

WHAT OUR ADS TELL YOU

The goods in the store back up.

If isn't that way everywhere, is it?

Generally what is printed is better than what the store sells.

But we are particular in this regard. Particular to have SUCH eatables that exaggeration is quite unnecessary.

So when you read a statement about what this store sells, you don't have to discount it to get at the truth.

Just take what we say at its face value and you will find no cause for dissatisfaction.

Quite a number took our last week's advice and got a pound of our Star Blend Tea at 50 cents. Why don't you.

The next big temperance fight will likely be in the law courts—to test the right of the Dominion Government under the British North America Act to pass legislation in any way restricting trade between the provinces.—Observer

ENCOURAGEMENT.

The man who holds exalted place sees grief around, knee deep, and tears would trickle down his face if he had time to weep. Because he is a shining mark the knockers seek his trail; from early morn till after dark they roar and kick and wail. And so the great man's heart is sore, and life seems gray and flat, and oft at night he walks the floor and wonders where he's at. We choose a skipper for our ship, a skipper brave and strong, but ere he's had a chance to skip we show him where he's wrong. We say he's steering for the rocks before he's under way, and criticisms, sneers and knocks confound him day by day. Encouragement the skipper courts, and all he gets is blame; and yet we think we're dead game sports, who play a decent game. The man who has a station high is much like Richard Roe; if he is praised he'll strive and try to make the business go. He's just as human as he was when he was founding sand; his nature doesn't change because he's foremost in the land. With honest pride, emotions high, he feels his bosom swell, when people rear on end and cry: "Good boy! You're doing well!"—Walt Mason.

Mr. James Whitehead, the real estate man, of Walkerton, was in town on Monday.

\$11,000 in Montreal Bank notes was stolen from a mail bag at the C.P.R. depot Port Arthur on Saturday. The sack was taken from the platform during the temporary absence of the mail courier. The thief in his hurry left other packages containing equally as much currency in the bag.

Mr. W. Hobson, of Weedstock, who is an authority on birds pertaining to their use in agriculture, says the sparrow if not checked will threaten the existence of the human race in twenty-five years. This bird, he says "is known as the flying rat" and is the cause of more damage than any other bird. It has driven out many other birds, especially the cliff swallow that lived entirely on insects and was the guardian of our fruit orchards. The blackbird, he claims, is also a decided pest through its newly formed habit of living in towns and cities instead of in the country where it belongs.

LIVE STOCK MARKETS TORONTO

With close to 1,000 head of cattle on the market this morning, trade opened brisk at prices about steady with last week's close, but demand became easier after the pick of the butcher cattle had been taken out, and before noon prices were a good quarter easier. Handy-weight butcher steer and heifers were most popular in the early trading, and it was the farmers' demand for choice feeders to go on grass that was responsible for keeping up the price at the start.

Best wool lambs were a shade stronger in spots, the tops bringing 14c. Other lambs were steady and two loads of United States clipped lambs sold for 13 1/2 cents. New crop lambs in to-day's offering showed marked improvement in quality over the bulk of last week's arrivals, and prices were stronger, the range for good to choice being from \$12 to \$16 each. Sheep were steady at around 8 cents for choice with a few extra choice at 8 1/2c. Demand for sheep is slackening, however, and a slight price decline is looked for.

Hogs fed and watered sold for 11 cents per pound a decline of a quarter of a cent from last week's close. Buyers used the promised cut of two cents on hogs between 250 and 300 pounds, and three cents on hogs over 300 lbs. and the packer offer for Wednesday's delivery is 9 1/2c f. o. b. and 10 1/2c fed and watered.

THE ATTITUDE OF LABOR.

Unemployment is a serious problem these days, but labor, in demanding wages even higher than those current in the past year or so, is merely making a bad situation worse and more difficult to solve. With conditions as they are at the moment, public-sympathy cannot be allied with labor in its fight for higher wages. The tide has turned and labor must show its willingness to share some responsibility and be prepared to accept lower remuneration in order that business may resume and public confidence be restored.

WHAT HE FOUND.

A minister who guarded his morning study hour very carefully told the new maid that in no circumstances were callers to be admitted—except of course, he added, in a case of life and death.

Half an hour later the maid knocked at his door.

"A gentleman to see you, sir."
"Why I thought I told you—"
"Yes, I told him," she said, but he says it's a question of life and death!"
So he went downstairs and found an insurance agent.

Some people look and listen, others just look. Some people live and learn, others just live.

Don't forget to come to Millway on May 24th. A good program of sports have been arranged for that day.

Mr. J. W. Kelleher, the Tee-water veterinary, who recently sold out to take a Government job, has opened his practice at Ripley.

The old Chemical Co's plant in Durham has been purchased by the Jackson Manufacturing Company. An addition 50 x 70 feet will be built to the present structure. The company will engage in the manufacture of Columbia Phonographs for the Canadian trade.

It hardly seems creditable, but ten years ago in this province death from typhoid numbered 706 per 100,000 of population. Last year this was reduced to 145 per 100,000. The result is entirely attributed to a campaign of education which sought to remove the cause of typhoid.
