HE A D A C H E.
DR. E. SPOHN, a German physician of
some note, having devoted his attention
for many years to the cure and removal of the
causes of **NEKVOUS AND SICK HEAD-
ACHE**, has the satisfaction to make known,
that he has a remedy which by removing the
causes cures effectually and permanently this
distressing complaint. There are many fami-
lies who have considered Sick Headache a
constitutional incurable family complaint. Dr.
S. assures them that they are mistaken, and la-
bouring under distress which they might not
only alleviate, but actually eradicate by the use
of his remedy. It is the result of scientific
research, and is entirely of a different charac-
ter from advertised patent medicine, and is not
unpleasant to the taste. To be had of

THE real and substantial advantages afforded to
the Public by well-regulated Establishments
for the Assurance of Lives, and the sound basis on
which these institutions are founded, are proved,
incontestably, by their complete and continued suc-
cess, and by the remarkable fact, that, in no one
instance, have they ever failed in their engagements,
in consequence of an exhaustion of the Funds pro-
vided to meet the claims. So decided and so mani-
fest are the benefits resulting from the system of
Life Assurance in general, both in regard to the
Provision it affords to Families in the event of pre-
mature death, and the Security it gives to Creditors
for debts otherwise irrecoverable, that with every
increase of information and intelligence, there ap-
pears to be excited, on the part of the Public, an
increased desire to participate in its protective ad-
vantages. So sound and unerring also are the prin-
ciples on which Life Assurance Companies are ba-
sised, that neither commercial difficulties and dis-
trust on the one hand, nor pestilential maladies on
the other, have ever yet affected their stability or
impeded their successful progress.

**ASSURANCES MAY EITHER BE EFFECTED BY PAI-
MENTS OF THEIR OWN LIVES, OR BY TAKING INTERE-
STED THEREIN ON THE LIVES OF OTHERS.**

*The effect of an Assurance on a person's own
life is to create at once a Property in Reversion,
which can by no other means be realized.
Take, for instance, the case of a person at the
age of Thirty, who by the payment of £3 3s. 6d.
a year becomes at once possessed of a hereditary
property amounting to £1000, subject only to the
condition of his continuing the same payment
quarterly during the remainder of his life,—a
condition which may be fulfilled by the mere sav-
ing of about £1000 yearly in his expenditure.
Thus, by the exertion of a very slight de-
gree of economy—such, indeed, as can scarcely
be felt as an inconvenience, he may at once real-
ize a capital of £1000, which he can bequeath or
dispose of in any way he may think proper.*

Assurances may be advantageously effected on
the lives of others, either for the purpose of secu-
ring loans or debts, or in any case where the party
has an interest in the life of another, so as to be
in any way prejudiced in the event of his decease. To
creditors a Policy of Assurance affords a certain,
and in many cases the only means of security.—
The debtor is too frequently unable to pay the pre-
mium for an Assurance on his life; and the credi-
tor, to whom security is the main object to be re-
garded, may make the payment of such Premium
the condition of his forbearance in not insisting
upon the immediate payment of his demand. In
the same manner the circumstances and prospects
of a borrower, and the nature of the security he
is to offer, are frequently such as to render it abso-
lutely necessary for an Assurance to be effected on his
life, in order to enable the lender safely to advance
the amount required.

In addition to the published rates, an extensive
set of Tables has been computed for Assurances;
also for Reversionary Annuities, Endowments for
Widows and Children, and for every possible con-
tingency affecting human life, against which it may
be prudent or expedient to provide.

**AMONG OTHERS, THE FOLLOWING IMPROVEMENTS
ON THE SYSTEM USUALLY ADOPTED, ARE RE-
COMMENDED TO THE ATTENTION OF THE PUBLIC.**

A Table of increasing rates of Premium on a life
and remarkable plan, peculiarly advantageous in
cases where Assurances are effected by way of ac-
cruing loans or debts, *and* **immediate payment
being required on a policy for the whole term of
life than in any other office**; and the holder be-
ing the option of paying a periodically increasing
rate, or of having the sum assured diminished ac-
cording to an equitable scale of reduction.

Officers in the Army or Navy, engaged in ac-
tive service, or residing abroad, and persons afflic-
ted with Chronic Disorders not attended with im-
mediate danger, assured at the least possible addi-
tion to the ordinary rates, regulated in each case
by the increased nature of the risk.
Ladies and others to whom it may be inconve-
nient to appear at the office, will be visited at their
own houses, by one of the Medical Officers,
All claims payable within One Month after
proof of Death.

No proof of Birth is required at the time a claim
is made; the Age of the Assured, being in every
case admitted in the Policy, cannot, under any
circumstances, be afterwards questioned.
Policies effected by parties on their own lives
are not rendered void in case of death by duelling
or the hands of justice. In the event of suicide, if
the policy be assigned to a bona fide Creditor, the
sum assured will be paid without deduction; if the
policy be not so assigned, the full amount of Pre-
miums received thereon will be returned to the
family of the Assured.

Policies having become forfeited in consequence
of the non-payment of the renewal Premiums, may
be revived without the exaction of a fine, at any
time within twelve calendar months, on the pro-
duction of satisfactory evidence relative to the state
of the health of the Assured, and the payment of in-
terest on the Premiums due.

By these and similar Regulations, many of which
are peculiar to this Establishment, it is presumed
that the important object has been attained of ren-
dering a Policy of Assurance as complete an Instu-
ment of Security as can possibly be desired.

THE Subscriber having been appointed Agent
to the above Company in this City, is pre-
pared to receive proposals—and to effect the requisite
information as to the mode of giving Assurance
