

RICHELIEU & ONTARIO NAVIGATION CO.

"Niagara to the Sea"

The steamers of this line leave Toronto daily for Montreal, passing through the Thousand Islands, and running all the rapids of the St. Lawrence. At Montreal close connection is made with steamer for Quebec, Murray Bay and the Saguenay River.

R. & O. Hotels:

"MANOIR RICHELIEU"

MURRAY BAY, P.Q. *****

This up-to-date summer hotel has just been completed by the Richelieu & Ontario Navigation Company, and contains 250 rooms, with accommodation for 400 guests. The hotel is under the management of ALBERT MILLER, formerly of the Algonquin, St. Andrews, N.B.

Murray Bay has a strong resemblance to the beautiful West Coast of Scotland, and possesses one of the most healthful climates in America. The climate is a combination of mountain and sea air and is most restoring and invigorating to worn out humanity.

THE HOTEL TADOUSAC

The Hotel Tadousac

TADOUSAC, at the mouth of the Saguenay River, is another beautiful spot, and here also is a large summer hotel owned and operated by the same Company. It is under the management of H. M. PATERSON.
