THE NEW SCHOOL BILL FOR NEWFOUNDLAND.

Editor St. John's (Nfid .) Daily News :

Editor St. John's (Nid.) Daily News : Dear Sir—In my last letter I intimated that would have a few remarks to make on the Education Bill now passing before the Legis sture. There is no doubt now hour this meas-ure will become law. No matter what view party politicians may take of the Bill, there is only one way in which Catholice can judge it, most cherished ideals. That learning without religion is the direct opposite to a blessing le maintained by all right-thinking members of this Colony have never conceived the idea of a particle of the curriculum. It eramined for lie Catholic Church. The Catholic people of this Colony have never conceived the idea of a particle of the curriculum. It eramined for lie Catholics of the island that Ley could over-ribe this cherished orlinciple, and set at naugh for their where in this respect. Surely the Cathol is supporters of the present Government using generation of the blessings of a MELIGIOUS EDUCATION.

for a messure of other actions in voting for a messure of other actions in voting in the second second second second second RELIGIOUS EDUCATION. I say, speaking as a Catholic, that there is nothing so dear to a parent as the question of the religious and moral training of uneir child. No matter what may be said to the contrary, this is but the first seep to the taking away of religious teachings from our Public schools, and it will not be surprising to see the achools of the near future turning out men and women estimates the see of the temptations that up in the schools and scoffers. People brought up in othis matter. The formulas and practices of the Catholic religion are of the score source of fasts and holidays are held up to ridicule, and the Cath-olic child, brought up in these surroundings, without religious caduation and unbelover. Take wentually develops into an unbelover. Take and the Catholic solic supporters of the action of the Catholic solic supporters of Catholicity has singled to mits cable. I wonder what and the Catholic supporters of the action of the Catholic supporters of the present Gov-ting in the schools. The route taken to the Sacred Heart Convent was down Richm. nd street to Central avenue, where Victoria Park was passed through Here a large crowd of people had congregated and the vice-regal visitors were greeted with cheers from the many there. Then they pro-ceeded along Queen's avenue to their destina-tion. Here, too, a great crowd had gathered outside, while in the institution the student body was expectantly awalling the arrival of their honored guests His Lordship Bishop. McEvay and Rev. The study hall was decorated in white in an exquisite manner. The study hall was decorated in which they exhibited car.ful training. J. Jord and Jady Minto were seated on an im-provised platform, on which a carpat had been laid. Twelve little maidens faced the visitors and gave a recitative welcome. It was an original concetit, each child had something to say, and frequently the faces of Thair Excel-lencies were noticed to light up with pleasure. It concluded, in verse, with pretty references to Otawa, and stated that the guests were three welcome. The little girls were the Missee Rowens and Dorothy Burns, Mary Davis, Angela Fitzgerid. Dorothy Harcer, Vera McDougi, Angela McPhilipa, Fanc Traher, Dorothy Traher, Gerrude Walsh, Marie Wilson and Mona Wilson This was followed by an appropriate chorus and a grace-ful and uniform courtesy.
