### PROGRESSIVE PEOPLE USE IT.

Cheese and butter makers who want the last cent out of their product use

### Windsor Salt

Produces better article; brings higher price. Pure, economical to use.

The Windsor Salt Co.,  
Limited,  
WINDSOR, ONTARIO.

### Cheese and Butter

Makers of these articles, in many instances, do not pay the necessary attention to the quality of the Salt they use. Some people think that "Salt is Salt," and it does not matter where it comes from or who makes it. This is a great mistake, for it is essential that to produce the best Butter or Cheese nothing but the purest salt should be used. The number of prizes obtained by users of Coleman's or Rice's Dairy Salt at the various exhibitions is conclusive proof that these brands of salt stand unrivalled.
