GOVERNOR SIGNS

Measures Provide \$130,000 for

Albany, April 6.—Governor Miller has signed the Davenport bill appropriating \$130,000 to safeguard motherless and protect the life of infants.

The congregation of the Carmarthen street din the state health department. The original Davenport bill carried an appropriation of \$100,000, but the amount was increased \$30,000. For several years the health department has received \$30,000 for work of a similar na-

state take up this work without aid or interference by the federal government, the governor being opposed to the state accepting help from the federal government under the Sheppard-Towner act. During the closing weeks of legislature the Duell bill, under which the state would have taken advantage of federal aid, was killed in committee.

Governor Miller is working virtually day and night on the thirty-day bills. He signed thirty-six, which brings the total number of new statutes created by the 1922 legislature up to 434. It is estimated that the governor still has 300 bills to dispose of.

The readez, will, no doubt, remember when a few years ago there was a collision in the Halifax, N. S., Harbor and one of the munition ships was blown up, causing great loss of life and laying a large portion of the city in ruins, and causing a great deal of suffering and distress among the inhabitants. Mrs. Winfield Dill, now of Windsor, N. S., was living in Halifax at the time and went through this trying exterione and the shock wrecked her herves. She writes as follows:—T was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my housework. I would take such nervous spells I would be under the doctor's care.

I saw Milburn's Heart and Nerve Pills advertised, so I took two boxes, and they helped me so much I took six more, and a now I am completely relieved. I can recommend them to anyone suffering from heart and nerve trouble."

The president of the Open Stair Company is Henry Atterbury Smith, the architect who planned the Vanderbilt model tenements and the Open Stair Tenements in East Seventy-eighth street, and other model dwellings in the city. These new buildings will be devised along the same general lines. There will be a roof garden, a restaurant and several clubrooms. Express elevators will carry the tenants to the sixth floor, whence passengers may walk down to the floor on which their room or apartment is located.

In addition to single rooms, there will be apartments for families, running up to eight rooms in size. It is expected that the building cost will be about \$2,000 a room, and that a woman stu-

Ottawa, April 5—It is not the intention of the government to continue the royal grain inquiry commission as at present constituted. This information was given to the house this afternoon by Hon. J. A. Robb, minister of trade and commerce, in answer to a question asked by Hon. H. H. Stevens.

That there might be a new commission appointed, however, was indicated when Mr. Robb said that there was an appropriation of the estimates for 1922-28 to defray the expenses of such a commission.

the chairman and the pianist of the evening was Miss Myrtle Fox.

It was explained that there was a defect of \$860 in the church finances and a committee of five, Isaac Mercer, H. R. Barnard, G. M. Calhoun, Alfred Styles and Percy Gibbon, was appointed to find means or raising this amount. A spirit of optimism prevalled and everyone was confident of soon seeing the church fire of debt.

Refreshments were served by the ladies of the church after the programme, which was as follows: Plano solo, Miss Gladys Brindle; report of the W. M. S., Mrs. H. S. The late Enrico Caruso's biography is announced for publication shortly by Little, Brown & Co., of Boston, from manuscripts of P. V. R. Key, editor of The Musical Digest, and Bruno Zirato, formerly the tenor's secretary.

Mrs. Dorothy Benjamin Caruso has assisted in securing from all countries where Caruso appeared a record of his performances, to make the book a source of authentic information.

"It will, I hope, encourage music students who find recognition not easily won," wrote the widow. "For, in spite of any belief to the contrary, Mr. Caruso for many years made his way in the face of great difficulties."

Giovanni Caruso, the tenor's brother, wrote offering all information in the possession of relatives in Italy, adding that Caruso's biography would be "the one he told me he expected you and he would write together."

The 'Prentice Boys' fair, in their hall in Carleton, was a popular attraction last night and, after the regular games had run their course, dancing was enjoyed. The prize winners last night were as follows: Air gun, Frederick Campbell; ten pins, R. Campbell; ring toss, H. Moffat; bean bag, R. Campbell; bagatelle, F. McLeod; flood gates, M. Fullerton; the door prize was won by ticket No. 947 and was a set of cut glass dishes but was not called for.

Plans for a \$3,000,000 home for women students and business women to be built at 122md street and Broadway, New Nork, by the Open Stair Dwelling Company, and possibly to be supervised in operation by committees from the Protestant Episcopal Church, have been sent out from the offices of the company at 874 Broadway.

The announcement told of the purchasing of a plot on the east side of Broadway, between 122nd and 123rd streets. The plot will have a 200-foot frontage on Broadway, 375 on 123rd streets. The plot will have a 200-foot frontage on Broadway, 375 on 123rd streets. S. Clark and P. A. H. Jackson.

Bishop Manning of the Episcopal diocese of New York said that he had had some conference with persons interested in the plans for the new structure, which may be called Cathedral Hotel, and said that he hoped the proposals would mature. He said that he had not yet gone beyond the stage of discussion of plans for the enterprise.

It is intended to run the hotel somewhat along the lines of Greer House at \$125 East Twenty-eighth street, where accommodations for women are provided at moderate rates. Other clubs and homes are being studied, so that the best ideas of all may be combined in the rew istructure.

Thin Blood Like Skim Milk

JUST as milk is a perfect food, so is blood a perfect nourisher of the cells and tissues of the body. But thin, watery blood is like thin, watery milk with the cream skimmed off, and you do not look for much nourishment in skim milk. Impaired heart's action is one of the first results of a weakened condition of the blood. There is shortness of breath, the circulation of the blood is imperfect, you are easily tired and suffer from indigestion.

The heart is a tireless and prodigious worker so long as it is supplied with an abundance of pure, rich blood with which to replace its own

To overcome this starved condition of the system it is

necessary to supply to the blood in condensed and eas-ily assimilated form the elements of nature which go directly to supply the nutri-tive factor in the blood.

These ingredients are found in happy combination in Dr. Chase's Nerve Food. Gentle though wonderfully potent in action, this restorative treatment feeds the blood, and through the medium of the blood sends new rigor, and energy to every vigor and energy to every cell and tissue of the human body. The heart's action is strengthened and the feel-ings of fatigue and lassitude

Twenty barbers, working in four shifts of five men each, took part in the contest. The "customers" were boss barbers, who were holding the New York Barbers' Exposition. Motion pictures were taken of the contest. None of the twenty barbers took longer than nine minutes to give a shave and haircut.

Dr. Royal S. Copeland, health commissioner, told the barbers that the mcAlpin Hotel, New York, to decide "the barbers' championship of the world." Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair as it does it so naturally and evenly. You dampen a sponge or soft brush with and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.
