St. Paul, Minn., Nov. 10—Mike Gibbons, of St. Paul, outpointed Jack Dillon, of Indianapolis, in a ten-round nodecision contest here tonight. Gibbons led in six rounds. Three sessions were given to Dillon, and the other was even. At 3 p. m. today Gibbons weighed in at 1631-2 and Dillon at 162, the latter one pound under the agreed weight.

During the entire fight Gibbons used his left to great advantage and this combined with his clever foot work, was the chief factor in his victory. Dillon's rounds were the fifth, sixth and tenth, and during these he fought like a tiger. He apparently endeavored to wear down his opponent, but Gibbons was too clever for him and refused to be caught. Dillon frequently made terrific awings at Gibbons' head, but the latter would duck and slide out of every tight place. He worked his left like a piston and landed as many as seven blows on Dillon's face in one round. In the closing round Dillon had Gibbons covering as he forced the pace from the tap of the gong.

# AMERICAN ATHLETES

New York, Nov. 8.—The showing of the American five-man track and field team in the recent meets held throughout Scandinavia demonstrated that the United States athlete is still able to compete successfully against the leading performers of Europe. During the contests abroad the team selected by the Amateur Athletic Union took part in seven meets, entering one or more men in 49 events. Without a single exception the American athletes finished among the first three.
