REVIEW OF BIG LEAGUES

New York, July 26.—Brooklyn continues to lead the race in the National League despite a little slump last week. The Red Sox lead, however, was not cut down to any extent because Cincinnati, the runner-up team, lost three games during the week. The relative positions of the two teams was not changed yesterday.

The New York Giants had a successful week in the west and for a day occupied fourth place. The Cincinnati Reds and St. Louis are having a nip and tuck race for the honor of bringing up the rear of the first division, all three being within striking distance of Pittsburgh which occupies third place. Boston fell behind during the week and Philadelphia although having a tight hold on last place, improved its percentage.

The close race in the National League may be noted from the fact that only about 100 points separate the first six clubs.

New York and Cleveland are furnishing plenty of excitement in their battle for the leadership of the American League. The Indians took the lead early in May and were displaced for a day by the Yankees the week of July 4, and again for a similar period last week. They regained first place by defeating Huggins' men Saturday. Both teams won their games yesterday. Speaker's team is still in bad shape for lack of good pitching, while New York is winning games consistently by heavy batting. Chicago maintains its place behind the leaders. A similar situation to that in the National League exists with three clubs—Washington, St. Louis and Boston—fighting for fourth place. Detroit and Philadelphia have little chance to improve their positions, although the Mackmen last week won a majority of their games for the second time this season.

Brown, of the Westmont Lawn Bowling Club, won the single championship of the province of Quebec lawn bowling association by defeating his club-mate, C. F. Nelson, on Saturday night by a score of 22 to 11. These players won their games in the semi-final played the afternoon by the same margin which gave assurance of an interesting game in the final.

This Little Pig Has Two

John Schram's little white pig in Tillsonburg, Ont., has two tails. One point south and the other points east. This two-tailed porker is a new arrival at Mr. Schram's piggery, and is exciting considerable interest. The question asked is, how did it come to be so? The value will be enhanced because of his second appendage. One tail grows—as is usual—on the wee pig's quarter-deck, while the other grows from its right side. Its root can be traced under the skin almost to the shoulder. In other respects the animal is a perfectly normal, healthy young white pigling.

MORE ADVANCES IN HARDWARE PRICES

(Hardware and Metal, July 24.)

A heavy burst of advances has again been made on the price of many hardware commodities. Few buyers hope for a reversal of this condition in the near future, the tendency still being for higher prices. Washing machines and wringers have sharply advanced by a revision of the list prices. Coal tar, ash, siftings, rifles and shotguns, grindstones, screw drivers, floor wax, wrought nipples and couplings, paint and varnish brushes, carpet sweepers, saws, hand saws, hammers, axes, shovels, and tools, brass butts, clay picks, masticos and grout hoses, cross bars, carpenter's bars, cotton wrapping twine and tub stands all have higher quotations.

Little relief has been offered the great scarcity of raw materials, great difficulty being experienced in securing freight cars. In many localities shippers are required to procure a permit for each car and are required to load the car the same day as received or else the car is passed to someone else on the waiting list.

Business is quiet, although jobbers are well satisfied with the volume accorded them for this season of the year, which is the in-between period. Summer lines are still moving well. Collections are very satisfactory.

RAINS IMPROVE CROP PROSPECTS.

Winnipeg, July 26.—Recent rains have assured very good crops, even though there should be no more rain before the crops are out, and Norman Lambert, secretary of the Canadian Council of Agriculture, Saturday.

The field husbandry department of the Manitoba Agricultural College reports no damage has been caused in Manitoba.

Similar reports regarding rust have been received from Winnipeg and many western points.

\$100,000 Fire in B. C.

Ladang, B. C., July 26.—Fire on Saturday destroyed the Curry Williams cannery store here, including the manager's residence and forty houses occupied by the employees. The loss is estimated at \$100,000.

TURK GENTLEMAN AND SAVAGE, BOTH

Rulers like Father Who Can Control Only by Beating, Says Miss Kelly.

New York, July 26.—"Here in America you hear all sorts of contradictions about the Turk. One traveler reports that he is a savage. Both are right; he is a gentleman and a savage. The people of the village is as decent as the Lord ever made. The ruling Turk is like a father who cannot control his children and therefore beats them."

This was the opinion expressed by Miss Elizabeth Kelly, industrial worker under the Near East relief fund and former professor of home economics in the French mandate. She described her experiences during a siege and massacre of Armenians in Antioch, Syria, in the month of June, 1915, when she was twenty years of age.

She went to Antioch to assist the people to restore their life and to help them to get on their feet. She was there for a year and a half, and she saw the Turk as he was, and she saw the Armenian as he was.

"Too Many Armenians," she continued, "massacred the Armenians because there are so many of them that he cannot control them. He is a savage and cruel, but it is a pity, unexplained cruelty. The French on the hill gave us such aid as they could, and they waited for reinforcements. Relief finally came, but could not still very much unsettled when I left."

"But the point to the story is that the Armenians did fight, and showed both courage and ingenuity. They are worth helping, in spite of everything you hear to the contrary. And with proper help and education I feel sure that they can grow into self-governing people."

MOB LYNCHES LIFER, GUILTY OF WIFE'S MURDER

Fayetteville, W. Va., July 26.—William Bennett, Jr., of this town, serving a life sentence here for the murder of his wife and unborn child, was taken from the jail early yesterday by a mob and lynched.

Bennett pleaded guilty to the murder of his wife in court July 22 and was sentenced to life imprisonment.

AUTOMOBILE INTO CREEK; FIVE ARE DROWNED

Buffalo, July 26.—An auto driven by Wm. Newman, of Lackawanna, and containing his wife and his two young children, and Miss Clara Speck, of Buffalo, was driven into a creek between the towns of Armour and Boston, this country, some time Saturday night, and all were drowned.

LLOYD GEORGE'S HEALTH CAUSES SERIOUS ANXIETY

Paris, July 26.—The health of Premier Lloyd George of Great Britain is causing serious anxiety, according to a London dispatch. The British premier's physicians are said to have ordered an immediate absolute rest for him.

Germans Hand Over Books.

London, July 26.—A despatch to the London Times from Brussels reports the arrival in Louvain of the first consignment of 10,000 books from Germany for the library of Louvain University, in accordance with the terms of the peace treaty. The despatch adds that representatives of the reparations commission are searching Germany for books stolen from Louvain during the war.
