Sir Adolphe Caron again presided at the meeting of the conference yesterday. The sitting, which was of course private, was devoted to the consideration of the project for laying a cable across the Pacific Ocean to connect British Columbia with Austialia. A memorial from the Chamber of Commerce, of Sydney, New South Wales, was presented by Hon. F. B. Suttor, the delegate from that colony, declaring in favor of the proposed Pacific cable touching only upon British possessions.

Hon. F. B. Suttor then presented a resolution advocating the desirability of constructing the cable and suggesting the petitioning of the Imperial Government and the Governments of the various colonies concerned, including Canada, to grant a subsidy to the scheme.

Mr. Sandford Fleming read a paper at the conference on the scheme.

A cable was received yesterday from Lord Roseberry by Hon. Mackenzie Bowell which read as follows: "I am anxious to express to you as president the interest and sympathy with which I am watching the conference and proceedings which should be so happy an augury of the future of the Empire."

MONTREAL, July 3.—What came near being a disaster took place last night near this city. A large picnic party, composed of the advanced guard of the delegates to the great prohibition convention, which takes place here next week, went to Isle Heron, some distance from the city. When the party was returning in the evening the steamer Isle Heron ran aground in the river. A terrible rain and thunder storm came on. and consternation ensued. The passengers were cut off from the shore. The steamer is safe, however, but the pienickers had to pass the night on board.
