

JOHN DEERE FARM IMPLEMENTS

Famous for Quality and Service

JOHN DEERE-DAIN VERTICAL LIFT MOWER

The Mower of Superior Design

Compensating Gears—that remove strain from the bearings and transmit instead of consume power.

Long Pitman Shaft—that has all end thrust removed, hence has no need of thrust bearings.

Alignment of Cutter Bar—seldom necessary, but easily, quickly and positively made.

Centering the Knives—so that they always register perfectly in the guards, insuring perfect work.

One - Piece Main Frame

Vertical Lift—a lift so easy to operate that an ordinary boy handles it readily

An Easy Foot Lift—so easy it's surprising, especially after using other kinds.

Adjustable Draft Hitch—instantly set to remove side draft in the most severe conditions of work.

Material and Workmanship—of the known John Deere-Dain standard proven by service, reliable and trustworthy.

There is satisfaction in using high-grade implements.

John Deere implements are noted for their lasting qualities and for doing high-grade work.

They are the result of years of experience in manufacturing farm implements.

When you get a John Deere you are assured of high-grade material, workmanship and efficiency in the field.

JOHN DEERE-DAIN SIDE DELIVERY RAKE

Pays for itself by the increased value of the Hay

A great labor saver. By its use hay is cured quicker and gotten out of the rain. Works around the field the same as the mower, delivering two swaths of grass upside down in a loose, continuous windrow where it will be exposed to the warm atmosphere. Hay cures evenly and without loss of quality or color.

WELL BUILT.
Special design of frame—

handles greater amount of hay than imitation machines.

Teeth can be raised or lowered and set forward or back.

An easy-running, durable machine that will earn its cost many times over by making hay quicker and better than can be made in any other manner.

Write for special descriptive literature on this machine.

JOHN DEERE "J-112" SEAT SHIFT CULTIVATOR

Rider Or Walker Automatic Seat Shift.

Horse - Lift Cultivates Accurately

Pendant Hitch

Rigid, Adjustable Couplings, Convenient, Comfortable Dropseat. Write for fuller Description.

JOHN DEERE "KA" TWO ROW CULTIVATOR

Wheels Pivot, Quick Dodging, Spacing Lever for Controlling Width of Rigs.

Cultivates Two Rows at a Time. Light, easy to Handle, an Economical Machine

Does a Thorough Job

Outside shovels are on outside of wheels

JOHN DEERE-DAIN HAY LOADER

Light, strong, and does the highest-grade work.

Wheels mounted underneath machine. Works close to fences or ditches.

Easiest running and most popular loader of the rake bar type.

Mounted entirely on wheels—rear wheels caster—no dragging around corners.

Working parts hammock mounted—swing freely back and forth like a pendulum.

Strokes of rake overlap—practically raking the ground over twice.

Hay is gathered from the swath full width of the machine.

Rakes are malleable—have a spring trip—spring back and avoid breakage when striking obstructions.

Elevator adjusts itself automatically to light and heavy hay.

Automatic-adjustable throat opening prevents choking.

No twisted or crossed chains, cog gears or long, crooked crank shafts.

There are many other superior features on this loader that we will be glad to tell you about, if you will write us.

"R & V. TRIUMPH" ENGINES

The engines that are safe around the house or buildings. Gasoline tank cast solid in sub-base. No danger of exploding.

Write for our free booklet:

"Letting Gasoline Do It."

THE ENGINES THAT MAKE HARD WORK EASIER

R & V Engines are good ones.

They are sold by the John Deere dealer doing business in your home town.

They are made with detachable cylinders in an expensive and superior design.

Main bearings are made of die-cast babbit. Replacement, if ever necessary, is very easy.

Triumph Engines are all fitted with fly-ball governors.

They give close and smooth speed regulation.

Oiling of piston is always sure—tube from oil passes close to hot water in hopper. Oil will not thicken even in coldest weather.

All fittings on R & V engines are of the highest grade.

Before you buy any kind of engine it will pay you to investigate the Triumph.

We'll be pleased to send you further information, FREE
