The Hickory Lodge

The campers at "Hickory Lodge" seem to have some large time. Last evening the girls and their brothers, about 14 in all, gathered around the camp fire singing popular and old time songs. After giving the camp yells, the warwhoop, etc., the boys having been informed by their sisters that to o'clock was time to retire, were safely escorted over the swing bridge and on their way to the car by "Farmer John, the lantern bearer."

Choir Picnic

Yesterday the Brant Avenue Methodist choir and their friends in goodly numbers journeyed in busses and motors to the Bell Homestead, Tutela Park and held their annual picnic. The half holiday was responsible for the large attendance, and a thoroughly enjoyable time was spent. Baseball and other games and sports filled the afternoon, and after they had done justice to the ample supply of refreshments, an adjournment was made to the house where a fine programme of music was rendered. They returned to the city about ten o'clock well pleased with the outing.

Filling in Space

What appears to be a good suggestion for the preserving of the West Brantford dump in the time of flood, was made this morning. The Parks Board intend to fill in to a line from the west end of Lorne bridge to the entrance to Agricultural Park. Every spring there is considerable of the fill carried down the river. It was suggested that the brush resulting from the tree trimming which is now going on, could be placed in as the gravel beds, and stones could be placed on the brush to hold it. This would, it is thought, preserve the dump and catch sediment coming down the river.

Football Council

A meeting of the football council was held in the Brant club room last night, President Speechly presiding. The protest in connection with the cup game played on Saturday, was not considered. An exhibition game will be played some afternoon early in August, between two picked teams, one composed of English players and the other Scotch. Harbor of the Brant Dragoons was transferred to the Dufferin Rifles team. In the remaining games for the John Hill Charity Cup, Y. M. C. A. will play St. Andrews and the winner will then meet Cockshutt. The winner of that game will play off with the winners of the Holmedale-Tutela game for the silverware.

Hit a Wagon

Early this afternoon, a Brantford street car going west on Colborne street, hit a wagon belonging to Mickel-Dymond & Son as the wagon was going into the company's yards. The wagon was turned over. The car and wagon were slightly damaged. The driver was slightly scratched.

Brantford Firm Interested

Messrs L. H. Taylor and F. C. Bodley have prepared plans for and are superintending the construction of a large skating rink in Woodstock for the Arena Co. of that place. The building will be of steel construction covered with a concrete roof. The ice surface will be 80 ft. by 80 ft. The cost of the rink is \$30,000. The work of excavating started to-day, and the building will be completed by December.

New Player Here

Pitcher Lill, secured from Ottawa for the Red Sox, arrived in the city and will be in the box this afternoon in the game against Guelph. Earl Powell also arrived in the city from East Liverpool, Ohio. Powell is no stranger to the Brantford fans, as he played first base for the London team part of last season. He will likely be played in the outfield this afternoon, and may be seen playing the initial bag on Friday. It is to be hoped that with the addition of these two players, the Red Sox will be able to make a better showing.

Reason Why Work Stopped

At the request of the City Solicitor, Reeve Kendrick has called a special meeting of the Township Council for to-night in the office of Township Clerk Smith in the Court House, to try and settle the difficulty between the Township Council and the city board of works over the work which is being done on West street, from the city limits to Mt. Hope cemetery.

Yesterday Reeve Kendrick had the work stopped, but the work is going on to-day within the city limits. When the matter was dealt with by the Township Council, a resolution was passed by that body agreeing to enter into an agreement with the city to lay a cement walk on West street from the city limits to Mt. Hope cemetery; also to grade a certain portion of West street each to pay half the cost, the city to do the work and submit costs to the Township Clerk for checking purposes.

This was agreed to by the city, and an agreement was to have been drawn by the city and submitted for the consideration of the Township Council. This was not done. The work, however, was gone ahead with without the agreement being signed. The work was stopped yesterday for a two-fold reason, because the agreement was not signed and owing to the lowering of the road in front of the properties of Messrs. Harry Harris and E. W. P. Jones, which would damage the same.

Many a man gets ahead by inducing other men to put their shoulders to the wheel.

Sir Wilfrid
 Is Having a Quiet Visit With Friends in Toronto.

[Canadian Press Despatch]
 TORONTO, July 24.—Sir Wilfrid Laurier is to-day continuing his quiet holiday in Toronto, and it is understood that he will leave for Ottawa to-night. The leader of the Opposition returned to the city this morning from Sir William Mulock's farm near Newmarket, where he spent the night, and at noon to-day met some of his friends at luncheon at the Ontario Club. This evening Senator Kerr is giving a dinner in honor of Sir Wilfrid at the Royal Canadian Yacht Club, at the conclusion of which he leaves for the capital. These functions, it is said, are not political in any sense, but purely social and the Liberals deny that the leader's visit has any political significance. It is stated that he has not talked politics with F. G. Inwood, Liberal organizer for the province, and that he has not seen F. Pardee of Sarnia, chief Liberal whip, who, it was reported, was coming down for a conference. Mr. Inwood stated this morning that no plans had been made for Sir Wilfrid to address any political rallies in Ontario and Quebec before fall, though it is expected that he will give a few addresses at a later date.
