Louden equipment makes possible a clean, sanitary barn with a minimum of expense for upkeep. When cows are transferred from dark, dirty barns to Louden barns, the milk flow often increases from 15 to 25 per cent. and the labour of caring for the herd is reduced from one-third to one-half.

The cost of installing Louden equipment is surprisingly small, and is just as great an economy for the man with a half dozen animals as for a man with a hundred. The percentage of labour saved is the same.

The Louden Line includes:

Litter Carriers, Hay Carriers,
Feed Carriers, Cow Stalls,
Horse Stalls, Water Basins,
Cow Pens, Bull Pens,
Hog Pens,
Barn Door Hangers.
