THREE FATALLY SCALDED.

alman Derails Freight to Prevent

Windsor, Dec. 1.-Owing to some misunderstanding, apparently, by the flagman at the Pelton crossing of the M. C. R. and Pere Marquette Rail-M. C. R. and Pere Marquette Railways, a freight train going east on the M.C.R. was thrown from the track. The train was a double-header, the first engine passing the switch all right, but the second engine and freight cars are piled in the ditch. Engineer Bruce Little, Fireman John Matthews and Brakeman Thomas Short, all of St. Thomas, were scalded, probably fatally. The signalman thought a M. C. R. freight and the Pere Marquette would collide and derailed the freight.

Killed By a Cave-in.

Hamilton Dec. 1.—William Teeple.

Hamilton, Dec. 1.-William Teeple, Hamilton, Dec. 1.—Witham Teeple, the 15-year-old son of John Teeple, 537 North Hughson street, was killed by a cave-in at a sandpit at the foot of Oxford street yesterday mornfoot of Oxford street yesterday morning. Coroner Philp held an inquest last evening, and the jury brought in a verdict that only a coroner's jury could bring in. This is how the vedict read: "We are of the opinion that William Teeple came to his death by an undue amount of earth falling upon him." The jurors were also of the opinion that proper precautions had not been taken, and recommended the appointment of an inspector to supervise operations in inspector to supervise operations in sandpits.

Killed By a Blow.

Winnipeg, Dec. 1.—Antonio Star-naud was found dead in his room at Norwood House yesterday morning, under circumstances which may develop into a case of manslaughter Deceased was about 24 years of age and a native of St. Genevieve de Ba-tiscan, Que. He arrived here thirteen weeks ago and had been working as a plumber in St. Boniface. Tuesday evening he had a scuffle with a man named Collin, on the street, in which he either got knocked or fell down several times, and was found dead in his room yesterday morning. On his face were the marks of bruises, and on one side was a cut, from its appearance, likely to have been caused by a blow from a fist.

Fell Twenty-Five Feet.

Chatham, Dec. 1 .- While working yesterday putting up eave troughs on a city residence S. J. Ingles, a tinsmith, fell from the scaffolding 25 feet, fracturing his thigh. His head

and shoulders were also horribly lacerated. Took Pelson in Peterbers.

Peterboro, Dec. 1 .- Mary Williams Peterboro, Dec. 1.—anary windams, a young girl, who resided with Mrs. Richard Mullen, in Smith township, yesterday took a dose of poison and succumbed a few hours later. She gave no reason for the rash act. She swallowed a large dose of Webster's cattle mixture. The girl was for a time taken care of in the Children's Shelter here.

MADE LIFE WORTH LIVING.

Him a Demonstration.

Owen Sound, Dec. 1.—Hon. Mr

Owen Sound, Dec. 1.—Hon. Mr. Mackay, Commissioner of Crown Lands, accompanied by Hon. Richard Harcourt, arrived by special train at 8 o'clock last night, the arrival being marked with the din of factory, steamboat and locomotive whistles. A procession was immediately formed, in which 50 torch-bearers, a half-dozen fireworks floats and the 31st Regiment and Markdale bands took part. The route of the procession was illuminated with fireworks, while paper balloons floated in the air. At the Town Hall speeches were delivered by F. W. Harrison, president

livered by F. W. Harrison, president of the North Grey Reform Associa-tion; H. H. Miller, W. P. Telford, ex-Mayor Kennedy, W. H. Wright and others. An address from the associa-tion was read by George A. Fergu-son, and Mr. Mackay's appearance was the signal for another demon-stration lasting for several minutes. Mr. Mackay referred only twice dur-

Mr. Mackay referred only twice during his speech to the prospective elections, and that most guardedly, leaving the impression, however, that the general contest was not an immediate probability. On one occasion he spoke of the election that "may take place in the course of a couple of years," and again, in outlining the labors of his department, he referred to the work which he would undertake during the remaining two years of his term of office.

Mr. Mackay made two important statements. He proposed forthwith to open local mining agencies at Sault Ste. Marie and other points, where the original prospector could settle his grievances and establish his claims without an appeal to Toronto. The other statement was an assurance that the reforestration of the timber lands would be undertaken at once.

Hon. Richard Harcourt followed in

Hon. Richard Harcourt followed in a speech devoted largely to the resources of the province.

As the special train passed into Grey County another demonstration took place at Dundalk and Markdale, where brass bands and cheering crowds made file worth living for the new Commissioner.

New Bishop DuVernet.

Montreal, Que., Dec. 1.—The con-secration services of Rev. F. H. Du-Vernet as Bishop of Caledonia, were secration services of Rev. F. H. Du-Vernet as Bishop of Caledonia, were held vesterday in Christ Church Ca-thedral. Morning prayers were con-ducted at ten o'clock, Archdeacon Norton, Rev. Herbert Symonds, and Rev. G. S. Boyle participating. Archbishop Bond, the primate of Canada, Bishop Sweetman of Toron-to Bishop Carmichael, co-adjutor. Bishop of Montreal, and Bishop Mills of Ontario, took part in the consecration services.

Wrecked On Cape St. Mary's.

Wrecked On Cape St. Mary's.

Sit. John's. Nidd., Dec. 1.—The schooner Alma Cook, with a crew of seven men, has been wrecked on Cape St. Mary's. The crew escaped, after bring all night affoat in an open that which several times was almost upset. The vessel is a total loss. The schooner Cardigan also was completely wrecked on Sacred Island. Her crew of three were destitute until they were rescued.

STARVED TO DEATH

Our text to day is the story of the miser who taught his ass to live on straw, of which he gave him a smaller portion every

day.

Just as the miser had got him so trained as to eat one straw a day—the poor ass

as to eat one straw a day—the poor ass died.

He is an ass who starves himself to death—as thousands are doing, misled by foolish teachers—because their stomachs have become too weak, through neglect or disease, to do the work which nature has p ovided for their stomachs to do.

Because the engine is out of sear, would you consign it to the junk heap?

Why, no! Mend it!

Commit slow suicide because your digestive organs leak?.

Certainly not! Take Stuart's Dyspepsia Tablets.

One thing is sure as shooting.

One thing is sure as shooting. You can never got a new stomach.
You must mend it, or it will lead you uiserable existence.

Tou must mend it, or it will tear you a miserable existence.

The only way to mend it is to take Stuart's Dyspepsia Tablets.

This has been practically and acientifically demonstrated by the many thousands whom Stuart's Dyspepsia Tablets have positively cured, after every other treatment of medicine, mineral waters, pills, and slow, suicidal starvation had failed.

These methods are all uuscientific—therefore false.

Stuart's Dyspepsia Tablets are scientific—therefore true and succe-sful.

Having cured so many thousands—many of whom doubtless have suffered more than

doubtless have suffered more the ou do—do we claim too much when we say hat Stuart's Dyspepsia Tablets will surely

do good to you?
Surely not.
E-pe-ially when we make it plain that no
promise is made to cure more than one dis-

promise is made to cure more than one disass--Dyspepsia.
Stuart's Dyspepsia Tablets are a positive
cure for just this one disease.
They are a scientific combination of ingredients which search out the weak spots
in all the digestive organ and make them
atrong and well.
They have an immediate digestive action
on undigested food, and thus, while curing
weak organs, they at the same time help
them to do their work.
They thus stand for all that is good in the
medical treatment of Dyspepsia, and for
nothing that is bad.

medical freshment of psychological for nothing that is bad.

They are not a fad but a fact.

They are safe, pleasant, certain and permanent, and can be taken by the most delicate invalids without fear of harmful

CITY LIABLE

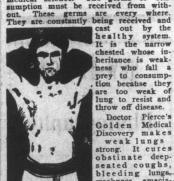

Yesterday the horse caught its foo in the space between the swing portion of the Fifth street bridge and the new cement key-stone put in a month ago. The space is just large enough to catch the cork on the shoes of the horses and the result is that when an animal gets caught thus it is thrown. Crowbars had to be used to extricate the horse. This is the third accident of this nature that has happened in a short time. It would cost but little to fix this treacherous spot, and this should be done before a serious accident oc-curs, for which the city would be clearly liable.

AN OPEN WINTER

Prospects of an open winter. This time last year the river was frozen over solid and good skating, consequently everything locked in with ice. At present boats are navigating freely in spite of the cold atmosphere. Capt. John Rourke, the hustling navigating freely. Gapt. John Rourke, the hustling navigator, left yesterday morning for Windsor to pilot the new tug "Fortune" to Chatham. This tug is a fine craft 70 feet in length, costing \$10,-000, and is coming in for boiler repairs. The barge "Juno," of Windsor is also coming in for repairs. The beautiful steamer "Lincoln," of Pelee Island, is also coming in for boiler repairs. Park Bros. have all these contracts. The fall weather this year is an exception and affords the farmers a good opportunity to harvest. A few days ago a few robins were seen upon the green lawns of the Maple City. This goes to prove our beautiful season. "But look out, boys, its coming!" "What? Christmas," and not a green one, either.

Narrow Chests.

The old theory that consumption was inherited is utterly discredited by modern medical science. The germs of consumption must be received from without. These germs are every where.

throw off disease.
