WHAT IT REALLY MEANS.

British Domination on the American Continent Will Continue Forever,

At the Windsor Hotel, New York Monday night, a dinner was given by the Canadian Society. A number of loyal toasts were honored and severa' fervent speeches were made.

Erastus Wiman, among other things. said: The splendor of the diamond jubilee of the Queen possessed a peculiar significance in the magnificent hospitality extended to the representa-Portland and Victoria hung to- tives of Canada. The extraordinary moving easily, until Madison bridge was reached. Victoria here the stroke from 37 to 42, and away like lightning. Portland from 36 to 41, but could not over-James Bay boys, who shot over such a permanency of connection James Bay boys, who shot term the mother country and British Mosnwhile the Burrards rowed North America as to be full of instruc tion to the lesser half of the contineut. comprising the United States. The les son taught was the acceptance of the belief throughout the world, that forever pulled rapidly away from Geiger. hereafter, so far as mortal vision could was next to him; but Geiger pulled penetrate. Point is penetrate, British dominion on this continent would continue. This was a fact of profound significance to the Un: ed States, who at this very moment had commenced a career of annexation, going out of their way 2,000 miles to include Hawaii and her exceedingly mixed pour ulation within the union of common wealths. Once in the pursuit of outside territory, Cuba would be next in order, thin under the stern of the Hoo sion of Canada would seem to follow as a matter of course. But there never was a greater mistake. The day had gone by and place, finishing five lengths when it was possible that the territorial area of the United States could be exthe winner." area of the United States could be extended further north than the St. Lawrence, the Great Lakes and the existing imperceptible border line that south of its centre cuts the continent in two. The time was, perhaps, when such a possi-bility existed, but that time was past.

A GREAT GAME HAD BEEN PLAYED Portland vesterday, the start being e shortly before 4 in a choppy sea.

—a game between two leaders in diplothe fault of the former. There were use macy, the United States and Great Britalian. The stake had been half a content ed, but Turkey had carried deliberation. -a game between two leaders in diplo es Bay and Willamette got away to-tance to the United States than to Eng. and stayed by each other nearly tance to the United States than to Eng way down the stretch, Portland land. For, if there is anything at this moment essential to the restoration of prosperity to this country, it is a duplicathe gap until at Madison street tion of the elements which have hitherto but two lengths separated them, alone made it prosperous-namely, ever James Bays meanwhile bounded widening areas, immediate employment from the Willamettes, who were of the largest immigration and enrichment of the race. Portland gained ment by the development of natural retween the bridges, but Victoria's sources. But the game to win a region far greater than was won by the civil war had been lost so far as political James Bay leading by a scant aggrandizement was concerned. would continue to be lost, so far as concerns commercial gain, until a reversal of policy by the United States was reached, which, in the reaction, now possible might soon come. In this great ganfor half a continent, had Great Brita n chosen the cards she would have select ed a hand containing the very cards the United States has played. From the hour, a quarter of a century ago, that at commercial convention in Decroit, the United States consul-general at Montreal ent wherein the James Bay was recommended a repeal of the then exist-O'Sulfivan went against ing reciprocity treaty, with the avowed purpose of forcing Canada .nto the union, down to the present discussion of nd the Victoria boy, beating him the tariff at Washington, the policy of engths. The intermediate single the United States has resulted in a mor complete separation of the two nationalities that together held this continent in common than could have been accomplished by any other means.

COMMERCIAL HOSTILITY expressed in the repeal of the reciprocity treaty in order to force Canada into an- because they are a specific for the uric nexation, followed twenty years later by the agricultural section of the McKinley bill for the same purpose, with numerous other indications of similar spirit | der. had as completely separated Canada sess remarkable alterative, tonic and difrom the United States as if a war had been declared and a physical attempt had been declared and a physical attempt had by soothing influence on irritated or infailed to force that people into the union. flamed mucuous membranes of the Kidthe proposed repeal of the bonding prince news or Bladder. One pill a dose, 25 ilege of the Canadian railways, the a box. The cheapest medicine in the threatened alien law and the nigh duties world. now proposed on all that Canada pr duces, and that the United States so bully needs, will have no different result Indeed, the close observer in the L'nited States of Canadian development cannot fail to see the effect of this hostile policy upon a people so self-reliant, so aggressive and self-contained as are the Can adian people. The feature most marked Great Britain, and their eager desire tic friends and admirers. He will be to trade with her and to prefer her be cause of the treatment they have recended at the hands of the United States.

True, the Canadians are suffering from the isolation, resulting from an inability to reach their natural markets, from which they are cut off by the barbed wire fence of a tariff which cute the con- Monroe knocked Mr. Jones down. tinent in two. But the depression on the northern side of the line is not greater

than that which exists along the SOUTHERN SIDE OF THE BORDER. The end of the world, so far as trade to-

If in a review of the policy pursue at this moment yield intense gratification to all who desire to see perpetuated the

future policy of the United States. No longer will this country be actuated by a commercial nostility, having for its pur-

CONQUEST OF CANADA. As the younger Pitt long ago predicted, Great Britain has captured the United States commercially, so can the United States thus capture Canada to the great advantage of Great Britain, to the enormous enrichment of Canada, and with an advantage to the United States far exceeding that which in any other single direction can be achieved.

The one over the control of the control of

The one cure for hard times on both regions in the north will afford, the new markets that will follow, and the new room for immigration that this region on this continent alone affords. If, as one of MAY NOT RESIGN.
