

ACTS MEET WITH POPULAR FAVOR

Vaudeville at Opera House Has Much Comedy, Good Acrobatic Dancing, and Thrilling Revolving Ladder Offering.

With much comedy, catchy musical renditions and acrobatic feats and dancing the new programme in the Opera House last evening met with popular favor.

One of the most popular offerings was that of Irene, "The Risito Girl," who appeared in comic songs and stories. She is a clever little miss and made a decided hit with all.

Melton and Penn, in an instrumental and comedy offering, also won rounds of applause. One of the members played on a violin after which he gave a demonstration of acrobatic dancing, which would be hard to excel. His partner also sang and danced.

The Clairmont Brothers held undivided interest in a sensational revolving ladder novelty. They are clever performers and interspersed considerable comedy. They received appreciative applause.

Victor Burns and Adelaide Wilson appeared in an original comedy sketch, "The Untrained Nurse," and they won rounds of appreciative applause as well as evoking hearty laughter. It is an amusing skit and has many comic lines.

Conley and Cheeks appeared in comedy songs and breezy chatter and were well received. In addition there was another episode of the motion picture serial "The Veiled Mystery." This programme will be repeated tonight and again on Thursday afternoon and evening.

VIGOROUS PROTEST FROM WEST ST. JOHN

Emphatic protest against what was termed the unsanitary condition of the mill-pond in Carleton was voted at the annual meeting of the West End Improvement League, held in the offices of the Colwell Coal Company last night.

It was urged that the sewerage would have to be looked after in better fashion and W. E. Scully, M.P., the president of the league, and N. P. McLeod, secretary, were appointed a committee of two with power to add to their number to take up the matter with the city council and, if necessary, with the board of health. The conditions complained of were described as a nuisance to the public health.

Enthusiasm permeated the meeting and plans were made looking forward to a successful session. W. E. Scully, M.P., was elected president. W. L. Harding, vice-president, and N. P. McLeod, secretary-treasurer. Harry Belyea was made chairman of the baseball committee; Clifford Price, chairman of the grounds committee; E. R. Taylor, chairman of the games and athletic committee, and J. A. Gregory and J. P. Belyea, members of the aquatic committee. It was decided to hold a series of band concerts during the coming summer.

NEW YORK'S LARGE BREAD CONSUMPTION

New York, Feb. 23.—New Yorkers eat 2,800,000 loaves of bread daily and waste 1,000,000 loaves weekly, declared Mrs. Louis Reed Welschler, deputy market commissioner, at a meeting of housewives and wholesale bakers.

"JUST SEND THEM TO SEE ME," SAYS BOURQUE

"If Anybody Wants to Know What I Think of Tanlac I'll Tell Them Pretty Quick," Says Moncton Man

"If anybody wants to know what I think of Tanlac, just send them to me and I'll tell them pretty quick. Why I think it's such a good medicine," said Edward E. Bourque, of 347 Luts street, Moncton, N. B., a well known bricklayer and life long resident of the city.

"I had indigestion for years, but last spring it got lots worse. I got to a point where everything seemed like poison to me and I suffered agony after almost every meal. I got nervous and out of sorts generally, but worried especially over a pain in my side. I actually thought I had appendicitis. I had no

energy and tired out so quick I couldn't do a full day's work. The fact is I was about 'all in' when I began to take Tanlac, and while I thought it would help me some, I was never more surprised in my life than I was at the way it completely knocked out my troubles. It gave me such an appetite I can hardly wait for mealtime, eat anything I want and don't worry about indigestion because my stomach was never in better shape in my life.

"I feel good now all the way to my fingertips, and I can say with many brick in my hand that I could all day long two months ago. That awful pain in my side has gone. Just put it all in a nut-shell, I am a healthy man and its on the right Tanlac I would get the credit. 'It's the best in the world.'"

Tanlac is sold by F. W. Munro, and the Ross Drug Co., 111 Alingham Campbell, N. B.; T. H. Wilson, Fairville, N. B.—(Adv.)

Possess Good Health By Looking After THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a congested condition.

When the bowels are allowed to become congested, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, flaring specks before the eyes, coated tongue, foul breath, the nasty irritating bleeding piles, the nasty itching hemorrhoids, and all the other ailments which are caused by the bowels being out of order, you should keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes: "I was troubled with sick headaches and constipation. One day a friend told me of Milburn's Laxative Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxative Pills are 25c a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

NEW MEMBERS FOR CANADIAN CLUB

The executive committee of the Canadian Club held their regular meeting yesterday afternoon in the school board rooms with the president, A. M. Belding, in the chair. NUXATED IRON

Helps make rich, red blood and revitalizes weak nerves

A CAUSE OF WOMEN'S ILLS

WOMEN OFTEN THINK THEY HAVE HEART TROUBLE, INDIGESTION, NERVOUS PROSTRATION, ETC., WHEN IT'S SIMPLY IRON STARVATION OF THE BLOOD.

Many women believe that they are weak and nervous as a result of age, worry and overwork; they think that their disturbed digestion, headaches, heart palpitation, shortness of breath, pains across the back, etc., are due to some serious disease instead of the real cause—iron starvation of the blood.

This is proven by the fact that many of these same women take organic iron for a while all their alarming symptoms quickly disappear, and they become strong, robust and healthy. Iron is absolutely necessary to enable your blood to change food into living cells and tissue. Without it nothing you eat does you the proper amount of good—

you do not get the strength out of it. If you are not strong and well do not wait until you go all to pieces and collapse in a state of nervous prostration, but take some organic iron—Nuxated Iron—at once. But be sure it's organic iron and not metallic iron which people usually take and which is made merely by the action of strong acids on small pieces of iron. Organic NUXATED IRON is like the iron in your blood and is like the iron in spinach, lentils and apples and it often increases the bodily and mental vigour of weak, worn out women in two weeks' time.

Beware of substitutes. Look for the word "Nuxated" on every package and the letters "N. I." on every label. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.

Make your hair already beautiful by using Nuxated's Herpicide

Sold at all Drug & Dept. Stores

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Really

Here is a home-made syrup which millions of people have found means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The syrup is made of natural ingredients, cough, cold, and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a 16-oz. bottle and fill with water to the neck. Add 100 grains of granulated sugar and shake thoroughly. If you prefer, use clarified honey or corn syrup instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway spruce extract, known throughout the world over for its chronic healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept any "thing else." Guarantee to give you absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

DANDERINE

Stops Hair Coming Out; Thickens, Beautifies.

A few cents buys "Danderine." After a few applications you cannot find a fallen hair or any dandruff besides every hair shows new life, vigour, brightness, new color and abundance.

NAIL WORKS MATTER BEFORE CITY COUNCIL

At yesterday's meeting of the common council the report of the committee of men brought up was argued.

The committee reported that the further deepening of Newman Brook. The Marine Labor Council wrote asking that the city reimburse the union \$130 paid and sent to Montreal nailmakers brought here by the Maritime Nail Co. The mayor reported that he had advised members of the union that the city would not be responsible for the advance. It was decided to hear a delegation on the matter.

A request from Forstall Bros. for permission to erect a sawing pump at 361 City road was refused.

The Maritime Nail Co. requested a refund of \$180 taxes paid on eight men brought to Montreal, who had returned without going to work. It was pointed out that the city had not stopped the men from going to work. The matter was referred to the mayor and the city solicitor.

A resolution passed by the Commercial Club, requesting the city to take joint action with the C. P. R. to stop the pilaging being done on the west side, was received. Mr. Bullock said that the secretary of the club had been in to see him about the matter several times. Mr. Bullock had informed the C. P. R. that the city had no objection to C. P. R. policemen making arrests on city property. Mr. Woodman was to take the matter up with Montreal but nothing further had been heard. The committee sent in to the council on different matters that it had under consideration.

He thought the people should appear in person and express their views. The letter was ordered filed.

The recommendation of Mr. Thornton that the tender of James H. Pullen of \$249 for painting the interior of the public hall be accepted was adopted. This tender was the lowest.

As a slight error had occurred in making up the fire estimates, Mr. Thornton moved that the item calling for a motor driver at \$115 a month be amended to read \$120 a month, the same as last year. This was carried.

On motion the council adjourned.
