Liverpool and London LIFE and FIRE INSURANCE COMPANY,

INSTITUTED IN 1836.

Incorporated by Special Act of Parliament.

CAPITAL—TWO MILLIONS STERLING.

Unlimited Liability of the Shareholders of the Company.

Subscribed Capital, £1,000,000.

Life Assurance Capital, &c.	£207,892	10 6
Accumulated Fund,	336,972	4 3
	£544,864	14 9

THE 18th Annual General Meeting of this Company was held at Liverpool on the 8th February last, when the following Report of the business of the Company during the past year was submitted:—

"The increase in the Fire Insurance Business must be satisfactory to the Proprietors, as showing the rapid and safe progress which the Company is making. The receipts for the past year have increased considerably over those of 1852, while the losses have materially diminished.

	1852.	1853.
Receipts,	£238,166	£118,879
Losses,	59,001	47,846
Profits,	£239,582	£70,766

These results show, notwithstanding the very numerous and destructive fires that have occurred both in this country and especially in America, that great caution has been exercised in taking risks, on the part of those on whose judgment the Directors must necessarily in a great measure rely. The reserved surplus fund now amounts to £143,712.

The Officers for the current year at Liverpool are:

HOLLOWAY'S OINTMENT.

EXTRAORDINARY CURE OF A CASE

ABANDONED BY

Guy's, the Metropolitan, King's College, and Charing Cross Hospitals.

SUMMARY OF AFFIDAVIT.

Wm BROOKE, Messenger, of 2 Union street, Southwark, London, maketh oath and saith that he (the deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left leg, and ulcerated sores and wounds on both legs, for which complaint he was admitted as an out-door patient of the Metropolitan Hospital, in April, 1851, where he continued for nearly four weeks. Unable to receive a cure here, the deponent sought relief at the three following Hospitals:—King's College Hospital, in May, for five weeks; at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital in the end of August, for some weeks more; which deponent left, being in a far worse condition than when he had quitted Guy's, where Mr BARNSBY COOPER, and other medical officers to the establishment, had told deponent he MUST undergo the loss of either his left leg or LOSE HIS ARM. The deponent thereupon called upon Dr. Bright, chemist of Guy's, who, on viewing deponent's condition, kindly and liberally said, "*I am afraid, at a loss what to do for you; but here is half a sovereign, go to Mr. HOLLOWAY, and try what effect his Pills and Ointment will have, as I have frequently witnessed the wonderful cures they have effected in cases far worse than yours.*" This unparalleled advice was followed by the deponent, and a perfect cure effected in three weeks, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed! Where Dr. Bright was known the deponent met the reward of his advice and charity, and "I am well convinced and thoroughly believe that if I ever saw or met an object in want of help, your aid. I can only consider this cure [illegible] charm!"
