### MELITA LAST OF THE SEASON

Closing of Ocean Passenger Steamship Traffic at This Port This Week.

With the sailing of the C. P. O. S. liner Melita on Wednesday for Liverpool passenger traffic at this port for the season will be brought to a close. She will take away approximately 300 cabin and 225 steerage passengers, in addition to a large general cargo and royal mails. Among the passengers booked to date are Col. A. E. Queripel, C. B. and Mrs. Queripel of Vancouver. They will also be a naval party enroute to their homes in England after completing service in the West Indies, and some people from Bermuda.  
The passenger port staff of the C. P. O. S. left Saturday night for Montreal and Quebec where they will remain during the summer months. G. S. Field, passenger agent of the C. P. O. S. will leave this evening for Montreal to arrange for the summer service at that port. During his absence his duties here will be looked after by D. J. Cable. The purchasing department staff of the C. P. O. S. will also leave today for Montreal. It is expected that all the staffs will have gone by the end of the week.

### REPORT ON POWER SITE AT BORDER

C. O. Foss, chief engineer of the New Brunswick Electric Power Commission, visited St. Stephen on Saturday to inspect the power prospecting at the Denis, a branch of the St. Croix, with a view to including it in the hydro system of the province. Mr. Foss said today that the stream could develop about 150 horse power and had excellent storage facilities, but it was not of sufficient importance for the commission to develop. It was an excellent site, he said, for a private enterprise and the commission would likely recommend its development as such. An axe factory near the mouth of the river had used power from the stream, but the factory and dam were both destroyed by fire.  
Asked regarding the tenders for the power house at Musquash, Mr. Foss said that the announcement of the successful tenders would not likely be made until the provincial government met here next week.

### WELL ON WAY FOR LOCAL BALL

Commercial Club, Pirates and St. Peter's Teams in City League.

Baseball fans throughout the city will be pleased to learn that arrangements are well under way for the season. A city league will be organized, comprising three teams, the Commercial Club, Pirates and St. Peter's. Meetings have been held and all that remains to be settled is the drawing up of a playing schedule.

The Commercial Club will have a team composed largely of players who wore the G. W. V. A. colors last season. The Pirates will be organized by the Commercial Club. Meetings have been held and all that remains to be settled is the drawing up of a playing schedule.

Games will be played alternately on St. Peter's and the East End League grounds. Contractors are at work on the former grounds getting the playing field leveled and in condition for the opening of the season. During the winter and spring the work of filling in right field and right centre has progressed favorably and there is an addition of more than thirty feet in this section. The entire grounds are being fenced in and a large flag pole is being erected in the centre field. The house was built during the winter to accommodate patrons of the skating rink and during the summer it will be utilized for dressing quarters for the players of the teams. It is a long and commodious building and will be equipped to meet the requirements of the home and visiting teams. There is also some talk of adding more seating accommodation for the fans. A meeting to draw up a schedule will be held this week.

### TWO SENT TO THE HIGHER COURT

Pooler Warehouse Case and Matter of Coal Shortage—Police Court Session.

In the police court this morning a case against George W. Lord and George H. Beagle on suspicion of breaking and entering the warehouse of J. J. Poole & Son, Nelson street, and stealing a case of liquor, was resumed, and both were sent up for trial.

A charge relative to stealing coal from the Dominion Coal Company was taken up against Lorne R. E. Starr said that during December and January there was a shortage of about 500 tons of coal, valued at about \$970 a ton. He said the accused was called into his office, but denied that he took any coal or knew anything about the cause of the shortage. The accused was also sent up for trial on this charge. Dr. F. B. Taylor, K. C., conducted the prosecution, and G. Earle Logan appeared for the defence.

Enmet Burke, Simonds street, was charged with allowing his premises to be used for the unlawful disposition of liquor. He pleaded not guilty. Inspector Henderson told of going to the beer shop of the accused, where, he said, Inspector Journey took a bottle of liquor from Thomas Saunders, who was also in court charged with having liquor in his possession other than in his private dwelling. The inspector said there were also other men in the shop at the time, but the accused was not present. The case was postponed for further evidence and Saunders was remanded, while Mr. Ryan conducted the prosecution and E. S. Ritchie the defence.

A case against Mrs. Rosa Zebberman, charged with having liquor in her premises unlawfully, was resumed and the minimum fine of \$50 and costs was imposed.

### FOUR ARRESTS ON THEFT CHARGE

Three Women and Youth Taken in Connection With Millidgeville Break.

William Donaldson, aged twenty; Louise Jackson, aged thirty; Lottie Robichaud, aged twenty-nine, and Mary White, aged sixty-one, were arrested this morning by Sergeant Detective Power, Detective Donahue and Policeman Lewis on a warrant charging theft. A short time ago the summer house of J. Fraser Gregory, Millidgeville, was broken into and wearing apparel, bedding and other articles were stolen. The matter was reported to the police and as a result of information they went to a house in Harrigan's alley, off Brussels street, and in a basement found several articles which were said to correspond with ones missing. The accused, who live in this place, were arrested.

They appeared before the court this afternoon and were remanded to jail for witnesses. A large quantity of articles were recovered and Mr. Gregory was at the police station and identified some of the things as similar to those he had in his camp. Several towels that were found had on them the mark "C. G. R." Among the articles taken to the station were towels, blankets, bed quilts and trunks of clothing.

### Why Do Viyella Flannels Appeal To Women?

This question is very easily answered in a few words, and here is the answer:

Because they go through an extremely fine process, and are positively unshrinkable. They have stood the test of time. The colors are absolutely fast, and the wearing qualities are unquestionable.

These goods were put on the market over thirty years ago and at that time became famous on account of the Superior Quality they possessed. Today they still maintain the same high standard.

We are showing a large variety of these goods which have just come to hand.
