QUALITY

NO TREASON

PRICE has always been of secondary importance in the blending of KING COLE Orange Pekoe. It has to be, if that characteristic rich flavor is to be maintained. Unusually choice teas are continually sought for it, and the cost of these is frequently changing.

KING COLE Orange Pekoe is for the real tea lover to whom a fine cup of tea is a delightful necessity. Any lowering of the quality would be treason.

The price of KING COLE Orange Pekoe has changed slightly from time to time, and may again be higher or lower according to market conditions, but its original exclusive flavor remains unaltered.

HAD FOOT AND MOUTH DISEASE

The foot and mouth disease recently raging in California is nothing new, says Carey Wilson, Goldwyn associate editor.

"Some years ago," says Wilson, "I had a girl who was afflicted by it. She wanted to eat all the time and wouldn't walk a step."

New - or Dyed with SUNSET?

CAN YOU TELL WHICH? Try it and see.

Modern SUNSET dyes material so perfectly that it cannot be told from new. Modern SUNSET is fast—colors beautifully clear, no tinge of grayness so characteristic of old-time home-dyeing. And, too, the modern SUNSET way of dyeing is simple, certain, clean.

Inexperienced women who want beautiful things have no trouble with SUNSET. They find it easy to obtain the most wonderful color effects in dress materials and house-furnishings. Not only in plain colors, but in delightful tied-and-dyed designs. Our direction sheet shows how. Let us send it to you—it is fascinating.

There is only one SUNSET—it is different from all other dyes. Each cake in every one of the 22 SUNSET dyes colors all fabrics—silk, wool, cotton, mixed goods. No stained hands, no spoiled utensils. Wash the pan (as after any cooking operation) and use it to cook in again. You can't know the real pleasures of home-dyeing until you have used SUNSET.

SUNSET SOAP DYES

Look for the SUNSET display case in almost any food drug or department store. Ask to see SUNSET Color Card. Do not take a substitute—send 15c per cake, stating color desired, to our Dept. Our Home Service Department gladly answers any questions on home dyeing.

'Tis Thermos or 'Tisn't Thermos

If it isn't, it is not the original vacuum bottle introduced by us 20 years ago!
The name "Thermos" means a lot on a vacuum bottle. It means that years of technical experience have gone into the making of the bottle and that it is as perfect as human skill can make it. It means unconditional reliability.

Imitation Vacuum Bottles cannot possibly give you Thermos service. So tilt the bottle up and look at the bottom. If you see the name "Thermos" stamped there—you can be sure that you are getting your money's worth.
