The past week has witnessed little change in the tactics and no change in the attitude of the political parties in the great reciprocity battle. A few "prominent" Conservatives and Liberals have declared a change of faith and are basking in the lime-light of publicity. A few other politicians, lay and clerical, are giving notice to the public through the press of their renunciation of the particular party to which they belonged. In many of these cases it is strongly suspected that the almighty dollar has played a leading part, and the mouthings of these people are properly discounted. One week from to-morrow, thank goodness, all the lying and misrepresentation will be over, the people will have recorded their verdict, and on the morning of the 22nd the sun will rise on schedule time and the work of this part of the world will proceed as usual.

All over the province just now bright youths are being introduced to the higher educational institutions by certain forms of initiation. It seems useless to say to the students "Don't initiate," for they have themselves been made to stand the ordeal, and they feel that they have a right to pass the honor down to the rising generation. About the best that can be done is to ask for a sane initiation. A commendable feature was introduced here a few evenings ago when senior students, after having put juniors through a course of sprouts intended to convince them that humility was the path to educational greatness, took them down to an ice cream parlor and treated them to refreshments.

FOOD - FOR THOUGHT

Who pays the enormous expense of those show-rooms in our towns and cities? Is it not the people who buy pianos there?

Why buy from them when you can get just as good, and in many cases better, from me, delivered Free from the factory to your door? This is one of the reasons I can sell you a piano for less money than you pay at any show-room.

All kinds of instruments taken in exchange. We defy competition for the money in all grades. Get my prices before purchasing, for they are certainly very low for strictly high grade pianos.

Also agent for Raymond, New Will iams, and New Home Sewing Machines.

P. S.—Pianos sold on instalment plan when wished.
