YANKEE METHOD

INSIDIOUS SEDUCTION OF LIBERAL VOTERS

Plot to Entrap Unsuspecting Into Opposition on Reciprocity Issue

N. B., is just to hand with a remarkable story of the treacherous methods that are being adopted in Canada in the fight by the interests and the Tory arty against reciprocity. The story is ublished here in its unvarnished simplicity. While there have been no dislosures as yet in British Columbia showing that the people are being "worked" against reciprocity as the in-nocent and gullible farmers of Minnesota and Dakota were worked by the anks, trusts, creameries and manufac iring interests, this timely warning

ical parties can best be judged by the vessel would be lost.

same lines, and trust you will adopt same in principle "We would be glad to have your pinion of this organization, so that we ay benefit by any suggestions which not occurred to us here.

"Yours very truly, E ANTI-RECIPROCIAY LEAGUE
