**WHY NOT A ROYAL GOVERNOR?**

(\*Kil' in July Canada Monthly.)

Lately some politicians—extraordinary people! voiced as a grievance; the announcement of another royal prince as governor-general-to-be of this proud dominion of ours, after the departure of H. R. H. the Duke of Connaught. One or two even spoke of the things as a menace to the democracy of Canada. No governor since Dufferin has endeared himself more to the Canadians than the simple kindly gentleman, Queen Victoria's only surviving son, The Duke of Connaught was adored in Ireland even in the most agitated times of that "distressed country." He never made his appearance in Dublin without meeting a roar of cheers and Saint Patrick's Day in the Morning from regimental band and street boys' mouth organ. I remember whirling a little gossamer with the handle of my umbrella for siding to the general uproar one day in Stephen's Green when the Fusiliers were marching and the "Irish" Duke with them. The housemaids ran out in their caps and aprons to look at him, and say what a fine upstanding man he was. Believe me, it will take some quick marching on the part of his successor to keep up with His Highness of Connaught.

As to democracy! Like Bart Kennedy, we once believed intensely in it—and do in a measure still—but this government for the people by the people—as practised in its great republic to the south of us—is distinctly humorous. Individual liberty and democracy—

**U. S. MINISTER TOO TALKATIVE FOR HIS POSITION**

Washington, July 6.—Formal announcement of the resignation of George Fred Williams as minister to Greece and Montenegro was made today at the state department.

Secretary Bryan issued this statement without comment.

"Mr. Williams requests Secretary Bryan to tender to the president his resignation as minister to Greece and Montenegro. He says the reason for his resignation is that he cannot comment upon the situation in Albania as he would like under the restraint imposed by his diplomatic position, and that he does not feel that he can conscientiously keep silent with the knowledge which he has of what is being done.

"He says that he considers the success of the president more important to the world than all of the efforts of other men, and does not wish to embarrass him and wishes to thank him for the confidence which has been shown him."

President Wilson is expected to accept the resignation tomorrow and close the brief and extraordinary career of Mr. Williams as a diplomat.

**COLONEL GEO. H. HAM**  
An Appreciation of One of the Big Men of Canada

(Montreal Journal of Commerce.)

A short time ago a prominent British publication asked its readers to decide who were the six greatest men in the United Kingdom. A great variety of answers were received, the remarkable feature of the replies being that there was only one man upon whom a considerable number agreed. If such a contest were to be held in Canada and the people of the dominion asked to say who were our six best known men, the name of Colonel George Ham would undoubtedly appear in the list.

To a great many people, Canada is known as the home of the Canadian Pacific Railway, the greatest railway in the British Empire and one of the world's greatest corporations. The investors who hold stock in the Canadian Pacific Railway the people from all parts of the world who have travelled over its lines and to the tens of thousands of others who have read of its wonderful resources and ramifications, the road means Canada. To thousands

**A BIG CAPABLE STOVE**

A STOVE is an important purchase. Choose your stove carefully.

What has the Gurney-Oxford to offer? First of all it's a big, heavy, capable stove. It has the lasting qualities of an heirloom.

It's a spacious stove, the top is broad and deep; the ovens are high and wide.

The grates are constructed to give the fire abundance of air; this means fuel-economy.

There are no cold corners in a Gurney-Oxford oven; the heat goes through divided flues over the oven and to all sides of it.

The Gurney-Oxford Economizer regulates all the drafts and gives you complete control of the fire at all times. Don't buy a stove for price only, or for looks. Come in and let us show you the Gurney-Oxford.

It's the most economical and satisfactory stove ever built, and the best investment you can make for your home.
