THE BEST QUALITY AT A REASONABLE PRICE
Common Troubles Caused by Eye Strain
Many ailments which are a menace to health begin with eye strain. Sight requires that the muscles which control the eyeball and its parts should work constantly. If the shape of the eye is not perfect, the work becomes too heavy and the muscles are strained. This strain causes headache, nervousness, exhaustion, tired, weak, painful eyes. Medicine does not cure. The only remedy is properly fitted glasses. You secure thorough competent attention to your eye needs when you come to Sharpe's.

ITCH! ITCH! ITCH!

It Seems Sometimes As If You Would Fly Out of Your Skin.

Eczema or salt rheum not only itches, but it also burns, oozes, cracks and scabs over and over again. Sometimes it covers the whole body and causes intense suffering.

You have found that local applications have no lasting effect, and you want permanent relief.

Take Hood's Sarsaparilla, give it a good fair trial, because you must thoroughly purify your blood or the eruption will continue to annoy, perhaps agonize you. This great medicine has been successfully used in thousands of cases.

To make and keep the bowels normally active, take Hood's Pills; they are gentle and thorough.

Paris, Nov. 6.—If the flood of letters which is daily reaching the trustees of the 50,000,000 franc fund given by M. Cognac to be distributed in lots of 25,000 francs to families consisting of more than nine children, is to be taken as a criterion, then depopulation in France is not as bad as it has been reported. Among the candidates to the fund is a mother who boasts of twenty-one children, born of the same wedlock.

More than 2,000 letters from parents claiming a progeny of more than nine children have been received.

J. Marcus - 30 Dock St.

"The item which will probably surprise most people in the official category of our naval losses during the war," says an English naval reporter, "is the fifty-four submarines. The popular idea has been that our submarines did comparatively little because the German navy refused them opportunity. As a matter of fact, no branch of the service did more tireless and gallant work. The reconnaissance enterprise of the submarines proved of inestimable value. But it was work which carried them into most perilous waters, and they had to pay the price of their courage and devotion."
