SOLIDATION ACT, 1897."

This is to certify that the "Rossland Power Company, Limited," incorporated as a Limited Company on the 21st day of August, 1902, with the object of carrying on of the business of a Power Company within the mean-ing of Part IV. of the "Water Clauses Consolidation Act, 1897," within 'the Province of British Columbia, has submitted its undertaking to the Lieutenant-Governor in Council for approval; that the said undertaking, as shown by the documents and plan filed, has been approved, and that the said un-

(1.) To exercise the corporate powers

of a Power Company within the underlind, the Slocan, Nelson, Boundary and other places waited upon the government and informed them that the then existing one per cent tax would actually produce a larger revenue than the proposed two per cent measure, irasmuch as the latter would have the effect of exasperating capitalists and thereby hampering the expansion of the suid applicants deem in the blood. Dr. Williams' Pink Pills thereby hampering the expansion of the suid applicants deem necessary for the purposes of the proposed undertaking and works, namely: Commencing at a hub in the said lot mentioned portion of land situated in Commencing at a hub in the said lot 367, Group I, which hub is fifteen hunnine-owners be allowed to deduct their and drive out the poison. They cleanse dred feet due north of and six hundred costs of mining. This suggestion would the kidneys and stimulate them to and sixty-three decimal two feet due costs of mining. This suggestion would remove the more serious objections to the tax and would enable the owners of low grade mines to operate at a profit instead of a loss. Thirdly, the suggestion was made that the tax should be abolished and the mines to enable our struggling industry to get upon its feet.

Then your packaches was of the post planted in the southern by Mr. Geo. Johnson, of Ohio, N S., Who says: "My son, now eighteen should be abolished and the mines freed from taxation for a short period, suffered with kidney trouble, from severe pains in the back, and passed sleepless nights. We tried several medicines, but they did not help lim. In fact he was growing weaker:

The struggling industry to get upon its feet. From the first point is feed that if the government could not possibly avoid a substantial taxing of the mines they should treat mine-owners and their friend recommended Dr. Williams' to the southwesterly bank of the Collowing the said bank of the Southwesterly bank of the Collowing the said bank of the Collo should treat mine-owners and their recommended of the state of stoney creek; thence southwesterly, they treat all other owners of lands icine that reached the cause of the following the centre of the said Stoney creek; thence southwesterly, they treat all other owners of lands icine that reached the cause of the following the centre of the said Stoney creek; thence southwesterly, the continued to use the nills of Stoney creek; thence southwesterly. The Coeur d'Alene mines have continued to pay dividends up to the present time.

The British Columbia mines have failed, with two or three rare exceptions, to pay a single dividend within the last few years.

Why is this? Our magnificent mines managers have not grown less skillful by their constantly increasing experience. Lack of capital cannot be imputed to several of our mines, which experience. Lack of capital cannot be imputed to several of our mines, which have always been backed by ample to other in close touch with the mining of others in close touch with the mining of others in close touch with the mining of the province and the mountain on the province of spilicated mining the centre of the said Stoney creek, which province. This was the the executive continued to use the pills for a couple of months and I am now have always the executive committee of the Provincial Mining Association. For it was realized that if the amount which had to be raised in the lands of the province of British the amount which had to be raised were spread out over all the lands of the province on a fair and equitable assembly of the province on a fair and equitable assembly increasing skillful by their constantly increasing any special act of incorporation, being chapter 75 of the acts of the place of beginning men and others during the province of the province. This was the trouble. He continued to use the pills for a couple of months and I am now have executive committee of the executive committee of the Provincial Mining Association. For it was realized that if the amount which had to be raised in the lands of the trouble has disappeared and he is now as strong and healthy as any buy of his age. There can be no doubt that Dr. Williams? Pink Pills will cure kidney trouble even in its most savere for the said Stoney creek, which point is said Stoney creek. Which point is said Stoney creek. Which point is two was strong and healthy of the trouble has disappeared and he is now as strong and healthy of the trouble has disappear will be sent by mail at 50 cents a box lumbia and Western Rallway, which or six boxes for \$2.50 by writing The railway runs in a northwesterly direc-Williams Medicine Co., Brockville, tion through the said portion of Lot 367, Group I, the said right-of-way consisting of fifty feet on each side of the centre of the track, except from Telephone Service Improved—Aid for northerly to station 53x75, where it is dred feet on each side of the centre of the track, containing eighty-six
