Ottawa, Ont., December 1, 1924.

My dear Belley,

I am enclosing copy of a letter which I have written to the President of the Young Conservative Association of Quebec. I am doing so because I want to have you advised of my view on this matter. I write the President because of his office and because I think the Association of which he is President is interested to help and do practical work. I know you will give co-operation wherever you feel it can be given to advantage.

Yours very truly,

Honourable L. G. Belley,  
Quebec, Que.,
