

## Residence.

The original College Building is a stone edifice, elegant and commodious, pleasantly situated on the rising ground above the city, commanding a view of the University grounds, the city, and the scenery of the St. Lawrence. To this has been added by the large hearted generosity of the Chairman of the College Board, an elegant and much more extensive series of stone buildings, designated by the Board as the David Morrice Hall, including Convocation Hall, and Library, Dining Hall, Dormitories, and Offices, forming with the original building three sides of a large quadrangle. In external equipment the College is thus inferior to no Theological Institution on the continent.

In addition to its Halls, Library, Lecture Rooms, and Offices, it contains numerous Studies and Dormitories for resident students, together with bath rooms and other modern conveniences. The rooms are comfortably furnished, and the whole building, including the individual rooms, is well ventilated, heated with hot water pipes, and lighted with gas.

Resident students are furnished with rooms, heating, and light, with board and attendance by the Steward, whose fee will in no case exceed twelve dollars per month, and who is responsible to the Board of Management for the efficiency of his service.

Applications for vacant rooms must be made to the Dean of Residence, and these will be granted in the order in which applications are received. But in the choice of such vacant apartments, students having academic seniority
