

SERMON.

PASTOR RUSSELL
PREACHING IN OHIO

Spoke of the Christ of Prophecy and His Wonderful Reign.

Pastor C. T. Russell, of Allegheny, preached recently on "God's Oath-Bound Covenant With the Church of Abraham." A report is transmitted of his evening discourse from the words of the Apostle Peter: "Moses truly said, A prophet shall the Lord your God raise up unto you of your brethren, like unto me; to whom ye shall give ear, in all things whatsoever He shall declare unto you. And it shall come to pass that every soul which will not hearken unto me, to whom ye shall give ear, shall be brought down from heaven, and shall be trodden under foot of the Holy One, and shall be cut off from among the people."—Acts iii, 22-23. The speaker said:

"Our text continues the topic which we gave attention to Allegheny last Lord's Day and in New York City the previous Sunday, and which I understand reached quite a number of you through The Pittsburg Dispatch."

TYPICAL PROPHET, RULER, MEDIATOR.

"In the words of today's text the Apostle calls attention to the fact that all these coming blessings were promised in the words of the prophet Moses, and that Moses himself typified the coming great Deliverer. We call to mind how great was the deliverance which God effected for the people of Israel at the hands of Moses—bringing them out of Egypt and into the Red Sea, making them His covenant people."

"Great and wonderful as all that was, it was merely the shadow of the much greater and much better blessings God intends to bestow. Moses was a type—greater than Moses is the antitype; a typical servant, but the antitype was in the world of the prophet Moses, and that Moses himself typified the coming great Deliverer. We call to mind how great was the deliverance which God effected for the people of Israel at the hands of Moses—bringing them out of Egypt and into the Red Sea, making them His covenant people."

WHERE IS THE ANTI-TYPICAL PROPHET?
"Where is the great prophet like unto Moses? Where is his rule of righteousness? Where is the deliverance of the people from sin and death? Where is the predicted destruction of all who do not obey Him?"

"Look where we will, either in heaven or on earth, we see no such conditions as the text implies; we see no such great prophet as the text speaks of; we see no such deliverance and destruction of those who will not obey—these things are in the future. As our Lord directed, therefore, we are lifting up our heads and rejoicing, realizing that our deliverance is nigh."

GREAT PROPHET HAS MANY MEMBERS.
"It may surprise some, but not all of you, I am sure, when I say that the great Prophet of our text is not our Lord Jesus, only, but includes also the elect Church of this Gospel age, of which the Apostle declares, 'We are members in particular of the body of Christ.' He again declares that our Lord Jesus is the 'head of the church, which is His body.' Indeed this is a familiar metaphor, with which all Bible students are well acquainted. It gives us a picture not only of the intimate relationship of all the saints with the Lord, their Head, but also of the relationship one to the other as 'fellow members of the one body.' It carries, too, the thought of the joint-heirship of the Church with her Lord in the great Millennial Kingdom for which we pray, 'Thy Kingdom come.' They will be one as they are now. 'They will be one as they are now.' 'They will be one as they are now.'

"From this standpoint and from no other we are able to see the reason why so long an interval has been permitted between the great redemptive sacrifice for the sins of the whole world and the outpouring of the divine blessing upon the whole world. The interval of the Gospel age was just long enough, according to the divine wisdom and foreknowledge of the selection of the members of the body of Christ to be His joint-heirs in the Kingdom which came, and was not. We must remember that this election is not an arbitrary one, such as might have been accomplished in an hour of

a day, but rather it is an election in which each individual of the called is permitted the fullest opportunity for making his calling and election sure by demonstrating his loyalty of heart to the Lord and to the principles of righteousness in his love for these and for those that shall be saved."

"It has allowed time for the fitting and polishing of all the living stones which the Lord is preparing for the glorious Temple of the future, which will be filled with His glory in the resurrection 'change.' It has provided a sufficiency of time to correct, chasten, test, prove and make ready for the Kingdom all those whom the Lord designates as His 'jewels.' Mal. 3:17."

"And is not such a fulfillment just what we might have expected, namely, that the antitype would be very much larger than the type? True, the Jesus alone, the Prince of Life, the King of glory, highly exalted by the Father, would have been a grand antitype of Moses, without the association of any of the faithful ones with His antitype. But it pleased the Father to have it otherwise—as the Apostle declared, God gave Him to be the 'Head over all to the Church, which is His body.'—Eph. i, 22; Col. i, 18."

"Surely we who are now His consecrated followers, probationary members of His body, and who hope to be faithful to the end of our race course and to be received into His glory as the permanent members of His body, have every reason to rejoice that the Heavenly Father has so grandly planned the redemption of His church. We have the additional call to glory, honor and immortality, joint heirship with our Lord. Truly, eye hath not seen nor ear heard, neither hath it entered into the heart of man these wonderful things which God hath in reservation for them that love Him—supremely."

"MAKING OF TWAIN ONE NEW MAN."
"The Apostle Paul calls this matter a 'great mystery'—that is to say, a great secret. (Eph. i, 11:34, 35; Rev. x, 7.) It was not a great mystery or secret to the Jews that the Messiah would have associates in His kingdom, for it was the very hope of Israel that the Lord would 'select' their nation and use them as associates with the Messiah in the work of blessing all the families of the earth and establishing righteousness in the world. But it was a mystery as the Apostle pointed out, that Gentiles were to be permitted to be 'fellow-heirs of the same body.' All Jews, except those who were of humble heart, 'Israelites indeed,' were so prejudiced against the Gentiles, that they could not see in their own scriptures the plain declaration of this fact which the apostle and others of the early Church saw there."

"Endeavoring to make the matter plain, the Apostle declares that the middle wall of the partition between the Jews and other peoples was abolished, broken down, and their Law Covenant was at an end, and hence the Lord was privileged to give other nations and peoples the same opportunities and privileges as the Jews. He refers to this in various occasions. In Romans he pictures the whole Abrahamitic race as one body. He pictures the root of the Oath-Bound Covenant of Abraham. He tells us how all proper Israelites, Israelites indeed, were branches that olivine tree."

"All unbelieving Israelites were broken off, to the intent that their places might be given to worthy Gentiles out of every nation, people, kindred and tongue who would be engrafted into the olive tree. This was done, not only by telling that Jews and Gentiles were to be fellow-heirs of the same promise—the promise of being members and associates in the kingdom, the promise of the olive tree, the promise of the promise of being members of the Kingdom, the great Teacher, the great Ruler whom God would raise up for the blessing of the world."

"When we reflect that the Heavenly Father not only foreknew the fall, foreknew the redemption, foreknew the coming times of refreshing and restitution and when we reflect, too, that He purposed in Himself the selection of this seed of Abraham—Christ and the Church, which is His body—to bless all the families of the earth; and when we see that His promise was given more than 3,500 years ago, that our Lord died and redeemed us more than eighteen centuries ago, and then during this interval, since the Lord has been selecting His Church, the immensity of this preparation for the blessing of the world adds assurance to the testimony of all the holy prophets respecting the times of restitution, that they will be incomparably grand seasons of refreshing."

"As we get a thought of the preparation for that time it gives added weight to the Lord's declaration through the prophet Isaiah, that in this mountain or kingdom of God's dear Son and His joint-heirs—the millennial kingdom—God will destroy the veil of ignorance, superstition and shame which is spread over all people and make unto all people a feast of fat things and wipe away the tears from off all faces and put away the reproach of His people and swallow up death in victory."—Isa. xxv:8-9.

WINDING LEDGES BILL.

OTTAWA, March 22.—The Winding Ledges dam bill came up before the private bill committee this morning. The promoter of the bill, the Hon. Mr. Costigan, when asked for an explanation of it, said the bill was introduced by himself two years ago as the representative of Victoria and Madawaska. The request was for a dam across the St. John river at the Winding Ledges, the only natural place on the river. This portion of the county had mills which required supplies of logs. The proposed dam was for that purpose. The St. John people claimed the project was to ruin the city. Mr. Costigan said that he had been in public life for a long time, but had never contemplated injury to St. John. However, there were other lumbering interests than those of St. John. The city would be no good without the outside country to supply it. It was for the purpose of enabling the upper river lumbermen to sort out their logs. On the Ottawa there were greater lumber interests than on the St. John. No one ever heard of opposing the construction of booms on the Ottawa for the purpose of enabling the up-river millmen to sort out their logs. Mr. Costigan complained that the gentleman who had come from St. John had introduced himself to him; that was a courtesy due to an old member, he thought. He was speaking for the benefit of the province, and he presented, and had since considered, and he asked the committee to report the bill favorably to the house.

Hon. Mr. White was on hand to oppose the bill. He said that it would be only there to offer a constitutional objection.

Dr. Daniel said the request for the dam was a project to be a lumber dam of the upper waters of the St. John river and injure a great New Brunswick industry. A large number of New Brunswick lumbermen were present to protest against a dam which would prevent them from freely floating their logs down the St. John river.

Hon. Mr. Fitzpatrick said there was a most interesting point of international law involved in the case, and the proper committee to refer to until he had the opportunity of consulting the government on it.

A vote on the bill will not be taken by the committee for some days.

SANDY FERGUSON FROM BOSTON.

Cleared Out a Poolroom in Moncton. Meeting of Shedd Deane.

MONCTON, March 22.—Sandy Ferguson, a pugilist from Boston, who is a native of Moncton, has been on a visit to his old home here, entered George Meahan's pool room this afternoon noticeably under the influence of liquor and started to make a rough haul on the proprietor's billiard table when Ferguson commenced to throw pool balls about in such a promiscuous fashion that he soon had the place to himself. Some of the young men who were present tried to approach Ferguson, but they forgot to take their overcoats. After breaking some glass Ferguson retired to the nearest bar. Meahan, who does not seem to object to the pugilist's playful ways, has had him summoned to appear in police court on Saturday.

Pain Across the Kidneys
For Three Years.

Suffered Great Agony.
Could Not Stoop or Bend.

No disease is so quiet and stealthy in its approach as kidney disease. That is why it is so dangerous. It may become deep-seated before you realize the danger. It is therefore of great importance to recognize the early warning symptoms, because in its early stage kidney disease is easily curable. Pain or dull ache in the back is one of the first signs. So are bladder pains, bearing-down pains, smarting sensation when urinating, frequent or suppressed urination, and gravel or stones in the urine, etc. You cannot be well if your kidneys are not performing their functions properly. In all ordinary cases of any derangement of the kidneys, a few doses of

DOAN'S KIDNEY PILLS will put the patient right; in old or chronic cases, the treatment should be persisted in.

Mr. Michael A. McInnis, Woodbine, Ontario, writes: "I have suffered with a pain across my kidneys, and was so bad that I could not stoop or bend, and it was very distressing. For the last three years I suffered great agony with pain across my kidneys, and was so bad that I could not stoop or bend, and it was very distressing. On the advice of a friend I procured a box of that valuable life-giving remedy, and I immediately began to feel better. In my opinion Doan's Kidney Pills have no equal as a cure for any form of kidney disease."

Price, 50c. per box, or 8 for \$1.25. All dealers, or direct by mail.

SHIPPING NOTES.

The crew of the bark Enterprise, at Stamford, Conn., want C. D. Robinson, first mate, arrested for alleged assault on the high seas. Chas. Lindblum of Stockholm has made formal complaint. The men tell the usual story about bad food, carelessness of watch and abuse. The mate denies the charge and Capt. Steeves states he had heard of no ill treatment, nor were there any complaints made to him. The men were signed for twelve months' service and they want to be paid off.

The topsail ch. Rhoda, twenty-seven days from Porto Rico for Halifax, with a cargo of molasses, put into Liverpool, N. S., on Friday leaking and damaged and badly strained. She is discharging and will go on the railway for repairs.

Portland Press: Bark Kate F. Troop arrived on Saturday afternoon, light from Barbados, and will take on a cargo of lumber to be shipped by the F. Dudley estate to the River Platte, S. A. The troop had a good average number of jars on board, and the members of the steward's department. They are considered very good men about a vessel and make excellent cooks.

The sch. Minola, Capt. Forsythe, from San Domingo, arrived at New York yesterday.

AN INTERESTING DESPATCH.

PARIS, March 23.—The Temps today printed a despatch from Constantinople announcing the German ambassador has presented a note to the Porte which is said to be a veto upon Turkey placing eventual orders for arms in France with menace of serious consequences if the note is disregarded. The Ottoman cabinet, it is added, is seriously embarrassed and indignant at the dictatorial conduct of Germany.

MORE DELEGATIONS.

OTTAWA, March 23.—The corridors this afternoon are filled with delegates and deputations here from Ontario and Quebec to see the government, one of the strongest delegations is that in support of the trading stamp industry in opposition to the crowd which a few days ago wanted trading stamps legislated out of existence. As usual, the department of justice will do nothing but mark time.

PERMANENT CURE FOR BRONCHITIS.

"My second daughter was troubled with bronchitis from the age of three weeks. Often times I thought she would choke to death. Dr. Chase's Syrup of Linseed and Turpentine brought relief, and further treatment made a thorough cure. This trouble used to come back from time to time, but the cure is now permanent."—Mrs. Richmond Withrow, Shubenacadie, Hants Co., N. S.

BASTER LILIES SCARCE.

Easter comes rather late this year and the prospects are that Easter lilies will be scarce, at least that is what the local florists say and to back it up are advising their customers to place their orders early. They are not doing this to increase business, but so that their regular customers will not be disappointed. Carnations there will be in abundance although the price will remain probably as at present, seventy-five cents per dozen.

Lever's T. Z. (Wise Head) Disinfectant Soap Powder is better than other soaps as it also acts as a disinfectant.
