St. Peter's Won
From CarletonCity League Fixture Went
Eight Innings Last Night—
Good Crowd and Good Ball

St. Peter's added another to the string of victories in the St. John City League last evening by defeating the Carleton team, 6 to 3. The game went eight innings and proved particularly interesting to the large number of fans present. Hansen for St. Peter's had seven strike-outs while Henderson for the losers struck out six.

The details are as follows:

Carleton	AB	R	H	P	O	A	E
Clarke, 3rd b.	4	1	0	3	0	2	
Marshall, rf.	4	2	2	0	0	0	
Gorman, 2nd b.	4	0	2	6	2	1

Season's Record
At Toledo RacesSingle G Made the Mark in
the Free For All — Other
Events.

Toledo, O., July 21.—All four events at the opening day of the Toledo Grand Circuit harness race meeting at Port Miami Park here today were won in straight heats, Single G. Direct C. Barnett, McGregor the Greater and Brown Forbes being the winners. A season's record was made in the second heat of the "Free-for-all" pace, when Allen drove home Single G. in 1:58.34, 34.4 time for the last half, 59.13 seconds, also being a record.

Summary:

LITTLE BITS OF SPORT CHATTER

The harbor looked like old times last evening. Two four oared crews and one single were out training. There is a revival of interest in boat racing here and it is hoped to see some good sport during the summer.

St. Peter's still has its winning streak. Last night, Carleton went eight innings against them but the Saints jumped to the front in the first and retained the lead.

About five thousand fans saw the games on the holiday. Calais drew well. The spectators came across to better advantage and gave the boys some well merited financial support.

The Veterans are going into the sporting world quite extensively. It is expected to have strong baseball and football teams. The rowers are also getting into time and two four-oared crews are now in training. There are several single scullers working hard to get in proper trim. The Veterans should make a good showing in all branches of sport.

It is expected that St. John will have several soccer teams this year. The boys saw the great advantage of the game while across the water and the game should have a good season here.

Thertrack athletes will have a chance of showing their goods at the Y. M. C. I. sports early in August. It is understood that several promising youngsters are taking the matter seriously and are under rigid training. Some of the old ones are also expected to be on hand and stack up against the novices.

Swimming is having a revival here. Over at Marble Cove the youngsters demonstrate their ability on the holiday. It is expected that some new equipment will be installed and later on in the season championship events will be held.

Killing The Game
By Fight Tactics

Toronto Sports Writer Sees
End of Professional Lacrosse
Under Present Conditions.

A Toronto sports writer sees the death of professional lacrosse. In reference to a recent game he wrote the following:

"One reason why professional lacrosse is on the down-grade is due to the rowdiness that invariably crops in all games. Evidence of this fact was borne out on Saturday at Montreal, when the Shamrocks and Canagawagas clashed in a championship N. L. fixture. It appears that Penny, of the Shamrocks, who suffered an accidental cut on the head from the stick of White, started a fight that terminated in a general mix-up between the players of both teams, while the crowd rushed on to the field to take their part in the fight. After the judge of play separated Penny, started in for the second time. This time choosing as his victim Paul Jacobs, who had played for the Shamrocks in the previous fighting whatever the row was again on. After White and Penny had been both ruled off, Canagawagas started an argument with the referee, who was, however, given the quietus by Referee Albert Pigeon. In the final quarter there were frequent breaches of discipline. It is tolerated the "national game" will become obsolete. Fans, at the present time, are sane and level-headed and do not stand for such breaches of sport etiquette."

THE ST. STEPHEN.
ST. JOHN HIGHWAY

Standard's Many Appeals for
Better Road Has Been
Granted—Work Has Been
Started—To Finish at Close
of Season.

After playing a waiting game for many months and leaving the St. John-St. Stephen highway in a disgraceful condition, keeping a great amount of American automobile tourist travel away, the provincial department of public works made a known yesterday that work had been started on the bad stretches, and it is expected that this road will be put in good shape by the fall, which is rather late for this season's traffic. For a long time The Standard has complained and printed statements made by automobilists of the dangerous condition of the road, and according to the statement given out by the chief road engineer, in which he mentions the bad sections, it will be seen that the statements made by this paper have been facts and not rumors. It will take considerable money and work to place the St. John-St. Stephen road in a fit condition for safe travel, for many car owners have been put to the expense of repairs for damage caused their cars while attempting to travel between this city and the border town. All tourists who have heard of this important road have kept away from the province and as soon as it is put in good condition it should prove one of the Tourist Association's feature advertising articles in letting automobilists to the south know that they can enter New Brunswick by one of its chief trunk roads without danger of breaking car springs, being mired in the mud or thrown into the ditch. This important work has been a long time coming but better late than never.

STARS FOR ILLINOIS.

Out of the Illinois A. C. they are leaving no stone unturned for the Illinois Club to win the National A. A. C. championships in September. Already they have corralled Bob Simpson and Jole Ray as fixtures for the meeting and the Westerners are working to develop a team around these two stars. Simpson is due back from the inter-allied games over in Paris any time now, while Jole Ray is taking things easy, doing odd amount of work to keep him in a suitable condition. Jole has not forgotten all about the world's figures in a mile run and wants to hold this mark before he quits the game for keeps.

U. S. A. CHAMPS.

According to report from New York nearly all the American athletes who took part in the interallied games in Paris will be back in this country in time for the national A. A. U. championships in September. This means that American athletes followers will have an opportunity to see these same stars perform on American soil. Although no place has been definitely selected as the scene of the American championships until all signs point to the game being held at the New Pershing Field over in Jersey. This field will be the site of the coming metropolitan championships, and although now is said to be one of the best in the East.

EAST END LEAGUE.

In a fast seven-innings game on the East End League diamond last evening the Cotton Mill team defeated the Rockwoods by a score of 9 to 6. The batteries for the Cotton Mill were Brooks, Gillespie and Cooper and for the Rockwoods Cuthbertson, Seely and Friers. The umpire was D. Currie. A large crowd watched the game. The grounds and games committee met during the evening and received the names of the players on the five teams in the league. Each team is allowed to choose highest players, and no more. Tonight the Imperials will play the Cotton Mill.

AT MARBLE COVE.

The swimming pool at Marble Cove was a busy spot Saturday, and a fine series of swimming events were carried out. It is expected to see similar events at frequent intervals. The next races will be held on Wednesday evening at seven o'clock. It is expected to hold champion events during the summer.

Assistance For
Prov. Rifle ClubsMilitia Department Will Give
Aid on a Pre-War Basis for
Annual Competition.

The Militia Department has decided that there is no objection to rendering assistance to provincial rifle associations in regard to the annual grants. Loan of rifles and camp equipment as well as the issue of ammunition for the purpose of resuming the annual competitions.

Grants to provincial rifle associations have been provided for by Parliament on a pre-war basis and may be applied for by those associations whose expenditure warrant it. Associations in all cases will require to have complied with the following regulations:

"The provincial rifle associations should furnish, not later than December 31st each year, an annual report and return showing the dates of prize meetings or rifle matches held, the number of competitors at each rifle match or meeting, the amount received from competitors and other sources during the year, the amount expended for other purposes under the several heads of expenditure."

Applications for grants will be forwarded to headquarters for approval.

MIGRATORY BIRDS
CONVENTION ACT

Any Person Found in Possession
of Any Parts of Plumage
of Migratory Birds is
Liable to a Fine of \$100.

Do you wear feathers in your hat? If you do and they are from birds protected by the Migratory Birds Convention Act, you are liable to a fine. Sea gulls come under the terms of this act, and if anyone is found in possession of any parts of the plumage of one of these, he is liable under the act.

Several years ago there was a convention of United States and Canadian representatives, and it was found that birds of the non-game variety were being killed and their plumage used for hats and other decorations for women. It was decided to make laws in each country so that these birds would have a chance for their lives in both countries. So now these migratory birds, whether they are summering in Canada or wintering in the United States are protected, and even if persons are found with their plumage they are liable to a fine of \$100.

SAYS HE WILL QUIT.

Carl Mays says he is all through playing for the Sox, but we have heard that he has not yet decided to leave. The star twirler of the Red Sox gang says that he cannot do his best work under the Barrows regime and hence we try and talk to other players. Mays is one of the few ball players who ever made such a crack, for, as a rule, it has been every ball player's ambition to play in a Red Sox uniform. No doubt we will read of a change of heart after Carl has a chance to think over his case seriously.

SCORELESS INNING RECORD.

When he defeated the Coitreville team, 10 to 0, Pitcher Newkirk of the Norris City baseball team, established what is believed to be a world's scoreless innings record. He pitched 63 innings without being scored on. The Norris City team is composed of former league players.

NEW TRAMWAY ISSUE.

On page 10 will be found particulars of a most attractive investment security brought out by Messrs. F. B. McDurdy & Co. The issue consists of Three Year Coupon Gold Notes in denominations of \$500 and \$1,000, bearing interest at the rate of 7 per cent. per annum. It will be noticed that both the Notes and the Coupons are payable in New York.

By the recent change of management Messrs. Stone & Webster, the well-known firm of operating engineers, now have charge of the company's affairs. They are introducing extensive plans for improvement and extension for which the proceeds of this issue will be used. Their skilled supervision should insure good service to the public and satisfactory returns to investors.

The Notes have been authorized and sanctioned by the Nova Scotia Board of Public Utilities and the correctness and legality of the issue have been certified to by well known solicitors.

We believe that our readers will find this issue well worthy of consideration.

THE GLENWOODS WON.

Last evening on the St. Peter's diamond the Glenwoods defeated the Crescents by a score of 3 to 2. The game was fast throughout and was witnessed by a large number of spectators. Harney pitched a fine game for the winners, and Leo McCrosin won the game by a fine hit which scored two men. Sensational catches were made by Hughes and Doherty for the Glenwoods. Batteries: For the Glenwoods, Harney and McCrosin; for the Crescents, McGovern and McCarty.
