DROWNED IN JULY; MOTHER RECEIVES THE SAD NEWS NOW

Lawrence Pemberton Lost Life at Lakeport, N. H.—Address was Unknown

Drowned while bathing near Lakeport, N. H., on July 6, Lawrence Pemberton, a St. John young man, was buried in St. Lambert's cemetery in that place and, owing to the fact that no trace of his home address could be found, the sad news just reached his anxious mother, Mrs. M. A. Pemberton, 49 Stanley street, on Tuesday of this week.

Lawrence Pemberton had many friends in the city. He was known among his chums as "Red". He was 23 years of age and of a bright and cheerful disposition. He was in the sign painting business for a time before he left here early this summer for Lakeport where he secured a good position as automobile painter.

On leaving home he wrote regularly to his mother until early in July when the letters suddenly stopped. Several from Mrs. Pemberton were returned to her with the note on the margin that he was not at the address given. Finally Mrs. Pemberton wrote a short time ago to the Chief of Police of Lakeport and she received the distressing answer on Tuesday.

In this letter the chief said that her son had attended mass on Sunday morning, July 6, and a little later in the day, which was very warm, had gone bathing with several companions. He suddenly was seen to sink, and before they were able to get the body from the water life was extinct. Doctors worked for a long time in an effort to revive him. Since the effort to locate the young man's home address failed and after notices were inserted in several papers in the United States, it was decided to bury him in the Catholic cemetery of St. Lambert's at Lakeport.

The young man is survived by his mother, three brothers, Peter in United States; George and Joseph at home; and four sisters, Mrs. G. E. Wagner, of New York; Mrs. Rosewick Hamilton of this city; and Elizabeth and Marion at home. They will have the deep sympathy of many friends in their great loss.

HIRAM'S FRIEND GOES ON HOLIDAY

Hiram Hornbeam learned this morning that the questions put to him yesterday about a time table and its peculiarities meant something. As far away as Cleveland one of his sons resides and incidentally there is a grandson there whom his grandfather desires to get acquainted with. He has never seen him yet. MAKE START FOR ST. JOHN BRANCH OF N. B. ALLIANCE

Temperance Workers Will Fight if Liquor Law Change Proposed.

Preliminary steps toward the organization of a branch of the New Brunswick Temperance Alliance in St. John were taken yesterday afternoon at a meeting of interested citizens, held in the Board of Trade rooms. After listening to short addresses from Rev. H. A. Goodwin and Rev. Thomas Marshall, secretary of the alliance, those present decided to organize and a nominating committee was appointed to present a list of names for office at a meeting to be called by the committee.

The meeting was fairly representative but it was felt that at an evening meeting a larger number could be secured and that the next session should be held in the evening. Each of the Protestant churches had been asked to send its pastor and three representatives and the Bishop of St. John had been asked to name a representative. The W. C. T. U. had also been asked to send delegates. All these bodies, and other temperance organizations, will be asked to send representatives to the next meeting. It was also decided to ask Bishop LeBlanc to name a representative on the executive of the branch.

Outline Project.

The meeting was called to order by Rev. H. A. Goodwin, who asked for nominations for chairman and secretary of the meeting. Rev. Mr. Goodwin was named as chairman and Rev. C. T. Clark as secretary.

The chairman said the meeting had been called as the result of a decision reached at recently by the county of the New Brunswick Temperance Alliance to have a branch organized in this city. He said it was felt that in view of the present situation relative to the prohibitory law and the possibility of there being a plebiscite at the next election on the question of sale of liquor under government control, that the forces of temperance should line up and get ready for the fray. There was only one way, he said, to get anything from the politicians and that was to prove to them that refusal meant a loss of votes and if the friends of the prohibitory law were able to convince the "powers that be" that if they tinkered with the present legislation they would not be supported by the temperance votes there would be no change proposed. The same, he said, was true with the present legislation.

Rev. Mr. Marshall said he had just made a trip over the province and found a growing interest in the matter of law enforcement, and a strong resentment against laxity of officers of the law in carrying out the provisions of the prohibitory law. Branches of the alliance have been organized and in all sections they were preparing for the coming fight. He advised the formation of a branch here to carry on an aggressive campaign in favor of the retention of the present law and of its strict enforcement.

After some discussion on the best method of proceeding, it was moved by Rev. C. T. Clark and seconded by Rev. Dr. S. S. Poole, that a nominating committee be appointed to present a list of officers and executive and to arrange a meeting at which the election of officers should take place.

The committee named is composed of Rev. H. A. Goodwin, Mrs. Hope Thomson, W. Campbell, D. C. Clark, W. C. Cross, P. J. Stee and A. H. Case.

The meeting was adjourned until the next session.
