

Dr. Peare with regard to work done was for the month of September, and it shows attendance given to only seven Indians. None of the reports submitted from Dr. Peare show much work performed, it would therefore seem that the doctor has not been active in the discharge of his duties, but as indicated, you should carefully inquire into the matter and lay the facts before the Department. **Kindly submit a report from the Principal of the School regarding the doctor's work on behalf of the pupils.**

Your obedient servant,

L. W. Lean

Asst. Deputy and Secretary.
