PROGRESS OF THE WAR

[April 13 to April 19]
We have to recount another week's
progress of the war, and there is but little
to tell in any detail.
In the western arena, from the Vosges
to the sea, but few important changes
have been made in the line of opposing
forces, and without exception, the
changes have been to the advantage of
the Triple Entente powers. The severe
fighting, perhaps, has been in the Vosges
Mountains, where the French troops have
made further gains of important heights,
and are now well within German territory,
in upper Alsace. To the east of Ypres, in
Belgium, the Allies have taken an impor-
tant and dominating hill two miles south
of the village of Zillebeke. This was ac-
complished by successful mining.

In the eastern theatre there seems to
have been no fighting of consequence in
Poland, but in and north of the Carpathians
force fighting has continued, though
at the close of the week with diminished
force consequent on the spring weather
prevailing. The Russians have maintained
all their previous gains, and made
further advances in this district; and they
now seem to be likely soon to take the
Usok pass, probably the most important
pass in the Carpathians, for which they
have been so long contending.
Serbia is again threatened with invasion,
though she has not been disturbed in the
past week.
There was some heavy fighting early in
the week in Mesopotamia, not far from
the head of the Persian Gulf, between the
Turkish regular troops and the estimated
number of 15,000, and a British Indian
force. The engagement resulted in a vic-
tory for the British troops, the enemy
being forced to retire. The losses are
stated to have been heavy on both sides.
A French cruiser is reported to have
shelled the town of Gaza, on the coast
of Palestine, about 40 miles south of Jeru-
salem, but without on drawing the
enemy's fire.

The bombardment of the forts on the
European side of the Dardanelles has
continued, the operations being principally
from the Gulf of Saros, at the head of
which forces of the Allies are said to have
been landed in large numbers. On 18th
April a British transport, the Manitoa,
carrying troops for this purpose, was at-
tacked by a Turkish torpedo boat in the
Aegean Sea. The torpedo boat was, in
turn, attacked by the British, and was
sunk, with the loss of the crew. The
British submarine engaged in the
operation was the H.M.S. Thetis, and
was damaged, but not sunk. The
British submarine engaged in the
operation was the H.M.S. Thetis, and
was damaged, but not sunk.

The German submarine "blockade" of
British ports has had no conspicuous
results in the past week; but one victim
of the submarines was a Dutch grain-laden
steamer, which incident caused great con-
sideration in Holland. The Netherlands
government demanded reparation from
Germany, which has been duly promised
in the event of verification of the Dutch
claim.

Air raids on England have been the
feature of the week, the first being in the
Tyne district of Northumberland, and
others on towns in Suffolk, Essex and
Kent. In the latter county zeppelins passed
over Canterbury and then moved north-
ward to the Thames over the island of
Sheppey, and thence to the sea. Bombs
were dropped at various points from the
aircraft, but not much damage was done,
and, apparently, there were no fatalities.
The long-threatened air raid, in force, on
our country, is daily expected, in the
English, and all necessary precautions are
being taken for protection against it.

The outstanding feature of the week
was the success of the Russians in the
Carpathians; and it is evident that when
fighting of a decisive character will be
re-summed in this district.

No political changes have taken place
in regard to the attitude of neutrals,
through the relations between Italy and
Austria are said to be more strained. All
predictions being made continue to be to
the effect that Italy must eventually, and
soon, join in the war on the side of the
Triple Entente.

PARLIAMENT AT OTTAWA

Parliament at Ottawa was prorogued on
Thursday evening, April 15, with the
usual ceremonies. The last two days in
the House of Commons will be memorable
for the discussions that took place, and
for the revelations that were made, espe-
cially in connexion with the report of
Mr. T. R. Ferguson on the Department of
the Interior. We shall have more to say
concerning this report when we receive a
copy; but it is sufficient now to mention
that it is most damning of the late Min-
ister, Hon. Mr. Oliver, who, on the after-
noon and evening of 14th instant made a
very weak and altogether incalculating de-
fence of his administration. But the
facts are in the report, and "wins ding."
That venerable and august legislative
body, the Senate, by its partisan majority
thought to destroy the Soldiers Voting
Bill by tacking to it amendments that
would likely not be accepted by the Com-
mons. They were "hoist with their own
petard," however, for the Commons ac-

JUSTICE DEPARTMENT TO PROSECUTE

Ottawa, April 19.—The list of the docu-
ments and evidence of the war contract
cases, which were considered by the pub-
lic accounts committee, were placed in the
hands of the justice department today.
Mr. E. W. Newcombe, deputy minister of
justice, in a charge, and will review the
cases with a view to prosecuting where
necessary and forcing restitution. The
department, under the instructions of the
Prime Minister, is preparing to investigate
all cases where there is the slightest
suspicion of wrong-doing, and following
the announcement of Sir Robert in the
House, there will be a heavy show-up to
those who have defrauded the govern-
ment.

Thaw was today ordered back to the

formulated to take the case to the State
Court of Appeals.

COURT ORDERS THAW BACK TO MATTEAWAN

New York, April 16.—Harry Kendall
Thaw was today ordered back to the
State hospital for the criminal insane at
M Matteawan by the Appellate Division
of the New York Supreme Court.
Five days must elapse before the order
becomes effective. Plans are now being
formulated to take the case to the State
Court of Appeals.

MRS. ROCKEFELLER'S ESTATE

New York, April 17.—The will of the
late Mrs. John D. Rockefeller was filed in
the surrogate's court today. She leaves
bequests in the neighborhood of \$500,000
and valuable articles of jewelry, art objects
and relatives. The rest of her estate,
which is estimated in all at about \$2,000,000
is bequeathed to charitable institu-
tions. This is to be distributed at the
discretion of her executors, who are her
husband, her son, John D. Rockefeller, Jr.,
and her daughter, Alta Rockefeller Prentice,
wife of Parmalee Prentice.

PROMINENT C. P. R. OFFICIAL DEAD

Montreal, April 18.—Lt. Col. LeRoy
Johnson, who was recently appointed
general welfare agent of the Canadian
Pacific Railway, died on Saturday night of
peritonitis, after three weeks' illness. He
was born at Abington, Berkshire, Eng-
land, and was in his 60th year. Lt. Col.
Johnson, at the time of his appointment
to the position of general welfare agent
of the C. P. R., was general superintendent
of the Angus shunt in Montreal, and had
been connected with the C. P. R. since 1882.

URGES LESS SECRECY

London, April 17.—Austen Chamber-
lain, member of parliament for West Bir-
mingham, has appealed to the govern-
ment to take the people more into its
confidence, and let them know a little
more of what is happening in the govern-
ment. He said that the government is
carrying to an extent that is detrimental to
the country's best interests.

THE PROVINCIAL LEGISLATURE

The session of the Legislative Assembly
at Fredericton continues, but there is
little to record of the proceedings that
is of paramount interest to Charlotte County.
The large delegation from St. George
and vicinity that went to Fredericton on
the 12th instant to support the incorporation
of the Canadian Docks & Railway Company
had an encouraging reception; and sub-
sequently a Committee of the House
reported favorably on the bill for incor-
poration.

Bills to authorize the Town of St.
Stephen, to make temporary loans; and
to amend the act for the valuation for
assessment of Canadian Sardine Co., Ltd.,
passed through the committee stage, with
amendments, and were reported upon
favorably.
The date of prorogation has not yet
been announced.

TOWN ELECTIONS

The Town elections were held on Tues-
day in the usual quiet way. The old
ward was re-elected, except Mr. Good-
will Douglas, who is replaced in the new
Council by Mr. G. B. Finigan. The de-
feated candidates for Mayor were Mr.
Wright McLaren, who received 20 votes;
and Mr. P. G. G. Hansen, who received 16
votes. Mr. G. K. Greenlaw, who was
elected, received 102 votes. The defeated
candidates for Aldermen were Messrs.
George Malpass, T. J. Coughy, James
McDowell, Goodwill Douglas and Bismark
Stack, named in the order of the number
of votes received. The votes cast for the
Aldermen elected were as follows:—A. B.
O'Neill, 109; Geo. Gardiner, 105; A. Shaw,
103; G. B. Finigan, 103; Malcolm McFar-
lane, 96; Richard Keay, 92; Geo. F. Hill,
92; and Geo. Lowery, 86. From the
small number of votes cast it is evident
the election did not excite much interest.
The day was an ideal one, so it was not
bad weather that kept people from the
polls. It is just possible that the good
people of the Town are becoming apathetic.
It is a bad sign when people lose
public spirit, and adopt an attitude of
indifference and laissez faire. When this
apathy is allowed to grow it ultimately
develops into a "dry rot," which is a man-
ifest form of decay in timber, in a lan-
guage, in a community.

the light weight of ten, who got on the
scales at Fredericton Junction, tipped the
beam to 210 pounds, from that to 275 the
other nine ranged, and this number by no
means exhausted the supply of heavy
weights among the eighty delegates.

ELMSVILLE

April 19
On Tuesday evening of last week two
barns belonging to David R. Reed were
totally destroyed by fire. The loss of
property was saved by much effort on the
part of the neighbours. The origin of the
fire is not known, but circumstances lead
to the supposition that it was set on fire
with no one with authority had been there
with a light or matches, and Mr. Reed
was not residing on the place, but
intending to do so in a few weeks. There
was a good quantity of hay in the barn,
and Mr. Reed had just recently stored his
pung and sleds therein. Some of the
neighbours suspected some loss, and
searched the place, and found a number of
years for storage. Howard McKaskell
had a new pump, Hilton Maguire, Samuel
Murphy and Harry Atchison, farm machi-
nery. The next day, before the smoke
had cleared away, measurements were
taken for a new barn, and by noon Satur-
day the residents who assembled to assist
in the work, and varied on the roadside and
lumber for the completion of a new
barn.
