BRITAIN NOT TO RACE U. S. FOR SEA SUPREMACY, SAYS GIBBS BEFORE COMMITTEE

Noted War Correspondent Declares American Navy Is Not Regarded as Menace by Britons—Crushing of Germany's Sea Power Relieved Empire of Greatest Worry—The Bolshevik Army World's Greatest Danger.

Washington, D. C., Feb. 8.—Great Britain will not undertake a race with the United States for sea power, Sir Philip Gibbs, British war correspondent, declared today before the House Naval Committee. Great Britain has the money, he said, and most Britons do not regard the United States navy as a menace. Sir Philip said that before any agreement for disarmament could be reached by the principal powers the Russian question would have to be settled and the Russian people drawn back into the "family of nations."

Representatives of the Russian Soviet Governments should by all means be included in any conference to discuss disarmament, Sir Philip declared. He characterized the Russian Red army as "the greatest military menace to the world and said that present conditions in Russia were producing great numbers of professional soldiers. "There is a spirit of revolt, entirely apart from Bolshevism in Europe today because of the general fear of another war, the witness declared, adding that the Russian felt that they had been betrayed in the last war because they had been told that it was a war to end war."

BRITISH PEOPLE WOULD OPPOSE ANY SCHEME TO CANCEL DEBTS

London Morning Post Declares Suggestion Hurts the National Honor.

URGES SETTLEMENT

Britain Cannot Afford to Postpone Payments to United States.

London, Feb. 8.—Newspapers of this city give great prominence to discussions of the address of August Chamberlain, chancellor of the exchequer, at Birmingham on Friday, in the course of which he declared the United States had indicated proposals for the remission of the allied debt would not be favorably received. The Morning Post, in commenting on the address, said today that the suggestion is out of the question. The British people would never countenance it, and the sooner the government takes the requisite steps to fund the American debt the better. "That expedient is out of the question," the newspaper said. "The British people would never countenance it, and the sooner the government takes the requisite steps to fund the American debt the better."

PROPOSED PLANS FOR CIVIC OFFICES ON PRESENT SITE AND CITY HALL ON FEDERAL SQUARE

These two plans for civic offices are under consideration by a special committee of the city council. They were prepared by General Manager E. V. Buchanan and R. W. Swartz of the public utilities commission. The above plan provided for the extension of the present city offices. Another story would be added to the utilities building, and the whole structure would be four stories in height except in the centre, which would be five stories. The council chamber would be located on the fourth floor in this section and extend up to the top of the building. It is estimated this will cost \$400,000.

Above is the proposed plan for a city hall on the former McCormick property. It was drawn largely for the purpose of preparing estimates and would not likely be the design adopted if a decision is made to build there. Competitive plans from the best architects in Canada would be called for. The public spaces in this building would be much larger, and it would have more stone face, whereas the one on the north side would only require a stone front. It will cost at least \$775,000.

Precious Stones Reported To Be Drug on Market

Amsterdam, Feb. 8.—Nearly 8,000 of the 10,000 members of the Diamond Workers' Union in this city and in Antwerp say an era of financial stringency has supplanted the epoch of free spending to such an extent that precious stones have become a drug on the market, although prices are being maintained. The industry received a serious blow through the Russian revolution, that country was the greatest buyer of gems. Austria and Germany then fell out, and now the depression in the United States has cut off the last great market for the addition of a large number of gems formerly owned in Russia have been placed on the market by the Bolsheviks.

FAVORS CONSTITUENT ASSEMBLY

Athens, Feb. 8.—The National Assembly of Greece yesterday voted by acclamation in favor of declaring itself a constituent assembly. This step was made necessary by the projected revision of the Greek constitution, forecasts of which have indicated that the prerogatives of the king would be more clearly defined, and clauses inserted establishing a senate. Reports were in circulation late last year that the new constitution might provide for the establishment of a republic, but such action is not considered probable.

HOW MUCH SHOULD ALDERMEN BE PAID?

Ald. Ashton Leaves It to His Conferees to Decide.

REAL DELICATE QUESTION

For Some Might Put an Excessive Value on Services Rendered.

Payment of aldermen will be one of the chief topics for discussion at the next meeting of the city council. Ald. John Ashton at Monday night's meeting gave notice that he would make a motion at the next meeting to pay the city fathers for their strenuous efforts on behalf of the public a salary of \$1,000 per annum. Ald. Ashton will not suggest any particular sum as the employment of the members of the council should receive, but will leave this for his colleagues to settle.

"If I think it is proper way to run the city business," he said, "the aldermen when receiving a salary would feel more responsible to the people than they do now. It would do away with the appointment of special committees as well. Either No. 1 committee or No. 2 committee would take all matters that came up, instead of appointing special committees as at present."

USE SURRENDERED GERMAN WARSHIP TO MAKE TEST

Washington, Feb. 8.—Preparations were under way in the United States navy department today to decide by actual test the question of the relative superiority of aircraft and the modern battleships. Secretary Daniels in a letter to Secretary Baker yesterday invited the war department to participate in experiments to be carried out within 30 days in which the surrendered German battleship Ostfriesland probably will be used as the object of attack by aircraft dropping high explosive bombs from the air. Conditions approximating as closely as possible those of battle will be simulated in the tests.

Lands in Court Rejoicing Over Visit of Stork

New York, Feb. 8.—William Downey, 28 years old, of 128 West One Hundred and Thirtieth street, after pleading guilty to a charge of incest with his sister, last night, received a suspended sentence after he explained the cause.

Downey was arrested at One Hundred and Sixty-fourth street and Eighth avenue, in front of the home of his brother-in-law, when he refused to obey an order of the police to get out of the house.

When Downey's sister was about to become a mother, Downey and his husband made a bet. Downey bet the child would be a boy, and his brother-in-law bet it would be a girl. Last night the stork made his call. Downey was informed the baby was a boy and collected the bet. He took a few drinks to celebrate, and when he returned his brother-in-law demanded the money back, explaining that "twins had been born, the second child being a girl. Downey refused to give up the money, and went around to have another drink. When he returned he became belligerent and was arrested."

RECRUITING STATIONS FOR U. S. ARMY ARE INSTRUCTED TO CLOSE

Strength Must Be Reduced to 175,000 Men.

Washington, Feb. 8.—The bars were up today against further enlistment in the United States army until the enlisted strength automatically is reduced to 175,000 maximum authorized by law. The War Department yesterday made law by duplicating the action of the House in over-riding the presidential veto. Without awaiting official notification of the Senate's action, Secretary of War Baker last night ordered every army recruiting station in the United States to close down on enlistment.

GERMAN STATES TO URGE GOVT. NOT TO ACCEPT

Premiers Advise That Allied Reparations Demands Be Refused.

Munich, Bavaria, Feb. 8.—Premiers of the various German states have agreed to urge the Berlin Government to refuse compliance with the allied demands as formulated by the supreme council in Paris two weeks ago. This became known here today, when Dr. Von Kahr, premier of Bavaria, returned from Berlin, where he took part in the conference of federal premiers on Germany's attitude regarding the allied note.

Paris, Feb. 8.—Charles Laurent, the French ambassador to Germany, had a long conversation with Premier Briand last evening. Newspapers declare they discussed the situation created in Germany by the decisions of the supreme allied council, and the views of the German states on the matter. Mr. Laurent is expected to deliver a speech in the Reichstag tomorrow regarding the allied note.

The possibility that an answer to the allied note has already been sent to Paris is mentioned by some newspapers, and it is declared the Germans have been able to see in the proposals of Mr. Lloyd George of Great Britain and Foreign Minister Stora of Italy that allies are solidly aligned in making their present demands upon Germany.

SCHOOL BOARD RESTING UP FOR TORONTO TRIP

Trustees Will Lay Building Plans Before Department.

NO MORE MEETINGS

Of No. 3 Committee On Question Needed, Says A. A. Langford.

School Trustees are enjoying a rest today, which many of them consider well earned after their three-hour session Monday. Preparations are being made for the whole board to go to Toronto Friday, where the building plans will be laid before the department of education. Approval of a sixteen-room school on the old site and of plans for branch schools will be asked. The approval of the department is necessary before any work can be done.

It is possible that No. 3 (Collegiate) committee will hold a meeting Friday, but no definite plans to this end have been made. The committee, pointed out that there was no further action that could be taken by the committee, and if a meeting was called it would be only for the purposes of discussion.

Montreal Gazette, Government Supporter, Calls On Meighen To Face the Issue and Let People Decide—Demand Is One That Cannot Be Evaded, Says Regina Leader—Meighen Government's Latest Rebuff in Latest Liberal Landslide Means That Further Usurpation of Power Will Not Be Permitted, Says Le Canada—G. N. Gordon, Liberal Standard-Bearer, Carries Tory Stronghold by Plurality of Over 1,300.

Peterboro, Feb. 8.—Peterboro is slowly waking up to the fact that there has been a local political upheaval. Belated returns this morning increased G. N. Gordon's lead to over 1,300. The one poll to hear from has about 30 votes altogether. The official report of the returning officer will not be available until Friday of this week. Mr. Gordon is busy receiving telegrams of congratulation from all parts of the Dominion, including two from London, England.

With five candidates in the field it was not expected that the turnover would be so sweeping. Every available means was used to bring out the voters, and it is estimated that 13,000 votes were polled out of a possible 16,500. This is an unusually large vote for this constituency.

Party workers and camp followers returned to Ottawa last night and the party election machines are being scrapped today. The four defeated candidates have issued vaudeville messages addressed principally to their workers. When it became definite, known last night that G. N. Gordon was elected, the Liberal supporters took possession of the opera house, where a moving picture program was in progress. Speeches were made by the candidates and others. It is the first time in nine years that Peterboro has had a Liberal representative in the Federal platform.

VICTOR IN W. PETERBORO

Montreal, Feb. 8.—Under the caption "Why Not an Appeal?" the Montreal Gazette, one of the Meighen Government's most influential supporters, urges editorially upon the Federal Government the advisability of a general election after the supply bill has been passed. The Gazette says in part: "The by-elections won by the Government mean merely the retention of seats and indicate no new popular confidence, while the contested seats in East Elgin and West Peterboro have swung to the Opposition and weakened to that extent the strength of the majority. It happens that at the moment the time is propitious for an election, and that the Government has a chance to secure a majority. The Government is to proceed with the supply bill and then permit the electorate to express its preference. The order that stable administration and a confident policy may be carried on. The situation is now uncertain. The House of the Ministry hangs by a thread and under this circumstance strong administrative action is impossible. Governments are not constitutionally upheld by loss of a by-election or two, but by no government can disregard the handwriting, and above all, no government can gain the present, nor survive in the future that does not owe its existence to popular support. If the Government is to survive, it must win a general election."

G. N. GORDON, the Liberal candidate, who scored a smashing victory over the Meighen Government forces yesterday in the West Peterboro by-election.

MAGNIFICENT VICTORY.

Montreal, Feb. 8.—LE CANADA: "It is a magnificent victory that the Liberal candidate in West Peterboro has won. For a Liberal to have carried the Tory stronghold by a crushing majority indicates to what a degree our party feeling has thought proper to show itself."

The victory has a double significance. It is a complete rebuff for the Meighen Government. Continued on Page Seven.

FEDERAL ELECTION LOOMS ABOVE POLITICAL HORIZON

Ottawa, Feb. 8.—Canadian Press dispatch.—Imminence of a general election is widely discussed here as a probable result of the Liberal victory in West Peterboro. Although members of the Government decline to discuss the possibility of such an outcome, there is a strong wing among Government supporters which favors appeal to the people, and adoption of such a course would not create much surprise in well-informed circles. If the Government decides to dissolve, dissolution would probably come following the passing of supply.

Whatever course is adopted in this regard, there is no doubt that the Peterboro result will pave the way to some lively fighting in the House. Liberals are exultant over the result and intend to make the best of it in the House discussions.

"It will not be a private fight," as one leading member put it today; "anybody can come in."
