THE COAL FAMINE.

Eighteen Cars Sent From Winnipeg to Help Relieve Famine.

Winnipeg, Nov. 27.—Hon. Walter Scott and Hon. H. Motherwell arrived in the city last night and are arranging with the C.P.R. to send immediately fuel throughout Saskatchewan to relieve the needs of the west.

Eighteen cars were sent out yesterday to relieve the situation, which the Premier describes as desperate. In 41 towns out of 54 there is absolutely no coal, while in the whole province, there is, said Mr. Scott, only six hundred tons, while there is needed up to January fully 35,000 tons. There is already great suffering at many points.

LIKE A THIEF IN THE NIGHT.

That's how pain comes. We sit near an open window, get stiff neck or sore back. Perhaps cool off too quickly after exertion—rheumatism develops.

Spend what you may, but money can't buy anything better than Polson's Nervine. Its penetrating power enables it to reach deep tissues—that's why it cures aches that all else can't touch. For outward application we guarantee five times more strength than in any other liniment. Inwardly it's harmless and as sure as the hereafter to ease at once. Don't accept a substitute for Polson's Nervine, which is the one great household panacea of today.

What Surprised Him.
The minister of a certain church was greatly exercised by the drowsy habits of his people. Taking them to task on this score on Sunday afternoon, he remarked: "I see a great many of you overcome with sleep. I do not wonder at it, for the weather is oppressive, your work is hard and many of you have come a long way. Therefore," he added, "I am not surprised to see many of you asleep, but what surprises me is to see many sleeping who have had such a comfortable sleep here in the morning."—Pearson's Weekly.

OH, FOR A CLEAR COMPLEXION!

A clear complexion is the outward evidence of inward cleanliness. In bad health the face becomes a sign-board, telling of disease within. If yellow, bile is not properly secreted; if pallid, the kidneys are faulty; if skin is murky and dark circles beneath the eyes, look for constipation. Whatever the cause, no remedy compares with Dr. Hamilton's Pills, which are mild, safe, purifying and vitalizing in their action. They give a marvelous rosy tint to the cheeks, brighten the eyes and establish health that defies age and disease. Sold everywhere in 25c. boxes.

The Dresser Drawer.

The girl who throws everything in a mix-up jumble in her dresser drawer is paying dearly for her lack of care, for it is like throwing money out of the window to fail to keep one's dress accessories as neat and nice as they possibly can be kept. Anyway, the mere desire to keep oneself and one's belongings neat and tidy should be a sufficient incentive for these small attentions.

THIS TONIC BUILDS UP.

Many medicines stimulate, break down, leave you worse than ever. Ferronine is different—it's a blood-former, a nerve-trengthening, a body builder. Pale anaemic girls are given color and vigor. The tired and sleepless are strengthened and restored. "Better than all tonics," I found Ferronine," writes Mrs. F. F. Castleton, of Woodstock. "I was completely run down, cheeks were blanched, lips white and had every sign of anaemia. Ferronine added to my weight, gave me strength, ambition and good health. Nothing better, try Ferronine yourself, 50c. per box at all dealers.

GOVERNMENT DELAYS ACTION

Laurier Admits Their Impotency To Deal With Western Question

A HELPLESS MINISTRY

Ottawa, Nov. 28.—In the House yesterday, R. L. Borden called attention to the Lethbridge coal strike, and the serious coal famine now prevailing in Saskatchewan. Had the Government under consideration any measures to relieve the situation?

Sir Wilfrid Laurier replied that the latest advice received by the Minister of Labor indicated an immediate settlement. In events of this hope, not being realized, it was difficult to say what could be done by the Government. He would be glad to receive any suggestions.

Seize the Mines.
Mr. Borden suggested that the Government take over the mines and furnish fuel to prevent suffering and death to so many people.

Sir Wilfrid thought that this would be a very high-handed proceeding. He frankly stated that under no circumstances would the Government lay hands on private property.

Mr. Borden ridiculed the Premier's "philosophic calm" in the presence of so much impending suffering and possibly death.

May Settle Strike.
Mr. Lemieux, Minister of Labor, announced that he had received a despatch from MacKenzie King, announcing that negotiations were progressing rapidly and favorably towards a satisfactory settlement of the great coal strike at Lethbridge.

In reply to a question, Sir Wilfrid Laurier stated that Hon. Sydney Fisher was acting as Minister of Public Works.

The Address Passed.
The House gave little less as the debate on the address progressed, although Archie Campbell, whose speech faintly suggested a candidate's sermon upon trial for a call to the Ministry, was loudly applauded as he closed with what Dr. Stockton afterwards called a "venerable peroration."

Mr. Broder (Dundas) warned the House that electoral reform must begin at the top. The election crooks could not have operated at London without the knowledge and consent of Mr. Hyatt, he said.

Col. Tisdale made an excellent speech, entirely free from partisanship. He advocated the return to open voting. Labor to day was so powerful and respected that no employer would dare to intimidate his employees.

Dr. Stockton closed the debate, and after the usual formal motions and a notice of motion for Thursday to take up the budget and to go into supply, Sir Wilfrid Laurier moved that the House adjourn.

The population of the two new prairie provinces, as shown in the quinquennial census, means that in the proposed readjustment of their Parliamentary representation this session, Alberta will probably be given seven seats and Saskatchewan ten. At present both of them together have ten members.

Canada's Debt.

The public accounts for the fiscal year ended June 30, 1906, show the revenue of Canada to have been \$30,139,360, the expenditure was \$37,240,640 on consolidated fund, and \$16,037,000 on capital account, which, allowing \$2,318,000 placed to sinking fund account, means a net addition of \$318,841 to the public debt for the year. The net debt is now, therefore, \$267,042,977.

Senate Passes Address.
After speeches by Hon. R. W. Scott, Hon. James McMullen and Senator Coffee the address was adopted.

RUSSIAN EDUCATION REFORM.

Minister Kauffman Submits His Plan to the House.

St. Petersburg, Nov. 28.—The Minister of Education, M. Kauffman, has just submitted to the Cabinet a plan for the reform of the primary educational system of Russia, which, next to the agrarian reforms, is recognized as the gravest problem confronting the Russian Government.

The most important feature of the Minister's proposals is one providing for the abandonment of the old policy, which, in accordance with the dictum of M. Pobedonostzeff, ex-procurator-general of the holy synod, that education was synonymous with revolution, threw hindrances in the way of the efforts of the zemstvo and private persons to spread elementary knowledge among the ignorant masses of the Russian peasantry, and even imposed veto on instruction being given in history and other similar branches of education.

M. Kauffman recommends instead that the central Government support, materially and morally, all such efforts and assume the payment of minimum salaries to teachers in the popular schools opened by the zemstvos and other local administrations. As the greatest difficulty in the way of a speedy institution of general, obligatory elementary education is the lack of capable teachers, the Minister proposes to enlarge, at the state's expense, the number of schools where teachers are educated, and to increase the allowances made to the existing institutions.

In regard to the schools for the non-Russian population, the Minister proposes to permit elementary education being given to pupils in their mother tongue, on the condition that the teaching of Russian history and geography must be in Russian.

CANADIAN WOMEN FIND RELIEF
The Case of Ellen Walby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely?

Ellen Walby

Thousands of Canadian Women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Ellen Walby, of Wellington Hotel, Ottawa, Ont. writes: "Your Vegetable Compound was recommended to me to take for the intense suffering which I endured every month and with which I had been a sufferer for many years getting no relief from the many prescriptions which were prescribed, until finally becoming discouraged with doctors and their medicines I determined to try Lydia E. Pinkham's Vegetable Compound, and I am glad that I did, for within a short time I began to mend and in an incredible short time the flow was regular, natural and without pain. This seems too good to be true and I am indeed a grateful and happy woman."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, that "bearing down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

LIFE SAVING IS FOR GLORY.

Government Doesn't Pay Very High For Life Boat Crew.

Toronto, Nov. 27.—Hon. Mr. Broder, Minister of Marine, has wired Mayor Coatsworth:

"Regret unable to assist in search for bodies of men lost from wreck in Lake Ontario, as such action is entirely outside province of this department."

The Government have awarded the lifeboat crew which saved those on board the Reuben Dowd last summer with \$3 per man and \$5 for Capt. Ward. They are paid at the rate of \$2 per adult and the occurrence is styled as such.

The Department of Marine and Fisheries "maintains" the boat and crew, Capt. Ward, who is in charge, receives \$75 a year for his services. He is entitled to a crew of six men and the Government regulations say that they may hold 14 driftrails from May to November, for each of which they are paid \$2 apiece, so that the crew gets \$28 for the season.

Peace rules the day where seasons rules the mind.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. M. M. Summers, Box W. 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if you children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

ALL PROFIT, NO RISK.

By the way, who was the best man at your wedding? The person seemed to be feeling the best. You see, it was all profit to him, and no risk whatever.

STOMACH TROUBLES

To wrong action of the stomach and impaired digestion a host of diseases owe their origin.

When the food is imperfectly digested the full benefits is not derived from it by the body, and then stomach troubles start to appear.

Thus you become thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vigor are lost and in their place come dullness, dizziness, loss of appetite, depression and languor. The great point is to get the stomach back into good shape again so it can properly digest the food, and the easiest, quickest and best way to do it is by the use of

BURDOCK BLOOD BITTERS

Miss Lizette Parlette, Jacques River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful cure Burdock Blood Bitters had made with her and advised me to try a bottle. I did so, and what a happy change followed. I took two more and am completely cured, and I shall ever sing the praises of B.B.B." Prices \$1.00 per bottle or 6 bottles for \$5.00.

STR. JONES IS LOST

Message From Christian Island Indians Gives No Hope

FOUNDERED IN STORM

Owen Sound, Nov. 28.—It is practically certain that the last has been seen of the steamer J. H. Jones.

Last Thursday afternoon the steamer, which belongs to the Crawford Tug Co. of Wiarton, left Owen Sound on her regular trip to Peninsula and Manitoulin Island ports. It was her last trip of the season, and she carried a very heavy load of freight, besides twelve or fifteen passengers. She was reported as passing Griffith's Island and Cape Croker Lights the same evening, and is said to have been seen on Friday off Barton Bay.

Nothing further was heard of her, though she should have called at Lion's Head, for which place she had a quantity of freight and a number of passengers. Messages were sent in all directions, but without result.

Message From the Indians.

The owners hoped the steamer was lying in shelter, so did not give up hope, but yesterday afternoon a message was received stating that Indians had found wreckage and a lifeboat from the missing steamer, cast upon Christian Island. It is therefore almost a certainty that she has foundered.

The Jones was under command of Capt. James Crawford, one of the owners, and carried a crew of 12 men. Among the passengers were J. T. Donaldson, manager, W. Iverson Fish Co.; Mrs. Lyons and her son, Mr. Alex. Lyons, of Owen Sound.

Gloom at Wiarton.

Warton, Nov. 28.—This town is sunk in gloom. The coasting steamer J. H. Jones, owned by the Crawford Tug Co., it is now conceded, foundered off Cape Croker on Thursday afternoon and all hands were lost. The crew consisted of 12, all from Wiarton, and the blow to the town is a severe one.

The Jones, which plied between Owen Sound, Wiarton and Manitoulin Island ports, was one of the staunchest boats on the Georgian Bay, and was commanded by one of the best and most experienced men on the lakes, Capt. Crawford.

Two Bodies Found.

Part of the cabin, a lifeboat and two unidentified bodies have been found by Indians on the north shore of the Christian Island. Boats are now out from here, Owen Sound, Penetanguishene, and Parry Sound, looking for survivors and wreckage, and it is hardly likely anything or anybody will be found.

The boat carried a good list of passengers, and the following crew: Capt. J. V. Crawford, Mate, E. Leonard, Wheelman W. Ross, Geo. McEwan, Engineers Chas. N. Shaw and W. Sadler, Firemen Tom Simmons, L. Shummonds, L. MacVittie, Deckhands Jas. Tilley, George Smith, Cook Frank Jackson and Assistant Cook M. Clark.

The Passenger List.

Coasting boats carry no booking list, and there may have been one or two more passengers than the following, which are known to have been on board: T. J. Donaldson of Owen Sound, Alex. Lyons and Mrs. Lyons, his mother; Mr. Fox Frank Felon, George Felon, Mr. Thomas, Mrs. Allen, I. M. Wagg, all of Tobermory; Dan McIvor of Providence Bay and three unknown men on their way to Manitoulin Island to work for Capt. Graham.

PERISHES FROM EXPOSURE.

Prominent Blenheim Barrister Loses Life While Out Hunting.

Blenheim, Nov. 28.—Barrister R. M. Thompson, B.A., of this town, in company with George Carnes, Wm. Henry and Mr. Craig of Springfield, went out on Rondeau Monday morning, each in separate boats, and decided to row across to East Eriean. The way over the deceased became parted from his companions and did not turn up at Eriean. A search was instituted, and kept up all night without result.

Parties set searching again yesterday morning, and about 9 o'clock the body of the missing man was found in his boat by Wm. Henry and Thomas Taylor. The boat had a hole in the bottom, the gun evidently having gone off, and it was hauled up some ten feet above the water. Thompson was not a hardy man, and must have perished from exposure during the night. Coroner Hanks is fully convinced that in trying to plug up the hole in the boat with his coat he lost his ears and paddle and was left at the mercy of the wind and waves, and died from exhaustion.

The deceased lawyer was an art graduate at Toronto University, and has been practicing here for about ten years.

ONE DROWNED; ONE SAVED.

Young Men Upset From a Canoe During Monday Night.

Parry Sound, Nov. 28.—Albert Buchner, about 21 years old, was drowned here Monday night at 10 o'clock.

He was coming over from the west end with Isaac Hall, the wharfinger, in a canoe. The craft upset. After a short struggle Buchner sank, but Hall hung on and shouted for help, his cries were heard and men from the steamer Minnie M. put out in a boat and rescued him. He was unconscious when brought in, but was restored by medical aid. The body of young Buchner has not yet been recovered.

BOY CRUSHED TO DEATH.

Drawn In First Between Spindle and Revolving Platform.

Charlottetown, P.E.I., Nov. 28.—A terrible accident occurred at Richmond.

Tweed Barrow, aged 14, while working around a thrashing mill, was caught by the fly wheel spindle and drawn in feet first between the spindle and the revolving platform.

Before the mill was stopped the whole body of the unfortunate boy was drawn in, the terrible crushing and mangle process being stopped only when the head had passed through. He died five hours later.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
