RECOGNIZE NO APPEALS FOR MAYOR, SAYS GREENWOOD

Intimation at Lucerne By Chief Secretary

Indicates Also That Government Will Not Vary Its Irish Policy — The Belfast Situation — Sinn Fein Get Important Papers.

London, Sept. 2.—Appeals in behalf of Terence MacSwiney, lord mayor of Cork, who is in a critical condition in Brixton prison as a result of a hunger strike in protest against his arrest, will not be recognized by the British government, so Sir Hamar Greenwood, chief secretary for Ireland, strongly intimated in an interview with the correspondent of the London Times in Lucerne today.

Cork, Sept. 2.—The freeman of a train which was approaching Cork yesterday was wounded when soldiers fired into the engine after their order for the train to stop had not been obeyed.

Belfast, Sept. 1.—The troubles in Belfast today resolved themselves into sniping on the Ballymacarret district was not affected. The worst spot was in North street. Last evening the military dashed along Gresham street, which runs on North street, in pursuit of a man who was alleged to have fired on them from close range.

The Falls Road, Orange, continued in a sportive mood. A descent yesterday afternoon on Shank Hill road by way of Boundary street, seemed proof of this as the rioters could have reached the same objective through friendly quarters.

Evictions are proceeding on a large scale, and the Sinn Fein population of Ballymacarret street has almost entirely departed. The bitterness of feeling is unabated.

An attempt to attack a Catholic church in Alfred street last night resulted in an exchange of shots lasting for half an hour. Several persons were wounded before the military dispersed the combatants.

The total death roll in Belfast up to the present is twenty-five. There have been more than 200 persons badly wounded. Fires to the number of 216 have occurred and the ambulance brigade has answered 845 calls.

Sniping and looting continued almost day long in the north division of the city. The timely interference of the police or military averted many threatening conflicts, the factions being driven back to their own quarters before damage was done.

PAID THE TAXES. The sale of eight lots in Cranston avenue and Third street which was scheduled to take place this morning was called off as the owner, through Urban J. Sweeney, solicitor, had made payment of the taxes accrued against him.

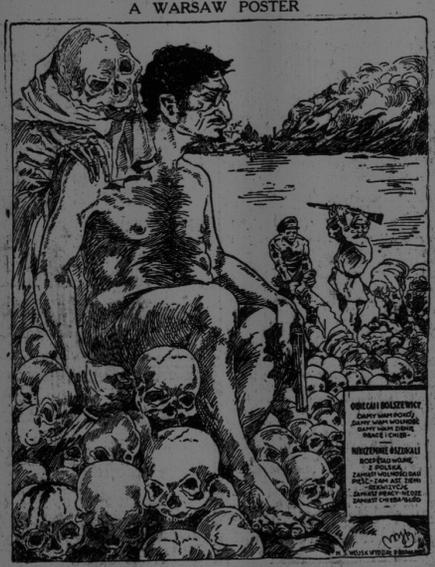

BASEBALL. The St. Roses of Fairville accept the challenge of the Atlantics of the League for a game of baseball to be played tonight; if weather unfavorable the date to be arranged later.

against Great Britain is a delusion. He strongly urges a reversal of the government's present policy and advocates consenting to the suggested Irish constitution assembly, believing it an opportunity given all Irishmen to consider the "full and generous offer of the government" an agreement may be worked out.

Documents Seized. London, Sept. 2.—A Sinn Fein raiding party invaded the Royal Air Force headquarters at Baldoye, near Dublin, on Saturday night, and carried off a large number of secret military documents, including the army code and cipher used at the present time, according to the Daily Mail.

It is declared the coup was the most daring and important that has been attempted in Ireland since the present unrest in that country began. Among the papers stolen, it is said, were orders relating to the joint operation of the army, navy, air force and the Royal Irish Constabulary, the scheme of Irish defense, the details for lighting airbases for night flying and proposals for new developments of the Royal Air Force in Ireland.

Revolvers, ammunition and field glasses were also taken.

In this Anti-Bolshevik poster, displayed at Warsaw in vivid colors, the blood-red figure of Trotsky is shown perched on the skulls of his countless victims. The title of the poster is "Bolshevik Freedom," and the lettering translates as follows: "The Bolsheviks promised, we give you peace, we give you freedom, we give you land, labor and bread. Dastardly because they began war with Poland, instead of freedom, the mailed fists, instead of land, requisition; instead of labor, the poorhouse; instead of bread, hunger."

As Hiram Sees It

Mr. Hiram Hornbeam had injured his knee. Mrs. Hornbeam, who went to the garden, procured a bunch of tansy, steeped it, and was putting hot applications on the injured limb. "Shall they be running races at the picnic tomorrow?" said Hiram, "I got to take the medicine now. Ow! That's hot—hot—hot!" "The hotter it is the more good it'll do," composedly replied Mrs. Hornbeam. "You just rest, right there, and don't do no fidgetin'. I'll have to treat him like a baby when anything's wrong with him," she said to the Times reporter. "A man is the most helpless critter there is."

CHILDREN TELL OF MURDER OF THEIR FATHER

Say They Saw Wade Put Body in Trunk in Home. He Is Alleged to Have Disrupted.

Bridgeport, Conn., Sept. 2.—Mrs. Ethel Hutchinson Nott, widow of George B. Nott, Bridgeport's trunk murder victim, was expected to take the stand here today at a coroner's inquest and tell what she knows about the slaying of her husband by Elwood B. Wade, whose alleged relationship with her is said to have been the cause of a quarrel which led to the slaying of Nott.

Nott's two children took the stand yesterday afternoon. Ruth, twelve, and George, 11, read statements which they dictated to the police and told Coroner Phelan that the information contained in the statements was correct. According to the children, they stood by as their father's body was placed in a trunk by Wade. They also said that Mrs. Nott asked Wade not to strike their father again as he lay on the floor, mortally wounded.

BRING IN 3,000 TO BREAK NEW YORK CAR STRIKE

Little Hope of Peaceful Settlement Today — Proposal Made by Men.

New York, Sept. 2.—The strike of Brooklyn Rapid Transit Company employees that has seriously crippled service on the subway, elevated and surface lines in Brooklyn since last Sunday, appeared to have involved today into a deadlock, with considerable bitterness in evidence between the strikers and 3,000 strike-breakers brought in by the company.

Following the refusal of the strikers yesterday to accept a proposal of settlement made by the company or the refusal of the company to accept a proposal of settlement made by the strikers, Mayor Hylan today was considering a counter proposal of the men that the company make an offer of a wage increase that would be acceptable to Judge Mayer, and that all other questions be arbitrated.

W. D. Mahon, international president of the Amalgamated Association of Street and Electric Railway Employees of America, was due here from Detroit early today to take a hand in directing the strategy of that organization.

WILL NOT GIVE AUDIENCE TO PRINCE FEISAL

Loyd George Refuses King of Syria — British Premier's Health Improves.

Lucerne, Sept. 2.—Premier Lloyd George decided not to receive Prince Feisal, King of Syria, who left Milan yesterday for Como, Switzerland. The prince will not come to Lucerne. It is understood Lloyd George's decision was taken in order not to hurt France's feelings. President Motta of Switzerland, who conferred yesterday with Lloyd George, said the principal question discussed was the League of Nations.

The British premier's health has been greatly benefited by his rest in Switzerland. On Tuesday, accompanied by his son, he walked down Rigi Park. The trip occupied two hours.

CABLE SENT TO KING. A cablegram was sent through the post channels to His Majesty King George by the New Brunswick branches of the Self-Determination for Ireland League of Canada, the text of which is as follows:

"With pain and sorrow we learn, day by day that your government still persists in its insane and ruinous administration in Ireland. We hope even at this late moment you will not allow Lord Mayor MacSwiney and his colleagues to die. Their death would only be another proof that Ireland's spirit of freedom is unquenchable."

Empire Council in London Advocated By Press Delegation Head

Dominions Would be Represented by Resident Ministers—Looked on as a Forecast.

Edmonton, Alta., Sept. 2.—(Canadian Press)—Creation of a common council sitting in London, on which the dominions would be represented by resident ministers, for the purpose of taking their proper place in imperial affairs, was advocated by Lord Burnham, speaking at the banquet given to the Imperial Press conference by the government of Alberta here last night.

What the speaker said was almost in the nature of a forecast, for he remarked that he hoped to see a council established within the year. He placed stress upon the necessity and rights of the dominions for expression in imperial affairs, and said that it was not enough that they should have had during the war an imperial cabinet. That was purely a war measure.

SAYS VICTORY FOR LABOR SOON AT BRITISH POLLS

Edmonton, Alta., Sept. 2.—(Canadian Press)—That the London labor party is opposed to direct action and confident of attaining its end by the evolution of political strength through the ballot box, was a message given to a mass meeting by T. B. Naylor, chairman of the London branch of the British labor party.

He spoke of the disapproval of the present British government, and said which had prompted labor's representative to withdraw from the war cabinet and said that, with its five million membership, the party regarded victory of the polls as only a matter of brief delay.

Mr. Naylor said that labor approved the League of Nations under proper administration, and was determined to oppose future wars of any kind.

PICNIC PLEASURE AGAIN DEFERRED

Mr. O'Connell's Outing at Rockwood for the Little Ones—Now Fixed for Tomorrow.

The weather man again today did not favor J. D. O'Connell's picnic for the children and it was postponed until tomorrow or, if the weather does not permit, then the first fine day. All arrangements are completed and so soon as the conditions are favorable, the programme mapped out by Mr. O'Connell will be carried out. It is his particular wish that any social worker, or anyone who desires to gather a group of children to bring to the picnic should do so and present them to him and he will pay them special attention and see that they have the full benefits of the picnic and cash distribution. It is hoped that tomorrow will be a favorable day as the little ones are anxiously looking forward to the great day.

Winnipeg, Sept. 2.—News was received in Winnipeg yesterday from Dr. F. W. Burnham, representing the Canadian war hospital fund at Dulcigno, Montenegro. Coal Dispute in Britain Shows No Definite Change Yet.

London, Sept. 2.—(By Canadian Associated Press)—Outwardly the position of the coal dispute is unchanged, but a pretty general comment is that though the railwaymen and transport workers have adopted a thick and thin resolution in support of the miners, this is a more or less stereotyped attitude when such difficulties occur.
