

The Honorable
The Dept. General
of Ind. Affairs.

Shave the honor to enclose a set
of resolutions passed by the Chief
and Councilors of the Stamloko Band
of Indians on the 3rd of January last.
Mr. Mackay states that these
resolutions are the result of the Indians
desire to maintain and improve the
morals of their women and to improve
themselves. The Indian Councilors
resolutions are not hard, and were
their persons obliged to carry out
to the local District Court House for
the trial and punishment of every small
offense committed on the Reserve. They
would think the knowledge of doing so
the fact that the facts called
out by the P. & Provincial Courts under
the Indian Act, are not according to
that
