TWO WORKMEN ARE DEAD AND THIRD INJURED IN ACCIDENT ON WEST INDIAN S.S. CARAQUET

Tons of Raw Sugar Fell on Workmen in Steamer's Hold—John Arsenau and James Byard Dead and Joseph Malette Has Broken Ribs and Jaw—Injured Man in Hospital.

John Arsenau, of 244 Sydney street, Joseph M. Malette, of 206 Sydney street, longshoremen, and James Byard, colored, of 136 Mecklenburg street, who is employed by William Thomson and Company as a cooper, were buried under about fifteen tons of raw sugar in the hold of the Royal Mail Steam Packet steamer Caraquet, last night. Arsenau was almost instantly killed; Byard with a badly fractured skull is not expected to live, and Malette, with two ribs broken and a jaw fractured, is expected to survive. John T. Haley, a checker in the Thomson employ, who resides at 259 Union street, West St. John, with Frank Cormier and Percy Puddington, two longshoremen, narrowly escaped the fate of their companions. The steamer is discharging cargo at the Atlantic Sugar Refineries pier, and the accident took place about 9.30 o'clock. The men in question were working in the No. 2 hold of the ship. The longshoremen were discharging raw sugar for the refinery. This sugar is in bags each weighing from 200 to 250 pounds. The St. John consignment was in the centre of the hatch, and the men had worked down to about the last layer of bags. A large consignment of sugar for Halifax was piled around in tiers about eighteen feet high, and to those working in the hold looked perfectly solid and safe. About 9.30 o'clock John P. Arsenault, who was driving the winch hoisting the cargo from the No. 2 hold, was looking down in the hold. In conversation with The Standard shortly after the accident Arsenault said he noticed the highest tier of the Halifax sugar toppling over on the men. He shouted out a warning, Frank G. Cormier, Percy Puddington and John T. Haley jumped clear and were saved. Joseph M. Malette, James Byard and John Arsenau failed to get away in time, and the tons of cargo crashed down on the men and covered them. Part of Malette's body could be seen while the other two men were completely covered. The alarm was given and every man working on the cargo in the other holds rushed into the No. 2 and set to work to remove the heavy bags of sugar from the bodies of the unfortunate. The longshoremen worked hard and fast, but it was nearly half an hour before the buried men were rescued and tenderly hoisted to the deck of the ship and then to the dock. It was thought by some that there was life in the body of Arsenau while being removed from the hold, while others who assisted in conveying him to the deck of the ship feel satisfied he was dead. Byard was unconscious, while slight groans could be heard from the prostrate and semi-conscious Malette. Dr. Case was summoned and arrived quickly. As soon as the doctor examined the body of Arsenau he pronounced him dead. He ordered the other two men's removal to the General Public Hospital immediately. Shortly after the ambulance arrived and the two injured men were conveyed to the hospital for treatment. At the hospital it was found that Malette had received severe injuries, two of his ribs are broken, and he has sustained a fractured jaw. A report from the hospital late last night was that it was expected that he would recover. On examination it was found that Byard had received a bad fracture of the skull, and it was announced that it was only a matter of a few hours when he should die.

YESTERDAY SAW SEVEN SIGN ROLL

Recruiting Still Brisk—Construction Corps Continues to be Favorite—Other Military News.

- ROLL OF HONOR. E. J. Sullivan, St. John. Wesley Thorne, Newfoundland. P. Durdie, Newfoundland. Fred W. Breen, St. John. H. H. Hoyt, Hampton. J. Hennessy, Courtenay Bay. No. 1 Construction Batt. George Smith, Parraboro. Field Artillery.

Seven men were found fit yesterday and signed the roll of honor. They will now take their places beside their brothers who have already done the khaki and are doing their bit for king and country. No. 1 Construction Battalion will seem to be the favorite as six of the seven joined that unit, the other is for the field artillery. While two of the seven are credited to Newfoundland, they have been living in the city for some time. The colored citizens of Canada are at last to have a chance to enlist, and are to have a unit of their own. No. 2 Construction Battalion, to be composed of colored citizens of Canada, has been authorized, and it is expected that the authority to start recruiting will be given very soon. It is to be under the command of Lieut. Col. Sutherland, and will mobilize, it is expected, at some point in Nova Scotia. A twenty-one day school of bayonet fighting and physical training commenced at Aldershot camp on Monday, July 10, for the benefit of the overseas battalions in Aldershot camp. In addition, two officers and twenty other ranks are attending school from the 25th American Battalion. The class of work they will cover will be physical drill, marching, etc., and bayonet fighting. The recruiting returns for the province for the month of June show an increase over May, 427 having enlisted in June, while the total for May was only 250. This month has started well and will likely show a decided increase over June. Westmorland leads with 75; St. John is in second place with 63; Gloucester is third with a total of 42. The tabulated statement is as follows: St. John 63 Kings 47 Queens-Sunbury 19 Charlotte 14 York 26 Carleton 24 Victoria 21 Madawaska 35 Restigouche 23 Gloucester 42 Northumberland 76 Kent 10 Westmorland 75 Albert 52 427
