ONTARIO.

HASTINGS CO. ONT.

YUBURRIFF, May 1.—A good deal of seed is being sown, farmers being encouraged by last year's crop. Newseeded pastures are looking well. Bookkeeping is beginning to interest some of our residents. Our district is well adapted for this branch of agriculture. Female sex is in evidence already. Female sex is being done by men, who are scarce. 261 oats, 400 wheat, 11. Most are against smut and cutworms. They are encouraged by experiments made last year. Those who need seed grain can get it home, quite a relief after the years of drought. There is seed grain to spare, and smut of it is being shipped out.

WATERLOO CO. ONT.

WATTEL, May 2.—Seedling will be in this year. A small start has been made but heavy showers last night stopped operations again. Most of us were sowing a season last year and are treating seed grain for smut this year. Cutworms, \$1.50 to \$2 a cent, according to quality. High are \$11 to \$12.50, a new quality. The run of seed was satisfactory and a considerable quantity

of syrup was made in this district. The practice of clipping work in spring is becoming more general. The roads have been in a very dry condition this spring. Clover and fall wheat look well.

ANOTHER SPLENDID RECORD.

Queen Pontiac Canada, in the herd of Countess Segis, at Port Perry, has just made 19,216 lbs. milk in a year, 2-yr. old. Unfortunately, she carried her calf four months overtime, and is thus debarring from R.O.P. In any case, it is a most creditable record for so young an animal.

BROCKVILLE SALE.

Consigned by G. A. Gilmer, Glen Sault. Mr. GILMER'S consignment includes King Pontiac's famous herd. A large number of cows of great capacity. She is six years old and has a record of 23.60 lbs. butter in seven days and 125 lbs. butter and 3,920 lbs. milk in 30 days. Another six-year-old cow, Inka Sylvia 6th, has a record of 23 lbs. butter in seven days, averaging 100 lbs. milk a day. Tiny Korndyke Wayne 2nd, a nice three-year-old, will also be offered. She has a record in seven two-year-old of 18.65 lbs. butter as a 2-year-old. She has a record as a 2-year-old of 18.65 lbs. butter and 4,000 lbs. milk in two months, with best day's yield of 80 lbs. She is a beautiful square body of ideal type. Monk-ing into Inka Sylvia family, and promising very high at present, will be Inka Sylvia. She will be tested before the day of the sale.

30-lbs. DeKol Beagman, sired by Countess Segis, is a fine bull, and having a full sister, and another sister, a two-

year-old out of a 100-lb. dam, the latter in excellent condition and a dandy, will be included in Mr. Gilmer's consignment, as will also a bull calf, one year old, sired by Mr. C. H. Hearn's famous bull, King Pontiac Artis Canada.

Consignment of Brown Bros.

THE famous herd of Brown Bros. is contributing over 20 animals to this sale. They are all of very choice breeding, backed up by official records. Four untested daughters of King Pontiac Artis Canada will be offered from dams that have records of from 24 to 28 lbs. in seven days. They are all large, roomy, square cows of big capacity, and will make profitable buyers. Pearl Lily Dale and Wynona Pauline De Kol, with records of 26 and 22 lbs. respectively, are two cows of big capacity worthy of note. Good breeding 'd big records are both found in Sara Jewel Hengerveld 2nd A. She is a descendant of the first 20-lb. cow in Canada, and her dam has a record of 23.17 lbs. in seven days. She has a sister now in test, running at the rate of 23 lbs. with a very high average test, makes another choice offering. A very old young bull, sired by King Urrna and from Beauty Heart 2nd A. She is a record of 23 lbs. is an animal fit to head the young bull that will make good buying is sired by King P. A. Canada. Another young bull that will make good buying is sired by Prince Hengerveld 2nd A. Another young bull of quality and excellent breeding is sired by King P. A. Canada, out of Sara Jewel Hengerveld 2nd A. whose record is given above, and should be looked over before buying.

Offering of W. J. Stewart.

NATOTYE MAIDA SEGIS, a very large, well-developed ar. two-year-old, bull that is expected to reach the butter record, and sired by King Segis Pontiac Duplicate 1st A. dam Natoye DeKol 4th, with a record of 704 lbs. milk, 31 lbs. butter in 7 days, and 2,987 lbs. milk, 140.27 lbs. butter in 30 days.

Retta DeKol Maids, another beautiful cow that has a record of 29.03 lbs. butter, 701 lbs. milk, with 110 lbs. as best day's milk, and now under test making 29 lbs. and expected to reach 30 lbs. before the sale.

An exceptionally good offering of young bulls that will make profitable herd headers. Three of them are sired by Mr. A. C. Hardy's bull, Woodcrest Sir Clyde. The dam of one is Natoye DeKol 4th, whose record appears above. The dam daughter of the famous Reapable Korndyke 8th. His dam, Lady Korndyke, is now under test, giving 75 lbs. a day, and running at the rate of 34 lbs. butter in 7 days as a Jr. three-year-old. She is also a sister of Fairview Korndyke Pietje, the only 30-lb. two-year-old in the world. Prospective buyers should note these points and look carefully over this young bull before buying. The third has a Jr. two-year-old record of 352.4 lbs. milk and 14.66 lbs. butter. Her dam and sire's dam have each a record of over 100 lbs. milk in a day. She is a promising breeder of very high breeding, but has not freshened since two years old.
