LEARN AUTO AND TRACTOR BUSINESS

Big Field With Wonderful Future

The coming year will be the greatest in the history of the Auto Industry. Producers and distributors of every kind of Auto, Truck and Tractor will be tremendously busy. Garages and Service Stations will be rushed to the limit. Already this condition is being felt as never before. Everywhere there is an insistent demand for men—trained men who know how to adjust, repair and care for these thousands of machines. And the constantly increasing number of cars means an ever increasing demand for trained men.

Previous Experience Makes No Difference

It makes no difference what you have done nor what you are doing, you can successfully learn the Auto and Tractor Business if you so desire. Our Course will positively teach you this remarkable business with its wonderful future and unlimited field of opportunities. Grit, perseverance, determination, a willingness to work and a desire to get ahead are the chief requisites. If you have these, Our Course will teach you this work—will fit you to command big money.

There were 6,353,233 cars and trucks licensed in the United States up to July 1st, 1919. Thousands are being added to this astounding list every day until the number is now well over seven millions. At the present rate it will reach the eight million mark before the end of the year, and still the demand is far ahead of production. And Detroit is the Heart of this tremendous Industry.

Earn \$100 to \$400 Monthly

Really, there is no limit to your earning capacity after you have mastered this business. This can be made the stepping stone to a most successful business career. The training you get here will fit you to hold positions which before were out of your reach. Factories, Garages and Service Stations all over the Country are continually asking for our men. They know the value of the training we give and do not hesitate to give our graduates the preference.

Your success in the Auto Business depends upon your training,—what you know plus what you are taught and trained to do correctly. Here at the M. S. A. S. you are thoroughly instructed in every phase of the Auto Industry. You learn every part of the work by actually doing it. Such a training enables you to earn the biggest salaries in the business.

Unlimited Opportunities.

Hundreds of our students go right from Our School into business of their own,—many of them who had never before thought such a thing possible. Our Course convinced them that they had received a training that was invaluable, capable of placing them in business for themselves. And these students are successful. They write us of having incomes way beyond their expectations, all because of the training received at the M. S. A. S.

Here is shown the Electrical Lecture Room where the elementary principles of auto electric are explained to the students.

What We Teach.

Each student is thoroughly taught the common principles of auto, truck and tractor construction. Every part of a car and its operation is explained in detail. Starting, lighting, ignition, carburetion, combustion, lubrication, transmissions, differentials, chassis construction, etc.—all are covered thoroughly and practically. Not one thing is omitted. You are taught automobiles, trucks and tractors as no other school can possibly teach them because of our unequalled equipment and the fact that our School is located "In the Heart of the Auto Industry."

The growing importance of the tractor industry led us to include a complete tractor course with our regular auto course, thereby giving our students the broadest possible training.

Complete Training in Auto Electric.

This is a very important feature in our Course of Instruction. Students are made familiar with every known type of starting, lighting and ignition system. So thoroughly are our students taught this subject that none of them have any difficulty in locating and correcting any trouble occurring in auto electric systems.

Sell Autos, Trucks and Tractors

Here is a big field for our students. The training we give helps you to know machines as no average salesman can know them. Your thorough knowledge of the various makes enables you to give expert advice on autos, trucks and tractors. It gives you a big advantage in the selling of these machines.

View of our block test department where we have from 18 to 25 motors all the time for students to work on. Sprague Electric Dynamometer shown in center background.

Complete Tractor Course Included.

Our Students are also given complete and thorough instruction on the care, repair and operation of Farm Tractors as a part of our regular Auto Course. The constantly increasing use of tractors has created a big demand for trained tractor men, hence this addition to our Course without extra charge. Further assistance is realized from Manufacturers who have placed machines with us for the benefit of our Students.

Read

The Money-Back Guarantee.

We guarantee to qualify you for a position as chauffeur, repair man, demonstrator, auto electrician, garage man, automobile dealer or tractor mechanic and operator, paying from \$100 to \$400 monthly in a reasonable time, or refund your money.

Not a One-Man School. Our course is not made up of one man's ideas. It represents the combined experience of many—it consists of the latest, newest and most practical ideas of the biggest men in the auto, truck and tractor business. Our School enjoys the fullest co-operation with manufacturers, service stations, garages and owners,—a factor of vital importance to our students. A. G. Zeller, President.

Our School Recognized by Garagemen. The record made by Our Graduates has led hundreds of Garage Owners to send men to us for training. These men have recognized the value to them of having trained, competent men, and they know that our course gives them this value. We are also able to place Garage Owners in touch with men in their own vicinity who have taken Our Course, thereby helping both these Garagemen and our students.

co-operation possible. These factories are constantly calling on us for graduates because they know the type of men we turn out. Everywhere in the Automobile Industry, M. S. A. S. graduates are given the preference because Our is the Factory-Endorsed School.

A practical working knowledge of all cars is required of each student before he can pass our final examination. This test is made in our repair department.

Brazing, Welding and Tire Repairing Taught.

These subjects are fully covered in complete Course separate from the Auto Course. Brazing and Welding have become a most important part of the Auto Industry, and Students taking the Course are thoroughly instructed on the subject. Our Tire Repair Course is most complete and comprehensive and furnishes a valuable addition to the equipment of a student entering the Auto Industry. There is always a big demand for trained, competent tire repair men.

Big Factories Endorse Our School.

The thoroughness of our methods and the completeness of our equipment are well known in the Auto Industry. The biggest factories in the Country heartily endorse our Course. In fact, many of the leading Auto Manufacturers assisted in outlining our Course, and they give Our Students the fullest

In this room the student becomes thoroughly familiar with every type of starting, lighting and ignition systems.

This shows a section of our brazing, welding and cutting department. Each student actually handles the torches and works with an individual outfit.
