace, to a penalty not exceeding fifty dollars for each offense.

Repealing former rules and regulations.

SEC. 15. All rules and regulations heretofore adopted and published under the authority of the horticultural board acts of 1892, 1893, and 1894 are hereby repealed and the foregoing rules and regulations substituted in lieu thereof.

Recommendations.

Horticultural and agricultural societies and all those interested in advancing and protecting the interests of fruit growing are requested to cooperate with the provincial board of horticulture in the enforcement of the provisions of the "Horticultural act" and the regulations thereunder as adopted by this board.

Correspondence.

All correspondence relating to the extirpation of fruit pests should be addressed to the inspector of fruit pests or the member of the board whose district may be affected. Correspondence relating to other matters should be addressed to the secretary of the board.

By command:

J. R. ANDERSON,
Secretary.

OFFICE OF THE PROVINCIAL BOARD OF HORTICULTURE,
Victoria, October 4, 1894.
