

PEACE TREATY PRESENTED MAY 7

Toronto's Industrial
Situation is Gloomy
Movement for Provincial
Eight-Hour Day.ONTARIO MACHINISTS VOT-
ING ON STRIKE
QUESTION

TORONTO, May 2.—It is a very gloomy industrial situation which confronts Toronto at the present time and there is every indication that the numbers of the strikers will be greatly increased unless the parties are brought together in negotiation.

The men of the iron trades are out over 4,000 strong, and they are moving in every direction to extend the strike. The employers in the meantime are standing firm in their refusal to open negotiations with the metal trades council or consider their demands.

There is one bright spot in the whole business to date and that is the announcement of President R. C. Brown that many small firms have settled and the men are back to work and the announcement of Harry Kirwin of the marine trades federation that the Dominion Shipbuilding Company has introduced the eight-hour day.

To-day a special committee of the metal trades council is meeting with the executive council of the trades and labor council with a view to making plans to cover the whole province of Ontario, in a movement for an eight-hour day in support of the striking metal trades. It will also take the form of a Dominion-wide movement as well. The executive council of the trades council was given full power at last Thursday's meeting to go ahead. The plans will include the idea of a provincial-wide strike.

The machinists are gathering in the returns from the vote of their members and the provincial council will soon be in a position to decide on the question of a provincial strike of the machinists.

Belgium Dissatisfied
With Peace TreatyPREMIER ARRIVES AT PARIS
WITH PROTEST FROM BEL-
GIAN SENATE.

PARIS, May 2.—The Belgian delegation to the peace conference is expressing dissatisfaction over the terms of the preliminaries for peace as they affect Belgium. None of the territorial claims of Belgium have been granted except that for Malmédy, in Rhénish Prussia, a short distance south of Aix La Chapelle, the population of which before the war was largely Walloon. Malmédy will revert to Belgium. The territory on the left bank of the Scheldt river and Maastricht and the Limbourg peninsula are not mentioned in the terms.

Financial Terms.
Of the \$500,000,000 already mentioned as an immediate financial indemnity for Belgium, more than half the amount has merely been placed to Belgium's credit in allied countries as part payment of war loans. No provision has been made for the recall by Germany of the six billion marks which were left in Belgium and now are lying in Belgian banks and vaults, bearing no interest and unproductive as the circulation of the mark in Belgium is not permitted.

"The amount of six billion marks represents virtually the total Belgian liquid wealth assets," said a member of the Belgian delegation to-day.

M. Delacroix, the Belgian premier, arrived in Paris this morning bringing a message of protest from the Belgian Senate. He conferred with M. Bismarck, of the Belgian peace delegation, who is expected to appear before the

Summing up of Peace
Making SituationSoviet in Central Europe
Approaching Downfall.RUSSIA SENT AN ULTIMATUM
NEW YORK May 2.—The Associated Press to-night issues the following:

Aside from discussion by the Council of Three of minor articles of the Peace Treaty Friday in Peace Conference circles in Paris was quiet today. Likewise at Versailles where the German delegates are awaiting the pleasure of delegates of the allied and associated Governments to hand them the terms of peace there were no extraordinary happenings.

With the controversy between Italy and the Council of Three still unsettled and the Chinese delegation reported to be disposed to protest against the award of Kiao-Chau to the Japanese, Belgium now is declared to be dissatisfied with the terms of the peace treaty as regards her territorial desires in Germany.

Apparently no great attempts are being made by the Council of Three to bring about a reconciliation in ideas with the Italian delegates. The French Ambassador to Italy however has conferred at length with Premier Orlando regarding the situation and the development of events in Paris since the Italians quit the French capital and returned to Rome.

The Soviet movement in Central Europe seemingly is fast approaching its downfall. Munich sent of the Bavarian Soviet which was known to be surrounded by Government forces of Premier Hoffmann is report of a failure to have been recaptured. In Hungary the forces of King Ferdinand of Roumania with the monarch at their head are about to enter Budapest while Bela Kun, the Foreign Minister in the Hungarian Soviet continues to make overtures for a cessation of hostilities with Roumania and also by the Czechs Slovaks and Jugos Slavs.

Wireless advices from Moscow asserted that the Bolshevik Government in Russia has sent an ultimatum to Roumania demanding the evacuation of Bessarabia. Forty-eight hours have been given the Roumanians to comply.

The Spanish Parliament has been dissolved by King Alfonso and new elections set for June 1, according to reports received in London from the Spanish capital.

Munich in Control of
Government TroopsENTRY OF TROOPS INTO CITY
BEGAN YESTERDAY.

BERLIN May 2.—The entry of Government troops into Munich from all points was to begin at noon to-day according to The Vossische Zeitung. Dr. Landauer and Egel hoer, commanders of the Red army have been captured the newspaper adds.

Confirmation.
London May 2.—Reports received here to-night confirm the recapture of Munich by the Government forces. A dispatch from Copenhagen dated Thursday says the Bavarian capital was taken on Wednesday evening. The dispatch adds that somewhat severe fighting preceded the victory of the Government troops.

The Empress of Britain sailed on Saturday for Quebec with 137 officers and 3,000 other troops.

The Chinese delegation to the Peace Conference have requested an official statement on the Kiao-Chau agreement which will be presented in the

Prairie Homes For
the Soldier SettlersOUTLINE OF THEIR KIND AND
COST.

TORONTO, May 2.—Plans have been completed by the Federal Soldier Settlement board for supplying standard houses to soldier settlers in the prairie provinces. Four types are contemplated, ranging in price from \$3,000 to \$7,750, beginning with a moderately convenient and comfortable two-roomed house, suited to the needs of a bachelor settler, which can be erected for \$3,000. This house is 17 ft. 10 inches by 14 ft. and is so constructed that as the home needs of the farmer increase he can add to it without waste of material using the original construction. This house is called type (A).

Type (B) is merely an extension of (A), one room being added and a basement excavated. This building, which has dimensions of 24x14 feet, when completed will cost approximately \$500. Type (C) is (B) with a portion of the roof lifted and an upstairs bedroom added. Total cost \$700.

Type (D) is the same as (C) with the remainder of (1) roof lifted and two extra upstairs bedrooms added. The cost complete of (D) and two extra upstairs bedrooms added is approximately \$775. This type of house will give the farmer living room, kitchen and parlor downstairs and three bedrooms upstairs.

If in the course of time he requires a still more pretentious home, plans are being prepared by the board for a wing, which will give him a much more commodious and comfortable structure. Great care has been given by the boards situated to combine cheapness of construction with utility.

Bad Weather Halting
Trans-Ocean FlightFLIERS TACKLED THING TOO
EARLY IN SEASON.HAWKERS BEEN IN NEW-
FOUNDLAND FIVE WEEKS

ST. JOHN'S, Nfld.—A carrier of adverse local winds was raised to keep the Sopwith and Martinique airplanes from flying. Conditions in mid-ocean appeared on the meteorological map as favorable to trans-Atlantic flight, but reports were received of divergences coming northward from the West Indies that should reach Newfoundland by tomorrow. As a result the "big hop" has been adjourned to the uncertain future. Hawker and Raynham are preparing for an indefinite delay in getting their great adventure under way, and they are almost ready to accept prognostications that weeks may elapse before weather offers them ideal conditions all the way across which they require before they will risk a start.

The pilots are beginning to understand that conditions they have been meeting here are normal for this season, and that they might have believed what they were told before they left England. Records show yesterday winds prevailing across the Atlantic are not to be expected before June and cannot be counted on before July. Odd spells of such winds, however, which are exceptional. Hawker will have been in Newfoundland five weeks today. Raynham has been here three weeks to-day. Hawker has had but four days out of thirty-five on which he could have hoped to fare through, and on only two of those were conditions in the local area free of menace. Raynham has had but two chances to get away, and an entirely commendable discretion kept him on the ground both times.

Every day that passes offers new evidence of how ill-advised the backers of the two ventures were in seeking to attempt a flight at this season. All the aviators could find to do to-day was going over for the hundredth time the equipment of their machines. Hawker received calcium fares that he will carry for use as distress signals should he come down in mid-ocean. The fares are of the type that burns on water. At the Martindale hangar the morning was spent in wireless communication with the steamer Sachsen which sailed this morning for Liverpool. The Raynors receivers picked up signals with reassuring clearness, over a distance of 80 miles. F. A. Pritchard, wireless engineer for the Marconi Co., who is in charge of the Raynor installation has been checking up among wireless operators of vessels making this port, on receipt of orders from Britain to watch for planes making trans-Atlantic flight and render all possible assistance to them.

Carter's strike at Montreal has ended. The men gained an established wage of from \$18 to \$20 per week, an increase of from \$2 to \$6.

Fifteen Days Given
to Accept or Reject

THE ALLIED PEACE TERMS

LONDON, May 3.—The German delegates will be given a maximum period of fifteen days in which to accept or reject the treaty of peace, according to a Paris dispatch. There will be no oral discussions of terms, but the German delegates may present their written propositions to the Allies, who will reply in writing. The delegates must present all their counter proposals within the time limit but if these are presented during the later days of the period, the Allies reserve the right to exceed the time limit in making their reply.

Houston Acquitted
of Joining Mutiny

AT THE RHYL CAMP RIOT

LIVERPOOL, May 3.—Signaller James Park Houston, of the Canadian reserve artillery, was yesterday acquitted on a charge of joining in a mutiny and failing to use his best endeavors to suppress it, in the recent disturbances at Rhyll camp.

Private John Crane, of the Forestry Corps, is being tried on a similar charge. He admitted he had been drinking previous to the troubles. The court has called for character evidence.

There have been no intimations that an Austrian peace delegation was on its way to Paris, of which St. Germain is a suburb. In the case of the German delegation, the peace conference procedure was to send invitations to Berlin for the sending of a German delegation to receive the allied terms of peace, when it appeared that the treaty to be presented Germany was nearing completion. In lack of any news regarding a similar procedure having been taken by the peace makers in the case of Austria-Hungary, it seems possible that either an Austrian delegation has come to France on its own initiative, for a special purpose, or that the imperfect conducts of transmission from Europe now prevailing have resulted in the non-arrival of explanatory dispatches which might throw a new light on the foregoing message.

AT THE MARKET

There was an unusually large crowd at the market this morning, owing to the fine weather this morning. Potatoes were very scarce and sold at \$1.00 a bag. One farmer stated that owing to the mild winter most of the farmers had sold their potatoes early which now makes a shortage. Apples were also scarce, various prices were asked, the lowest being 30 cents a pail. Butter sold at 55 cents up eggs at 40 cents up. There were several loads of young porkers for sale, the prices ranging \$11 to \$13 each. Hay sold at \$21 a ton. Maple syrup is still available at the market, (but it is a case of first there, first served. Honey was also for sale and sold at about 25 cents a pound.

Present Terms May 7

ACCORDING TO PRESENT
INDICATIONS

PARIS, May 3.—The presentation of peace terms to the German delegates will not take place before Wednesday, May 7, according to present indications. Important progress has been made, however, in solving problems remaining before the final shaping of the treaty.

The Echo de Paris says that the Council of Three yesterday adopted the section of the treaty dealing with Alsace-Lorraine, which are given to France, with ownership of railways included.

Mrs. B. B. Bemis is
Called to Her RestWell Known Bloomingdale Citizen
Passed Away.

There was called from this life on Thursday May the first, at her home in Bloomingdale, Christina McKay, relict of the late B. B. Bemis, aged 88 years, 3 months and 9 days.

The deceased was widely known in the district and had many friends. She was a daughter of the late Donald McKay and was born in the same residence where she resided up to the time of her demise. Her husband predeceased her about ten years ago. He was engaged in the mercantile line at Bridgeport and other places.

Surviving Mrs. Bemis are the following children: Marie and Alida at home; Adolf, Donald in Bloomingdale and David in Toronto. One sister also survives her, namely, Miss Mary McKay residing at the old home in Bloomingdale.

The funeral will be held at two p.m. (old time) on Sunday afternoon from the residence to the Winterbourne Cemetery for interment.

A Prominent Citizen
Laid to His RestFuneral of Alfred A.
Pipe Held Today.LIVED HERE UPWARDS OF
THIRTY YEARS.

This afternoon the remains of Mr. Alfred A. Pipe were laid to rest in Mt. Hope Cemetery. The death of this well-known and popular citizen occurred in Chicago, on April 29, while he and Mrs. Pipe were returning home.

Owing to ill-health, Mr. Pipe had spent between three and four months in Oregon, in the hope that he would be able to recover it. Unfortunately the trip did not result as favorably as hoped for.

He had lived here for upwards of thirty years, having come from Guelph, to establish a coal and wood business. He possessed much ability and was accounted a successful business man. Mr. Pipe was a son of John Pipe of Guelph, and a nephew of the Dr. Pipe who was the first mayor of the city. The Pipe family has resided in this community for two generations.

He is survived by his wife, as well as a daughter of the late James Potter, the founder of another respected and prominent family. A brother, James Pipe of Oregon and three sisters: Mrs. Anglin of Seattle; Mrs. Campbell of Guelph; and Mrs. Tolson of Walkerton also survive him.

Mr. Pipe was a progressive citizen and supported every good measure looking to the city's advancement. In politics, he early espoused the Conservative cause and throughout life remained a staunch member of this party. He was possessed of a sociable disposition and made a retainer of friends.

His funeral was held at 2 o'clock this afternoon at Rev. Mr. Langford conducted the services. The pallbearers were, Messrs: C. Kranz, R. Smyth, H. J. Sims, W. T. Barrie, A. C. Milne and Isaac Eby. His obsequies were attended by many friends, who mourn his death.

The community, wherein he lived for so long a period and occupied a prominent place, regrets his passing and will extend to Mrs. Pipe its condolences in her hours of bereavement. In this extension of sympathy, The Record joins.

Mennonites, Hutterites
and Others Debarred

BY AN ORDER-IN-COUNCIL.

(Special To The Record).
WINNIPEG, May 3.—As a result of an order-in-council, signed yesterday afternoon by the Governor-General, prohibiting the immigration of Doukhobors, Mennonites and Hutterites to Canada, immigration inspectors at border points in Manitoba were instructed today to debar the entrance of such sects.

The instructions urged inspectors to use the utmost vigilance in enforcing this regulation. The order declares these sects to be undesirable and opposed to assimilating Canadian ideals of citizenship.
