

WOODS ARCTIC EIDERDOWN SLEEPING ROBES

WARM AS toast—snug and comfortable—Woods Arctic Eiderdown Sleeping Robe provides that which no other sleeping robe can—a real genuine, warm bed when all others fail. Twelve months a year—in summer you sleep **on** it, and in winter you sleep **in** it.

Woods Arctic Eiderdown Sleeping Robe has revolutionized out-door sleeping. Heavy rolls of blankets are no longer necessary for perfect comfort in cold climates.

Thousands of Woods Arctic Eiderdown Sleeping Robes are in constant use. Once used, no other robe will ever be considered for out-door sleeping.

WOODS MANUFACTURING Co., Ltd. OTTAWA CANADA

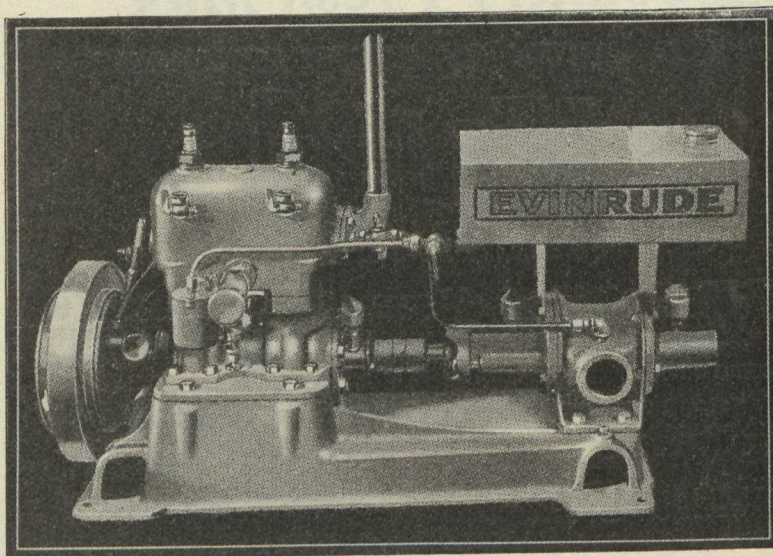

Evinrude High Pressure Portable Pumping Outfit

Designed and built specially for forest fire service and fire protection in Lumber Yards, Industrial Plants, Small Towns, and Isolated Institutions. This pump is the development of many years experience in the building of gasoline engines and high pressure rotary pumps.

SPECIFICATIONS.

Two cylinder, two cycle, 4-5 H.P. Twin Motor, revolutions per minute 400 minimum, 1,500 maximum. Famous Evinrude built-in-the-flywheel Magneto, gravity feed carburetor, and easy starting device (doing away with cranking). Weight, without handles, only 99½ lbs. Aluminum base. Low centre of gravity. Designed for a pressure of 120 lbs. per square inch. This pressure, however, has been greatly exceeded, and on recent tests has averaged 150 lbs. and at times reaches the high pressure of 185 lbs. per square inch at the discharge end of the pump. Capacity of gasoline tank (now made oval shape) 1-¾ gallons. Capacity 15 gallons per minute at 155 lbs. pressure, 345 ft. head. 40 gallons per minute at 70 lbs. pressure, 161ft. head. Either at a head of 277 ft. or through 1 1-3 miles of 1½" pipe it will deliver 1,500 gallons per hour. At a pressure of 120 lbs. it will throw a stream 100 ft. through a 3-8" nozzle. Length overall 31"; width 17½"; height 17". Size of suction 2", discharge 1½".

Write for catalogue and copies of report of recent tests made before Officials of the Dominion Government interested in Forest Fire Protection.
