Gossip.

Irvinedale Shorthorn Sales.

Since writing "The Farmer's Advocate" last, John Watt & Son, Elora, Ont., have made several good sales from their Irvinedale herd, which they report as follows:

"To Robert Cummings, Elora, Ont., we have sold one cow and three heifers, a Matchless, a Merry Maid and two Stamfords. Mr. Cummings is starting in the Shorthorn business and made a good selection. To Messrs. Carrol & Lightle, of Orangeville, went a good eleven-months bull, sired by Gainford Select and from an imported cow. Percy DeKay, St. Jacobs, Ont., has taken our former stock bull, Gainford Select. This sire has done a lot of good in our herd and is sure to do the same for Mr. DeKay. J. M. Gardhouse, of Weston, took the twin-bull calf, Gainford Sultan, sired by Gainford Marquis, and out of Sultan's Fancy, probably the only cow in Canada that was a first-prize winner in Chicago where she won as a calf for her breeder, F. W. Harding, and was sired by his great bull, Whitehall Sultan. The next dam was bred by Duthie and sired by his Highland champion, Pride of Morning. We are retaining Gainford Sultan's twin brother, Marquis Supreme, for our own use. We have two good roan bulls left yet for sale. They are about fifteen months old and sired by Gainford Select. We also have nine choice granddaughters of Right Sort (imp.), ranging in ages from six to fifteen months, and representing such strains as the Stamfords, Claras, Diamonds, Matildas and others. We are pricing these cattle for a quick sale.

Sunny Acres' Aberdeen-Angus.

Many of our readers who follow more closely the news of Aberdeen-Angus winnings, etc., at the time of the summer and fall exhibitions will remember the success which crowned the efforts of the Sunny Acres herd at Toronto and Ottawa last September. In competition with many of the largest and oldest herds in the Province they won for their proprietors, Messrs. Channon & Son, many laurels which gave them a considerable number of firsts as well as a grand championship ribbon. The grand champion bull, Elm Park Pat, referred to is the senior sire at Sunny Acres, and speaking from observation made during a recent visit to the farm by the writer, the five young bulls by this noted champion, that are now in the stables, are quite sufficient in the way of evidence to place Elm Park Pat amongst the best sires of the breed in Canada. Several of them were winners at both Toronto and Ottawa, but they have done exceptionally well since then. There are also a goodly number of thick, quality heifers among the younger things in the stables by this sire and these are being mated with the second sire in service, Kinnaird Lad (imp.). He is got by the noted sire, Prince Albert Ito, a bull that is now 14 years old and has been in continuous service on the farm of Stanley Pierce at Creston, Ill., ever since he was a calf. The sire of Prince Albert Ito, Prince Ito (imp.), was the highest-priced bull of the breed ever sold in a Chicago auction. From the mating of the daughters of the Elm Park sire to a son of this latter sire, Messrs. Channon & Son, may well expect some pleasing results. In the few remaining lines of allotted space we must mention the families represented among the breeding females which consist of Drummond Lucys, Rosebuds, Pride of Aberdeen, Heather Blooms etc. The first and second prize cow at Toronto, one of which was also the grand champion female at Ottawa, both belong to the Drummond Lucy tribe and both of these cows will be calving before the New Year to the service of the imported bull, Kinnaird Lad. For the present there are very few females being offered for sale and we mention these only because they are the dams of the young bulls offered at prices that should clear them quickly. In addition to the fifty pure-breds kept on this 650-acre farm of Sunny Acres there are always upwards of three and four hundred feeders in the stables during the winter and these are held over for the ranch until spring and marketed the following fall.

Ditch Yourself Rich

Buckeye Ditchers cut through frost and hardpan. Aeron wheels give support on swampy land.

All over the country—in every county and town, almost on every farm—there is wet, soggy land that needs underdrainage to be at all profitable.

Owners are ready and waiting to have this ditching done by Buckeye Traction Ditchers and will pay **good prices** for contract work.

Why not take this up? You can make it a between-times job or a year round business. Either way it will pay you big. Some ditcher men clear \$10 a day and up, depending of course on circumstances; but anyway you look at it, the business is a gold mine.

Here is a letter from Mr. H. W. Sherrard, of Twelve Mile, Ind., who cleared \$97.96 a day. Sounds good, doesn't it?

"With my No. 1 14 1/4-inch-cut machine my helper and I put in 157 rods of tile in one day, of which 112 rods were for 12-inch tile averaging 48 inches in depth, bringing me 72 cents per rod, and 42 rods of 6-inch tile averaging 38 1/4 inches in depth, bringing 38 1/4 cents per rod—making a total of \$97.96 in a single day. I challenge anyone to beat it with a No. 1 machine."

The Buckeye is a complete machine. Cuts 100 rods of perfect trench true to grade and ready for the tile every full day.

Gasoline or kerosene power, easily managed by one man and not at all liable to breakage. Our Service Department will coach you about details and help you to get started. Write for "Dollars In Ditches"—a book of facts; mighty interesting reading if you're interested.
